Lesson Plans

PREDICTING

I donâ€™t know what it is but students LOVE predicting what they think will happen next in the story. It is almost like a game for them. It makes me so excited to see students engaging in the text the very first time they hear it.

CAUSE/EFFECT

What a great story to teach or review cause and effect with your class. During whole-group instruction, create an anchor chart to display the cause and effect throughout this story. Extend the understanding by having students complete their own as well.

VOCABULARY

One of the vocabulary words for this book is Samaritan. What a great word for students to know!

MAKING CONNECTIONS

Making connections with a book help students to build comprehension.

AUTHOR'S PURPOSE

It is important to teach students that authors write for a reason. This would be an excellent reading response to do as a class.
