

Dayton Independent Schools  
Computer Equipment Disposal Release

Dayton Independent School's Department of Information Technology has sanitized the computers of information and/or software owned by the district and removed all inventory tags. This is to certify the disposal of this computer equipment will be in accordance with the Kentucky's Hazardous Waste Regulations pursuant to the Resource Conservation and Recovery Act of 1976. It is understood that the computer equipment should not be dropped off in a trash receptacle and must be taken to a reputable recycler for disposal. By signing this release, the recipient agrees to release the Dayton Independent School District from any and all disposal liability. The recipient accepts full disposal liability if the computer equipment is found to have been disposed of improperly.

Dayton Independent Schools use the following company to properly dispose of old and/or non-working technology equipment. Dayton Independent Schools is providing this information as information only and not as an endorsement.

Apex Technology Solutions
