## About

Share space with change-makers like you who are in search of a collective experience to highlight current triumphs and challenges, leverage student voice, and move from aspiration to action.

Started in 2013, Deeper Learning is more than a conference. The depth of dialogue, reflection, and inspiration is focused on building a movement that catalyzes educators toward collective and transformative action.

DL22 is a collective experience rooted in radical joy where our community can gather to define a vision for amplifying deeper learning and transformative liberation in schools and communities across the globe.

The event launches Tuesday, 3/29 at 1p and concludes Thursday, 3/31 @ 1p.

Whether you want to dive into workshop sessions, engage with educational luminaries in the den talks, or be inspired by dynamic keynotes, DL22 offers you voice and choice in how you spend your time.
