

Adult Meal Price and the Administrative Review

Information was provided from KDE's in our weekly email about updating the minimum requirement for adult meal prices. The adult meal price should be adjusted as soon as possible. A statewide minimum adult meal price to meet the minimum requirements for SSO are:

- The minimum breakfast price is: \$2.73
- The minimum lunch price is: \$4.58

Based on the information from KDE, I recommend that adult breakfast price be increased to \$2.75 and adult lunch price be \$4.60.
