The Code of Student Conduct is published for good communication and to establish the framework to provide an environment for excellence in learning. It is based on basic principles contained in the Policies and Procedures of the Gallatin County Board of Education. The complete Policy Manual is available at the Central Office, each school, and online at [www.gallatin.kyschools.us](http://www.gallatin.kyschools.us).

This booklet does not contain a comprehensive listing of ALL student misconduct and district personnel disciplinary responses. The Gallatin County Board of Education, each school's administration, and its SBDM reserve the right to administer other appropriate corrective measures for offenses listed and others that may occur. Variations from responses listed in the discipline code will be based on the severity of the incident and the number of times a student has had disciplinary referrals.

## Attendance Policy:

All students are expected to attend school on a regular basis and to be on time for classes in order to benefit from the instructional program provided. We want our students to develop desirable traits of punctuality, self-discipline, and responsibility. Employers hire and keep people that have these traits and the right attitude towards work.

### **Truancy Defined**

As Amended KRS 159.150 to read:

Any public school student who has not reached his or her twenty-first birthday, who has been absent from school without a valid excuse for three (3) or more days or tardy without a valid excuse on three (3) or more days as truant.

A habitual truant is any student who has been reported as truant two (2) or more times.

For the purpose of this policy, the number of absences shall be based on the cumulative number of days of unexcused absences, rather than the number of absence incidents. The numbers of tardies shall be based on the number of tardy incidents.

A public school student who has attained the age of eighteen (18), but has not reached his or her twenty-first (21) birthday, is accountable if the student fails to comply with school truancy laws. The parent, guardian, or custodian of a public school student who has not reached his or her eighteenth (18) birthday is accountable if the student fails to comply with school truancy laws. The court-appointed guardian of a public school student, who has not reached his or her twenty-first birthday, is accountable if the student fails to comply with the school truancy laws.

The Gallatin County Schools Director of Pupil Personnel (DPP) is required to inform students between the ages of 18 and 21, parents, guardians, and custodians that they are subject to the truancy laws.

Personal contact with a student's parents/guardians will be established by the DPP/designee upon notification in writing that the student has six (6) unexcused absences or tardies. At such time "FINAL NOTICE" as per KRS 159.180 will be issued personally or by certified mail notifying the parent/guardian of said student's habitual truancy.

Court referrals will be made for any unexcused absence after final notice is issued. Legal action shall be initiated in the Gallatin County District Court in cases of habitual truancy of pupils.

Legal action shall be sought against parents of habitually truant students younger than twelve (12) years of age under the auspices of the County Attorney's office. Charges will be filed directly against habitually truant students twelve (12) to eighteen (18) years of age initially through the offices of the Court Designated Worker. Students eighteen years of age (18) or older will be charged by the County Attorney.

Academic deficiency is defined as a student who does not have passing grades in at least four (4) courses, or the equivalent of four courses, in the preceding semester. The authorization form completed by the custodial parent/guardian shall list those people who may pick up the student.

In the event that it is not possible for the Principal to obtain prior authorization to dismiss a child from school into the custody of someone other than the custodial parent/guardian, and the Principal determines the situation to be an emergency, the person signing the student out must provide valid identification and sign the student dismissal form.

Emancipated students may sign their own dismissal.

A student may be released to a person with lawful authority to take custody of the student, e.g., a police officer with a warrant. In such cases, the student's parent/guardian shall be notified at the earliest opportunity.

## Disciplinary Issues:

### Face Mask

Anyone that enters a building owned by the Gallatin County School system, must wear a face mask. The mask must be worn in all hallways, public spaces, common areas, and classrooms and office spaces where multiple people are present and six feet of social distancing is not possible.

The CDC, CHFS, and Kentucky Public Health recommends wearing face masks when people go out in public. The Gallatin County School system supports this recommendation for the health, safety, and welfare of all persons on school grounds.

Cloth face coverings, cloth face masks, and surgical masks can limit the spread of germs. The purpose of wearing a mask is to contain your coughs and sneezes, preventing you from spreading your germs to other people and nearby surfaces, which helps to protect other people. Masks can also help you avoid touching your nose or mouth accidentally. While face covering does not filter the air you breathe, it may serve as a basic barrier against large droplets reaching your mouth or nose.

