Consent Agenda Item (Action Item): Seek emergency certification for teachers.

Applicable State or Regulations: 16 KAR 2:120 Emergency certification

Fiscal/Budgetary Impact: None

History/Background: We have filled vacancies with teachers who have alternative teaching certificates issued by the Educational Professional Standards board, however they were content specific. In order to meet content specific needs of students for classes offered, it is necessary to seek emergency certification for these content/grades ranges. Additionally, we have filled positions with teachers who have full admittance to M.A.T. programs and delay of university paperwork to the educational standards board requires the emergency certification to meet state timelines.

Recommended Action: To approve the request as presented.
