

BMS/BHS Monthly Board Report
October 2021
Tiffany Hicks

THANK YOU, BOE MEMBERS!

- As always, thank you for your continued support in all of our endeavors!
- I appreciate the opportunity to attend the working session and speak on our student advisory and graduation requirements.
 - Our student advisory members loved it and look forward to partnering with you more in the future.

NUE VUE / CREDIT RECOVERY

- We have 36 students actively participating in the virtual / hybrid option.
- 34 credits have already been recovered by our students!
 - I know I say it every report, but Mr. Bezold and Ms. Brun are rocking it!

INSTRUCTION

- The instructional team is focusing on student engagement during our informal walk-throughs. We are planning to visit a few classrooms all together to calibrate our own definitions of student engagement.
- The teachers are partnering with Amelia Powers - Brown from NKCES and our instructional coach to work on writing strategies in all content areas.
- WIN (What I Need) is up and running for MS and HS!
 - HS students are being responsible and self-sufficient by signing up for classes through Enriching Students.
 - MS students are placed in enrichment or intervention classes based on MAP data.
 - Enrichment rotations are 1 week
 - Targeted interventions are for 4 weeks

BUILDING / CONSTRUCTION

- Our sinks and toilets for the new bathrooms have arrived! The new bathrooms should be ready during the first or second week of November.
- We did experience some flooding that caused a few teachers to be displaced. I want to thank Mr. Tosolt, Ms. C. Riley, and Ms. Hunsberger and their students for being flexible and adapting to a new environment for two days.

TRANSITION READINESS

- The college and career fair was a huge success! We had over 40 colleges, vocational schools, and armed forces representatives.
 - A big thank you to Mr. Pelgen, Mr. Stamm, and Ms. McDougall for planning and executing our first one since 2019.