Masks are a supplement to – not a substitute for – other preventive measures. They are intended as an added layer of protection on top of social distancing and other common sense protections, like frequent handwashing, use of hand sanitizer, working and conducting other activities remotely, and staying home when sick or experiencing common symptoms of the coronavirus.

The CDC has issued instructions for making cloth face masks and recommends cloth masks that:

- Fit snugly but comfortably against the side of the face
- Are secured with ties or ear loops
- Include multiple layers of fabric
- Allow for breathing without restriction
- Can be laundered and machine dried without damage or change to shape
- Gaiters (cloth coverings that go around nose, mouth, and neck) & Bandanas are acceptable forms of cloth masks

### **Appropriate Face Mask:**

Students are expected to wear masks, gaiters, or bandanas that meet the guidelines above and are NOT distracting or that causes undue attention. Any masks that are disruptive to the learning environment of a classroom cannot be worn. Gallatin County Schools will not permit any students to wear a mask with obscene language, crude pictures, or statements pertaining to alcohol, drugs, tobacco, racial comments, or sex. Furthermore, controversial phrases, pictures, or symbols cannot be displayed or worn at school. This includes “sexual innuendo” phrases, profanity, or “racially charged” masks.

Additionally, the CDC does not recommend use of face shields for normal everyday activities or as a substitute for cloth face coverings. Therefore, if they are worn, a face mask still must be worn with it unless a child specific waiver is granted by the District for medical reasons.

### **Consequences for Face Mask Violations:**

Students are expected to comply with this policy. Students who violate the Face Mask policy will be provided a mask from the office and parents will be notified. Finally, anyone who does not feel safe or comfortable with the above mask policy will have the option to select the GC@HOME Program.

### **Care of School and Personal Property**

Pupils shall be held responsible for damage to school property. Any pupil, organization, or group of pupils participating in activities who destroys, defaces, damages, or removes school property shall be subject to disciplinary action and liability for the cost of restoring or replacing the property. Anyone or group who steals or willfully or wantonly destroys, defaces, or damages personal property of school personnel on school property, off school property, or at school-sponsored activities shall be subject to suspension or expulsion from school. Anyone or group participating in activities who destroys, defaces, damages, or steals the personal property of students shall be subject to disciplinary action. Parents shall be liable for property damage caused by their minor children.

### **Bullying/Hazing**

Bullying includes hazing; menacing; taunting; intimidating; verbal or physical abuse of others; the use of lewd, profane or vulgar language; verbal or physical abuse of others; or other threatening behavior toward students, staff members, or visitors in person or through acts of cyberbullying. Students who believe they have been a victim of bullying or who have observed other students being bullied shall, as soon as reasonably practicable, report it. Bullying is defined as “any unwanted verbal, physical, or social behavior among students that involves a real or perceived power imbalance and is repeated.” (S.B. 228)

Bullying refers to any intentional act by a student or groups of students directed against another student to ridicule, humiliate, or intimidate the other student while on school grounds, or at a school-sponsored activity, which are repeated against the same student over time. Bullying involves repeated negative behavior, carried out over time with a purpose to harm another person physically or mentally, or to benefit oneself through behavior which causes such harm to the other person. Bullying involves taking advantage of either a real or perceived imbalance of power. Bullying may involve an attempt to cause fear. Examples of behaviors that fall into this category include, but are not limited to inappropriate and unwanted physical contact (including hitting, kicking, shoving, and pushing); intimidating and threatening comments (oral, written, or electronic); name calling or put-downs (selecting or using a nickname which is intended to embarrass or humiliate); manipulation or coercion of another student to do something he/she does not want to do; setting someone up to be bullied or encouraging a student to engage in bullying; sharing or starting rumors or gossip; hurtful teasing or making fun of someone; hiding or destroying someone's belongings; or shunning or excluding someone from a group or activity in order to embarrass or humiliate the person.

