FBLA Lesson Plans

April 19th - 20th, 2022

We would like to provide the opportunity for our students to experience the FBLA Leadership Night in Nashville. After talking to the Predators organization, we are following the same plan as we would for the Nashville Predators Future Business Leaders of America Leadership Night. We will be taking a tour of the Bridgestone Arena. The Predators employees will discuss career opportunities in the business/sports industry. They will also discuss career tips and info that will be useful for our students moving forward. We will also look at the marketing and social media side of the business and how that impacts the organization.

We will also tour the Corvette Museum. While there, we will be looking at different career opportunities in this industry. There will be an opportunity for questions and answers for both organizations.

We will have a variety of guest speakers at both places to speak to students about the opportunities for their future, including skills necessary for any job in the workplace.

We will meet academic standards, end of program standards and career studies standards.

We will meet the following standards:

C.H.1 Explore various post-secondary options related to chosen career cluster or pathway.

C.H.3 Examine a variety of resources available in selecting and planning for various occupations in a career cluster or pathway

C.H.6 Explore opportunities to develop skills needed to obtain and retain a job/career (e.g., visiting postsecondary institutions, apprenticeships, internships).

C.H.7 Evaluate a chosen career, including educational requirements, skills necessary to perform the job, potential earnings and job outlook in a geographical area.

We will be exploring a variety of post-secondary options. Both places will discuss options as students move past high school. They will also discuss plans that students can have moving forward with different careers. Students will explore careers in different fields, including sales, management, accounting, marketing and advertising. They will be able to discuss the requirements for these careers and opportunities they could take advantage of to obtain these careers.

This trip will also allow us the opportunity to demonstrate leadership skills and discuss the impact of these skills for students.
