Consent Agenda Item (Action Item): Consider / Approve Open-End (Equity) Lease Rate Quote negotiations to lease a passenger van to transport students to assist with meeting post-secondary transition needs for students to become transition ready. (Job Shadowing, On the Job Training, Career Exploration, and Post-Secondary Institution activities that coincide with the CWTP- Community Work Transition Program implemented by Floyd County Schools Employment Specialists.

Applicable State or Regulations: General Powers and Duties of the Board (01.11)

Fiscal/Budgetary Impact: General Fund would cover the monthly rental for a passenger van with third row seating. The monthly rental was estimated to be 2,267.58. The exact rental fee for the van will be this amount or less. The leasing company Enterprise was unable to give us an exact quote at this time for a specific van due to automobile availability and shortages. Once they are able to meet this criteria they would contact for finalization.

History/Background: This van would primarily be utilized by students to meet transition readiness requirements. Students participating in the CWTP- Community Work Transition Program from each high school will need to be transported individually and or in small groups with para educator support as needed for the Employment Specialists to seek reimbursement for the transition activities occurring through the CWTP Program / Vocational Rehabilitation. When the van is not being utilized by students for transition purposes the van will be utilized by instructional staff to conduct school visits, attend trainings, and attend meetings.

Recommended Action: To approve lease rate quote negotiations with Enterprise for a passenger van with third row seating from Enterprise Fleet Management.