The Kentucky Center for School Safety (<https://kycss.org/cyberbullying.php>) addresses Cyber Bullying: **Cyberbullying** involves the use of information and technology such as e-mail, cell phone, text messages, instant messaging, the publishing of defamatory personal web sites, blogs, social media websites, online games, and online personal polling websites that are used to support conscious, willful, deliberate, repeated, and hostile behavior by one or more people with the intent to harm others. On-line harassment or threatening is **Cyberbullying**.

In order to effectively participate in the democratic process as adults, students must learn to respect the rights of others and to interact with them in a civil manner. Therefore, students are required to speak and behave in a civil manner toward students, staff, and visitors to the schools.

#### **Actions Not Tolerated**

- The use of lewd, profane or vulgar language is prohibited.
- In addition, students shall not engage in behaviors such as hazing, bullying, menacing, taunting, intimidating, verbal or physical abuse of others, or other threatening behavior.
- This policy extends to any/all student language or behavior including, but not limited to, the use of electronic or online methods (Cyber Bullying).
- Such behavior is disruptive of the educational process and interferes with the ability of other students to take advantage of the educational opportunities offered.

These provisions shall not be interpreted to prohibit civil exchange of opinions or debate protected under the state or federal constitutions where the opinion expressed does not otherwise materially or substantially disrupt the education process or intrude upon the rights of others.

Students who violate this policy shall be subject to appropriate disciplinary action.

To comply with existing requirements of the Individuals with Disabilities Education Act (IDEA) regarding discipline of students with disabilities, our board or education will modify the expulsion requirements, on a case-by-case basis, for IDEA-eligible students. IDEA-eligible students may be expelled for behavior unrelated to their disabilities, as long as the procedural safeguards required by IDEA and KRS 158.150 are followed.

Non-IDEA eligible students will also have their expulsion requirements modified on a case-by-case basis by the board of education.

The superintendent shall post the following notice in prominent locations in the schools, including, but not limited to, sports arenas, gymnasiums, stadiums, and cafeterias. The notice shall be at least six (6) inches high and fourteen (14) inches wide and shall state:

### **Due Process**

The US Supreme Court has held that a student may not be deprived of the opportunity to a public education without good cause in which procedural due process is observed. Due process requires that all students:

1. The pupil shall be given oral or written notice of the charges against him/her;
2. That they receive an explanation of the evidence against him/her;
3. The pupil shall be given an opportunity to present his/her own version of facts concerning the charge(s).

In cases of severe misconduct, the Principal may set up an administrative hearing with the student. Students who are suspended from school are not allowed to participate in or attend any school functions or contests and are not allowed on school property for the entire duration of their suspension (this includes weekends).

### **Expulsions**

Expulsion is the most serious penalty that a board of education can impose and should only be used as a last resort. If expulsion is deemed necessary, the principal shall recommend expulsion to the superintendent. At that time parents will be notified of a scheduled due process hearing to be held no earlier than five days from the day the notice is received or not later than the next regular school board meeting (09.434).

### **Search and Seizure**

No pupil's clothing shall be searched by authorized school personnel unless there are reasonable grounds to believe the search will reveal evidence that the pupil has violated or is violating either a school rule, a Board policy, or the law. Search of a pupil's person shall be conducted only with the express authority of the Principal. A witness will be present if possible.

As a precautionary measure against the spread of COVID-19, school lockers will not be available for student use during the 2020-2021 school year. When a pat-down search of pupil's person is conducted, the person conducting the search shall be the same sex as the pupil; or a witness of the same sex as the pupil shall be present during the search. No search of a pupil shall be conducted in the presence of other students. No strip searches of students shall be permitted. Students who fail to cooperate with school authorities when requested shall be subject to disciplinary action.

School property, such as lockers and desks, are jointly held by the school and the pupil. School authorities have the right to conduct a general inspection of all such property on a regular basis. During these inspections, items that are school property, such as overdue library books, may be collected. Students should not expect privacy of items left in such locations. A single desk or locker may be searched if reasonable grounds exist to believe that evidence of a violation of the law or a school rule is contained therein.

