RECOMMENDATION:

Re: Instructional Time for the 2022-2023 School Year 702 KAR 7:125 Pupil Attendance

The Kentucky Department of Education requires a School Board Order of Approval regarding district instructional time. Therefore, in accordance with Board Policy 08.31, I am recommending Boone County Schools have a minimum instructional day of 6 hours and 15 minutes.

By increasing the instructional day an additional 15 minutes, we are bringing continuity to the schools' instructional schedule allowing for more instructional time to be provided to our students during the school day. The added time will also allow for additional days of professional development for staff and flexibility within the school calendar.

I recommend the Board approve this adjustment to the instructional time for the 2022-2023 School Year per 702 KAR 7:125 as presented.
