Adult Meal Price and the Administrative Review

Part 1

As of July 1, 2021, all SFA's in KY were expected to:

1. Meet the minimum NSLP rate, or
2. Have a plan in place to be reimbursed the amount needed to meet the minimum NSLP rate without using food service funds, or
 - The minimum breakfast price before Oct. 1: \$2.63
 - The minimum lunch price before Oct. 1: \$4.01

If one of the 2 options listed above in Part 1 were not in place to meet the minimum NSLP rate before Oct. 1, 2021, a finding will be given.

Part 2

On October 11, 2021, information was provided in the Weekly Update updating the minimum requirement for adult meal prices. The adult meal price should be adjusted as soon as possible. A statewide minimum adult meal price to meet the minimum requirements for SSO are:

- The minimum breakfast price is: \$2.73
- The minimum lunch price is: \$4.58

SFA's have until December 17, 2021, to:

1. Adjust their adult price to meet the statewide minimum adult meal price and submit documentation to verify the requirement is met, or
2. Have a plan in place to be reimbursed the amount needed to meet the statewide minimum rate without using food service funds.

If one of the 2 options listed above in Part 2 were not in place to meet the statewide minimum adult price by December 17, 2021, a finding will be given.

If neither requirement is met by the required date only one finding will be given in the AR.
