Re: Remote Instruction Days

The Kentucky General Assembly met in Special Session on September 7-10, 2021, passing SB 1 as law. The law authorizes school districts to use up to 20 days for remote instruction pertaining to significant absences of students or staff due to COVID-19. The law requires a school board to authorize use of these days prior to the superintendent's use of these days.

It is hereby requested that the Bullitt County Board of Education authorize the Superintendent to utilize remote instruction days, as necessary due to significant COVID-19 students or staff absences.
