AGENDA

I. Call to Order

A. Call to Order Mr. Carl Wicklund, (Chairperson) and **Roll Call** (Secretary)

B. Moment of Silence and Pledge of Allegiance

C. Recognition

**WOW AWARD
Paul Bowersock
Bus Driver**

The Fisk family would like to recognize Paul Bowersock, bus driver, as an amazing and caring individual. He has helped our daughter feel calm on her morning ride to school. Our children are excited to see him coming down the street. He goes above and beyond to drop off lunch boxes left behind and has shown genuine concern for our children. He is an excellent role model for children to see in the morning and a terrific way for them to end their day.

**WOW AWARD
Sarah Steffen
Student Information Specialist**

I would like to formally recognize Sarah Steffen as a staff member who regularly goes above and beyond what is expected to achieve excellence. Sarah consistently surprises me with her attention to detail and genuine concern for doing the job correctly and efficiently, and with the utmost respect and empathy for those who are doing the work in the schools. She is pleasant to work with, knowledgeable of her subject matter, and is willing to work tirelessly on areas she needs to learn more about. She goes beyond merely letting me know what I need to do, but is more than willing to roll up her sleeves and help with difficult tasks. Let me describe one incident this year.

With the creation of the Academies into its own entity in regards to grading, grades have to “sync” overnight to the home high school in order to print on report cards and post to transcripts. This magic only happens if all classes on the Academy and school side are set up correctly. Sarah spent hours verifying that the course setup was correctly on both sides, and supported each school to make sure the adjustments were made.

I am very glad to have her as a support person, and I hear this type of praise from many of my colleagues. Rob Maddox, Guidance Counselor, Dixie Heights High School.

Consequently, we hope to continue this event to help our freshman make a successful transition to high school. However, unlike years past, we do not have funds available to cover the cost of activities, student material, and payment for staff working to facilitate and supervise the event. Project Construction Field Report

Project Name: Kenton County Schools – Guaranteed Energy Savings
Date: 06/26/17
Contractor: Fayette Electric, Dixon Electric, Freedom Electric, Maher Electric, Peck Hannaford Brigg Co.
Distribution: Chris Baker, Kevin Pfefferman, Danny Mann, Rob Haney, Roger Maybrier, Katie Lacy

Safety (06/26/17):

- Toolbox topic for this week was PPE and Heat Stress.
- We discussed wearing appropriate PPE for task at hand and making sure others in area are doing so as well. Additionally we discussed protocol for dealing with Heat Stress related injuries. As we prepare for summer proper hydration is one of our biggest concerns.
- There were no safety incidents this week.

Work Completed (06/26/17):

- Across the district we have retrofitted around 6300 fixtures with new led tubes and removed the ballast. Additionally since LED tube deliveries are running late we have around 400 fixtures retro fitted and are awaiting tubes only to complete. The only schools we have not started yet are as follows:

River Ridge Elementary

- Gymnasiums Complete are as follows:

Caywood

Simon Kenton XL Simon Kenton SML

RC Hinsdale

Summit View Middle & Elem.

Dixie Heights SML & Dixie Heights XLG

Piner

Whites Tower

Kenton Elem.

- Maher Electric will complete Summit View high output lamp installation Tuesday of this week. Maher will also be starting Rivers Ridge gymnasium this week as well. They have also have installed blue lighting in all of the known locations and will install last three rooms once we have students final schedule.

- Dixon Electric continues to work on lighting at Simon Kenton. They have taken advantages of areas that do not require lighting and retro fitted low output fixtures as well as installed all of their high output tubes. Additionally Dixon has completed Kenton Elementary gymnasium lighting.

- Fayette Electric completed both gymnasiums at Dixie Heights last week and will be moving back to Turkeyfoot to complete the gym lighting there this week.

Dixie Heights High School electrical re-feed conduit that is to be bored underground was coordinated last week and all existing underground piping was located by third party companies. Boring is scheduled to start and should be completed this week.

All glass tube installations were completed last week at both Dixie and Beechgrove. There are less than 50 fixtures to do at Beechgrove not including Gym and Cafeteria and there is a little over 400 remaining at Dixie Heights.

Power side at Beechgrove continued last week focusing on units outside classrooms.

This week's focus will be shifting toward main mechanical room and mezzanine area.

- PBH focused mainly on piping demo the first part of last week where asbestos was removed and since has started installing new building hydronics loop piping.
- PHB's subcontractors poured piers for new cooling tower last week and cored most all of their holes for new building loop piping.
- They have also have received the pumps and tanks as well as all other mechanical equipment last week.
- We have received all equipment now And Crane is tentatively scheduled for Wednesday of this week.

Thanks,

Larry Rhinehart

COMPLIANCE WITH BOARD POLICY

In the development and application of school policies as permitted by statute, schools operating under SBDM shall comply with those policies that fall within the authority of the Board, including but not limited to those prohibiting discrimination based on age, race, sex, color, religion, national origin, political affiliation, or disability.
