Address:	6925 Hwy 44 East
City:	Mt. Washington
State:	KY

Destination

Name:	Mammoth Caves National Park
Address:	1 Mammoth Cave Parkway
City:	Mammoth Cave
State:	KY

Lesson Plans

06-ESS2-4-Students will construct a scientific explanation based on evidence from rock strata for how the geologic time scale is used to organize Earth's 4.6- billion-year-old history.

06-ESS2-2-Students will construct an explanation based on evidence for how geoscience processes have changed Earth's surface at varying time and spatial scales.

Students will have taken notes and done several activities and projects, prior to this field trip. Students will observe first hand many of the phenomena that they studied during this unit. When we return, students will use their schema to explain how the caves were formed.
