2. Crusade Grant Rules

Crusade Grant Rules

Grant Year - The grant year is from September 1, 2022 to August 31, 2023. Grants will be made only for programs or projects that can be completed in that time frame. Grants cannot carry over from one year to the next unless there are approved extraordinary circumstances.

Grant Scope

- Grants will be awarded only to programs implemented by non-profit agencies, schools, and hospitals whose primary function is the treatment or education of children with special needs 18 and under. Grants will not be awarded to individuals or for the benefit of a single child.
- Grants are awarded for specific purposes and programs. Agencies must request approval to change the purpose of the grant. Any savings realized will be retained by the WHAS Crusade for Children.
- Grants are awarded to support salaries for persons who work directly with children with special needs and not to support any remuneration beyond salary (including travel, benefits, and training). Grants will not be awarded for salaries for administrative services.
- Grants must focus on direct services to children with special needs. Grants will not be awarded to requests that focus solely on parents, other family members, or are strictly

research
based.

- Grants that address the socio-economic special needs of children will be reviewed through the filter of the primary mission of the WHAS Crusade for Children to address the physical, medical, mental, and emotional needs of these children.

Geographical Consideration - Crusade grants must be spent entirely for children in Kentucky and Indiana. No part of a grant may be sent to an affiliated national headquarters. Whenever possible, grants to Kentucky agencies are made from contributions given by the people of Kentucky; and Indiana contributions are allocated to agencies in Indiana.

Repeat Grants - Being awarded a Crusade grant one year does not guarantee the agency will receive further grants. Applications are studied individually and will be considered along with all other applications each year.

Public Accountability - The Advisory Panel insists that the public be kept informed about how contributions are used. When funds are used for building projects, purchase of vehicles or installation of equipment, the Advisory Panel requires that an appropriate marker be placed to identify them as gifts from the Crusade. (These markers are not paid for by Crusade grant funds.) The Panel also expects agencies receiving Crusade grants to credit the WHAS Crusade for Children in any publicity about those projects. If the funds are used to purchase equipment, vehicles or construction, please send a photo of the equipment, vehicle or construction along with a close up shot of how it is marked as being provided by the Crusade.

Lending Equipment - Grants awarded to provide equipment (to include animals) or services for an individual or a child's family must remain the property of the agency, school, or hospital. It can be loaned through an agreement for a designated period of time. At the end of the agreement, equipment must be returned or a new agreement established.

Vehicles - When buying a vehicle, the Crusade will not pay for insurance, license and transfer of title or any other expense connected with buying a vehicle.

Insurance - Equipment, buildings and vehicles purchased in whole or in part with Crusade funds MUST BE FULLY INSURED.

Buildings - Applications for building projects must include cost estimates based on an actual bid from an architect or contractor. Agencies receiving Crusade grants for remodeling or construction of a building should require the general contractor to post a performance bond as well as a bond covering payment to all subcontractors.

Grant Payments - When a grant is made, the money involved is retained by the WHAS Crusade for Children until its terms have been met by the applying agency. An AGENCY REIMBURSEMENT FORM must be accompanied by related vendor invoices. Agencies must pay all bills and then request reimbursement from the Crusade. The deadline for reimbursement requests is September 15, 2023.

Salaries - The Crusade does not pay benefits or employer payroll taxes. AGENCY REIMBURSEMENT FORMS must be filed with each reimbursement payment. The Crusade requires:

1. Accurate time sheets with hours worked and rate-of-pay or
2. Payroll registers/statements containing each person's name, payroll employee number, rate of pay and hours worked

Grant Priority - Each year, more money is requested by agencies than is available. Therefore, first priority will be given to agencies serving children in Kentucky and Indiana counties where residents support the Crusade.

