

Superintendent's Student Advisory Council

2021-22

It's about ALL kids

Introduction

Ava Coleman - Scott

- Scholars Club was created within each school that will be used to help underclassmen be informed about important information.
- Provide students with tools so everyone can grow and succeed.
- Student led, which builds a culture of planning, growth, and success.
- Express opinions to help our teachers/counselors help students.

Steps Taken By All Schools

Pierce Rohlman-Dixie Heights

- Collaborated to administrators
- Found time to hold meetings/discussions for planning purposes
- Advertised the club

Dixie Heights High School

Ryan Dilts and Pierce Rohlman

What is the Scholars' Club?

The Scholars Club was implemented at Dixie Heights four years ago to aid students in all academic and social areas of high school. We wanted to carry this club forward and extend to other schools. We helped underclassmen with everything from ACT to college applications and GSP. The club also presents many community service opportunities for students. Overall, this club has helped a great amount of students deal with some of the more overwhelming aspects of the high school process.

How are we holding the club for the 2021-2022 school year?

Previously, the club was held after school, but with the implementation of a period called PRIDE, the senior leaders of the club wanted to make it a more permanent part of the school day. Now, every other Wednesday the club meets with a new topic in mind. The club has no administrators present and is entirely led by the upperclassmen, guest speakers, or anyone with knowledge of the topic. Most of the time is spent in small groups to create a more casual environment where students are more likely to ask questions and contribute.

- Process
 - Talked to Mr.Noll
 - Brainstormed ideas
 - Created presentations based on ideas
- Presentations
 - Over internships and Ignite Year Long Projects (YLP)
 - Directed to Freshman/Sophomores

- Planning Ahead
 - Implementing Scholar's Club (Production Days)
 - Giving more presentations; earlier in the year
 - Giving Ignite Year Long Project presentation
 - Finding a permanent administrative representative

Scott High School

Calia Burdett

Scott students thrive to create a culture that allows students to be as educated about their opportunities throughout their 4 years of high school, which resulted in the development of the Scholar's Club.

- Student led group that meets monthly during FLY class
- Create a Remind to communicate with students about meeting times, location, and topics
- Plans carried forward in the 2022-2023 school year

Scott High School

Ava Coleman

Month	Who should attend	Topics
September	All Grade Levels	Club Info
October	Freshman/Sophomore	ACT
November	Juniors/Seniors	FAFSA - College Application Process
January	All Grade Levels	Grade level requirements
February I	Sophomore/Juniors	How to find a major/career, Career Simulation, College Visits
February II	Seniors Only	Scholarships, college/career ready
March I	Sophomores/Juniors	Transcripts, dual credit, career pathways, young scholars academy
April	All Grade Levels	Next steps for continuing club

Simon Kenton High School

Lauren Donahue

- Simon Kenton met with our principal, Mr. Reinhart, to implement this club into our school's schedule
 - We decided that we would hold quarterly meetings during SKORE
 - In these meetings we would discuss upcoming events like ACT, GSP, scholarships, etc. and give information and advice to students that are applying/preparing for those
- To get students to join to this club we are implementing a video teachers play in order let students know when and where the meeting is held.
- Focus on underclassmen - getting them ready for transition to next grade and programs available to them.

Next Steps for All Schools

Lauren Donahue - Simon Kenton

- Ensure there are current Sophomores/Juniors to initiate and lead the continuation of the Scholars Club.
- Ensure sponsorship and space. Work with sponsors to organize times and topics.
- Ensure effective communication on advertising the club to underclassmen.
- Ensure we include Career Ready topics.

Dixie's Scholar Club
