**Re: Waiver Request to Allow Additional Alternates
Christian Co. - New Consolidated High School
Design Development Review - Response
BG 22-104**

Dear John:

We are writing on behalf of the Christian County School District to petition a waiver in accordance with 702 KAR 4:170, Part b, waivers:

Additional Alternates

KDE regulations allow for only 10 possible alternates with each construction project. The New Consolidated High School is a very large project, with an estimated construction cost above \$100 Million. Due to the size, complexity, and funding sources for this project along with the current economic uncertainty due to raising costs and inflation, we would like to include the option to include an additional 10 alternates to this project for a total of 20 alternates. We also request permission to alter the bid form to create lines for these 10 alternates.

Thank you,

A handwritten signature in black ink, appearing to read "ERANG".
