City:	Shepherdsville
State:	KY

Destination

Name:	Speed Art Museum
Address:	2035 S 3rd St
City:	Louisville
State:	KY

Lesson Plans

Cn11.1.4 “ I can, through observation, infer information about time, place and culture in which a work of art was created.

Re7.2.4 “ I can analyze components in visual imagery that convey messages.

Before trip : Students will thoroughly discuss field trip expectations, with a focus on proper etiquette for visiting an art museum. Then we will break into small groups to review the various cultures that we have studied this year.

During trip : On this interactive tour, students will travel the galleries and explore the relationship between works of art that span the globe. Through writing, drawing and movement activities, students will come to better understand the fascinating differences and beautiful similarities between works of art from far-away places.

After trip : Students will pick two pieces of art that they saw at the museum. Students will create a venn diagram (with a sketch of each artwork) and compare and contrast the two pieces.
