APPLICABLE BOARD POLICY:

01.1 "Legal Status of the Board"

HISTORY/BACKGROUND:

KCS D has established career pathways in the health science field that include four course pathways in Pre-Nursing and in Biomedical Sciences. Additionally, a certification course in STNA is offered. The KCS D Service Learning Nurse Support Program was initiated in October 2021 to assist school nurses with increased demands from COVID. The benefits of this internship to both students and school nurses were quickly apparent. Continuation of this successful program will provide additional opportunities for KCS D students. There will be an application, interview, and selection process implemented. Students participating in the program will earn high school credit and be paid. This WBL program will provide students another Transition Ready opportunity.

FISCAL/BUDGETARY IMPACT:

Approximately \$70,000 from the General Fund (10 WBL Students @ \$12.58 per hour at 3.0 hours per day for 175 days) + 9 % overhead costs.

RECOMMENDATION:

Approval to continue the Work Based Learning (WBL) "KCS D Service Learning Nurse Support Program" to provide KCS D students from the Ignite Pre-Nursing Pathway, Ignite Biomedical Science Pathway, the District State Testing Nursing Assistant (STNA) Program, and other students interested in having a real world experience working with the KCS D School Nurses for the 2022-23 School year.