The WHAS Crusade for Children does NOT pay for the following items:

- Overhead costs, such as administrative positions, postage, copies, etc.
- PR or public awareness campaigns

- Benefits or any portion of employee benefits
- Extended warranties or installation for equipment of any type
- Taxes (the Crusade only funds tax exempt agencies who should only pay limited or no taxes)
- Shipping or freight expenses

4. Grant Information

2022-2023 Grant Information

1. REQUESTED AMOUNT: State the dollar amount you are requesting in this grant application.

45000

2. PROJECT TITLE

WHAS Crusade Grant 2022-2023

3. BRIEF PROJECT DESCRIPTION: Summarize in 100 words or less.

The primary purpose of this school years WHAS Crusade Grant is increasing the level of success demonstrated by students with special needs in all aspects of life. In Spencer County Schools, we strive to assist students in developing independent skills through the incorporation of technology and other resources in a collaborative environment. Given the appropriate support from the district staff, all students can be successful. We are requesting technology and other materials to help build the foundation to support student success.

4. EXPANDED DETAIL: In the space below, include expanded details of the project. (1,000 word limit - approx. 2 pages)

Spencer County Public Schools provide a wide range of educational services to students with a variety of disabilities. Our goal is to provide services in the individual students least restrictive environment. These can include collaborative services, resource classrooms, self-contained classrooms, and alternative settings.

The special education staff challenge each student to work towards achieving individual success. Teachers support student achievement in all areas, with a focus on incorporating the use of technology and other resources to promote independence and enhance fundamental reading, writing, and math skills. In addition, related service personnel collaborate with teachers to provide services for students to further develop the skills necessary to accomplish their individual education program goals.

The biggest portion of this years grant revolves around technology. These items will provide students and staff the necessary resources to enhance the educational experiences of special needs students. Our technology department is trying to get all programs/ departments on a 4 year rotation of technology within the school district. Overtime, they have found that updating the devices past 4 years has become extremely difficult/ time consuming and in some cases impossible. This years requested technology items will help us to get the students the newest and most up to date technology in their hands.

The secondary portion of this years grant is centered around items that are needed within our therapy programs and within our classrooms. From programs that allow students access to learning materials to alternative seating to basic therapy item needs, these materials will benefit our students in their daily educational experience within the classroom. There will be more detail on all of these items in the attached "WHAS Request Details" document.

5. STATEMENT OF NEED: Summarize in 100 words or less why this grant is needed.

Spencer County Public Schools continues to grow at a rapid rate. Since we border Jefferson County, we see the movement towards the "suburbs" or "country" first hand. Along with this growth, we are serving more and more students with special needs. This growth makes resources for students tight and potentially sparse depending on the need of the student. The WHAS

Crusade Grant allows us to get the necessary resources for our students in the quest of making them successful in and out of school. The requested resources will serve all of our special needs students in some way.

9. Describe how your request meets the Crusade's mission to help children overcome physical, mental, emotional and medical challenges.

The Crusade's mission, "To help children overcome physical, mental, emotional, and medical challenges" is much like our own district ECE mission. In Spencer County Public Schools we have a team of professionals dedicated to providing services for students who need specially designed instruction. Our goal is to help these children overcome their limitations and challenges in the hope that they will achieve at high academic levels and become productive citizens of society.

The items requested are going to be used to help children overcome not only their limitations and challenges, but also allow them the opportunity to access the curriculum in all settings. With our quickly growing student population resources can be sparse for all students and this grant is always a much needed funding source to help our students.

8. How will you proceed if the Crusade does not fully fund your grant request.

All items will be funded as finances allow.

9. Explain how the success of this grant will be measured.

Spencer County Public Schools measures individual student success through a variety of measures including state, district, classroom, and individual assessments. These assessment tools provide us with valuable information on progress as related to the integrity of core instructional programs and the instructional supports in place such as: technology and other resources.

Furthermore, individual student progress in achieving IEP goals and objectives act as an effective measure for determining the success of programs/ supports selected for providing intense instructional supports based on individual student needs. These student needs include, but are not limited to the physical, educational, and therapeutic supports requested as part of this grant.

10. If you received a Crusade grant last year, briefly describe the success of the grant, including your outcomes and how they were measured. Please share specific examples.

We received a grant in the amount of \$30,000 for the 21-22 school year. This was a technology based grant, which has helped replace some of our older laptops and student computers. It has also helped us prepare for potential virtual instruction if there arises another needed time.

The resources that were provided through the WHAS Crusade Grant allowed our special needs population an opportunity to access the curriculum in all settings. We want to thank the WHAS Crusade for Children for providing the necessary money to fund some of the projects that we needed so desperately in our rural, but growing county.
