Spencer County Board of Education
Official Custodian of Records

Comes the Petitioner seeking the following records:

1. The video/audio recordings of the camera system installed and operating in the Spencer County High School. Specifically, the camera(s) footage that would have documented a school altercation/fight on Tuesday 01/25/2022 at 10:15 A. M. The specific cameras may be determined to be located at the "Main Intersection" close to the gym. The #1 camera placement and position, as observed appears to be facing down towards the intersection to the right of the gym back doors. The #2 camera appears to be looking at the intersection.

Petitioner is requesting that the length of the video/audios on all responsive cameras showing the altercation shall be 30 minutes before the altercation and 1 hour after the altercation.

Petitioner invokes notice on the agency to immediately capture and secure the requested video/audio footage, so as rewriting of the video does not occur, thus destroying the "Document". As well, Petitioner requests that the video/audio be preserved until all legal processes/challenges have been concluded and final resolution has been obtained.

2. Those documents that have been created by the school system or it's representatives, pertaining to this altercation/fight. The documents sought shall include but are not limited too, reports, suspensions, interviews and investigations conducted to date.

3. The policies and procedures of the Spencer County School District pertaining to altercations/fights, students rights to defend themselves against attacks/assaults, students rights and due process to challenge

suspension/penalties imposed on them by school administrators and those documents that affirm that each student has been provided these policies and procedures and understands them and their rights.

Petitioner requests that the responsive documents be returned via e-mail to the above address in a PDF format or similar and that the video/audio be formulated onto a DVD for personal pickup.

If this is not an option, Petitioner invokes KRS 61.872 (3) upon agencies response.
