Hello Counselor Chenoweth,

In one of the Defendant's interrogatories, I believe it was #6, I was reminded of a video that was broadcasted to the students, perhaps by way of email that teachers were encouraged to show their students. I need that video. I believe either Ms. Day or Mr. McClelland was the one who sent it. In hoping to jog a memory about the video, I am sending part of my response to the interrogatory. I look forward to your response with a copy of that video.

Thanks
