**BULLITT COUNTY SCHOOL DISTRICT
DISTRICT FACILITIES PLAN HEARING REPORT**

A public hearing was held at the Bullitt County Board Room on 01/24/22 at 5:56 P.M. (local time). The purpose of the public hearing was to propose a District Facility Plan Amendment developed by the Bullitt County Local Planning Committee. The Local Planning Committee (LPC) voted 11-0 in favor of the proposed new plan and the Board of Education voted 4-0 to approve the new plan.

There were several district employees in attendance but no one offered any comments. Tim Eaton, KSPMA Facilitator, served as the locally appointed hearing officer.

COMMENTS

Tim Eaton called the public hearing to order. The hearing officer outlined the purpose of the hearing and the hearing procedures in accordance with 702 KAR 1:001. The hearing officer highlighted the proposed new District Facility Plan as follows: Under Priority one – life safety renovations are listed at all schools and renovation/replacement of the elevator at Bullitt East High. Priority two items include renovations at several schools that met the criteria for restricted funds expenditures. The proposed Amendment to the current plan includes major renovation at Old Mill Elementary to become part of Bullitt East High, additional qualifying items for major renovation at Bullitt Central High, additional qualifying items for renovation at Bullitt East High, along with general site improvements at North Bullitt High. There were no priority three items identified. Also included in the proposed amendment under Priority four – construction of exterior pole barns for multi-use at Bernheim Middle School and Bullitt East High. The remaining items in priority four exist on the current plan. Under Priority five – there are numerous needs identified at most all school sites including renovations to outdoor athletic facilities at all three high schools that do not qualify for the use of restricted funds at this time, and are not included in the facility needs assessment totals at this time.

The floor was opened to those who wished to make comments on the proposed DFP, and there were none. Also, there were no written comments submitted prior to the hearing. The hearing was adjourned.

RECOMMENDATIONS

It is recommended that the new District Facility Plan as developed by the Bullitt County Local Planning Committee and adopted by the Bullitt County Board of Education be approved as the District Facility Plan for the Bullitt County School District.

Respectfully submitted,

Tim Eaton – KSPMA Field Consultant
