### APPLICABLE STATUTE OR REGULATION:

KRS 157.420 (4), KRS 157.622, KRS 157.620, 702 KAR 4:180

### BACKGROUND:

*Existing Policy:*

In accordance with 702 KAR 4:180, each district must develop a local DFP at the completion of a four-year cycle or eight-year cycle (maximum) if the district applied for, and was granted, a waiver.

*Summary of Issue:*

The facilities planning process provides a DFP that contains an assessment of the school district's attributes and operations including the district profile, demographic information, facility conditions and finances (cost of delivery of services). Local school districts are required to select a LPC to develop a DFP outlining capital construction priorities.

Information reviewed in developing the DFP provides the LPC with a comprehensive view of program and facility needs required to provide an equitable educational opportunity. KDE staff provides the process to be undertaken by the district in an orientation package. Information for KDE review then is developed by the LPC and its consultants.

The LPC, by virtue of its makeup, encourages both community involvement and diversity of ideas. The LPC recommends a DFP to the local board. If the local board does not approve the DFP, it goes back to the LPC for further refinement. However, a DFP submitted for approval by the KBE is the final decision of the local board of education and may or may not reflect the determinations of the LPC.

The proposed submitted DFP's for the Bullitt County, Hopkins County and Warren County School Districts were recommended by the LPC and approved by the local board of education. Attached with each district's facility plan and hearing report are enrollment projections and histories with non-resident student data for the district.

*Budget Impact:*

While there is no impact on KDE funds related to the approval of the new DFPs, the Kentucky General Assembly historically has considered district facility needs in state appropriations, including the Support Education Excellence in Kentucky (SEEK) per-pupil Capital Outlay allotment as well as offers of assistance outside the KDE budget through the School Facilities Funding Commission.

**GROUPS CONSULTED AND BRIEF SUMMARY OF RESPONSES:**

Public forums and a local public hearing were held in the school districts with no significant issues noted. The plans were approved by each district's local planning committee and school board.
