RE: Certified Instructional Tutor

PGE would like to utilize ESSER learning forward funds to hire a certified instructional tutor to help provide literacy instruction and interventions for students who have been identified as needing Tier 2 and Tier 3 support. We will be able to hire someone for five hours per day for sixty-six days.

We currently have one certified interventionist as part of the Math Achievement Fund but they can only provide interventions in the area of math. With the challenges and loss of instruction due to COVID-19 our students would greatly benefit from more direct instruction and intense interventions. Allowing us to hire this position will create more opportunities for the certified teachers to provide direct and targeted instruction to those students.
