

BOONE COUNTY PARKS

March 31, 2022

Dear Superintendent Turner,

As you know, we are working for the families of Boone County by offering affordable, educational, and fun summer opportunities.

Using the Boone County School buses in the past has been very successful. I am hoping to partner with Boone County Schools again this summer. Most trips are planned. I am waiting to secure them until permission is granted by you and the BC School Board.

We would like to **set the rates at \$40/hour and \$0.75/mile**. Please let me know if this is approved.

Just a few facts I want you to know about our program:

- Based on our current enrollment, approximately 95% of our campers are Boone County students. The remaining 5% are from the local Parochial schools.
- The drivers are allowed to bring their children on our field trips, and we cover any entrance fees for the driver.

I look forward to hearing from you,

Sincerely,

Liz McBee
