RE: ESSER Learning Forward Position: Certified Teacher

NES would like to utilize ESSER learning forward funds to hire an additional certified teacher to help support student learning gains. This individual will work 7.25 hours a day, one day a week for the remainder of the 2021-2022 school year for a total of 22 days. We currently have a reading interventionist assisting K-2 students in reading. With this additional position we can support more primary students who are learning to read, and also support intermediate students as they read to learn in the content areas.

With the challenges of instruction due to the learning gaps caused by the COVID 19 PANDEMIC, this would greatly benefit our students who have fallen behind.