Illegal items (e.g. weapons, drugs, etc.) or other possessions reasonably determined by proper school authorities to be a threat to the pupil's safety or to others' safety and security may be seized by school officials.

Items which may be used to disrupt or interfere with the educational process may be temporarily removed from the pupil's possession by a staff member. Such items may be returned to the pupil by the staff member or through the Principal's office.

All items which have been seized shall be turned over to the proper authorities or returned to the true owner.

School authorities shall have the authority to conduct routine patrols of student parking lots and to inspect the exteriors of student vehicles parked on school property.

In the interest of the student's welfare, the following requirements shall be followed when police officers ask to question or remove a student from the school whom they suspect of committing a crime off school property:

1. Parents/guardians of minor students shall be notified by school officials as soon as possible prior to interrogation or removal from school.
2. If the student is an alleged victim of abuse or neglect by a parent, school officials shall follow the directions provided by the investigating officer or Cabinet for Families and Children representative as to whether to contact a parent.
3. If the parent(s) comes to the school or consents to permit the officer(s) to interview the student, a private place for the interview shall be provided.
4. If the parent(s) cannot come to the school and do not consent to the interview, the police should be advised to either bring a warrant, court order or juvenile petition, or arrange to interview the student off the school grounds.

Except in cases of emergencies involving threats to health and safety as determined by the Superintendent, when the District calls law enforcement officials to question students concerning crimes committed on school property, the Principal shall make an effort to notify their parents.

A written response will be made by the Superintendent within ten (10) working days from the date of the appeal and presented to the student/parent with a copy to be filed in the Superintendent's office. If the resolution of the complaint developed by the Superintendent is not satisfactory, and the complaint concerns the methods in which a Board policy was administered, the fairness of a Board policy, or the violation of a policy by personnel, the student/parent may appeal in writing to the Board for a hearing at the next regularly scheduled meeting. The Board does not have the authority to discipline personnel. This authority lies with the Superintendent.

The resolution reached by the Board shall be final and shall be presented to the student/parent in writing within three (3) working days from the date of the Board's decision with a copy filed in the Superintendent's office.

The school council has authority to adopt policies, within existing Board policies, regarding the management of students and student conduct, curriculum, extra-curricular activities, and the assignment of staff and students. If the complaint concerns the fairness of a school council policy, the parent may present evidence to the school council regarding why the parent feels that the policy is unfair.

If the above procedures do not solve the situation and the complaint concerns the method in which a board policy was administered or the violation of a policy by personnel, the student/parent may appeal in writing to the Superintendent who shall investigate the allegations within five (5) working days from the date the appeal was received.

A written response will be made by the Superintendent within ten (10) working days from the date of the appeal and presented to the student/parent with a copy filed in the Superintendent's office. If the resolution of the complaint developed by the Council/Superintendent is not satisfactory, the student/parent may appeal in writing to the Board for a hearing at the next regularly scheduled meeting. The resolution of the complaint shall be made by the Board within three (3) working days of the next regularly scheduled meeting following the hearing.

The resolution reached by the Board shall be final and shall be presented to the student/parent in writing within three (3) working days from the date of the Board's decision with a copy filed in the Superintendent's office.

Parents of students who have a temporary or permanent disability may request the District supervisor to provide appropriate accommodations necessary for them to participate in instructional activities. Students who are at least (18) years of age may submit their own requests. If assistive technology is deemed necessary for a student, every effort will be made to obtain that technology in a timely fashion.

## **Non-Discrimination Notice**

Students, their parents, and employees of the Gallatin County Public Schools are hereby notified that this school district does not discriminate on the basis of race, color, national origin, age, religion, marital status, sex, or handicap in employment, educational programs, or activities as set forth in Title IX, Title VI, and Title VII of the Civil Rights Act of 1964, and Section 504. FERPA makes student records confidential, but permits schools to release directory information. It also allows parents and/or students to request that their information not be released without the parent's prior consent. Notice to the parent is not required when court ordered or in the context of dependency, neglect, or abuse proceeding in which the parent is a party. Notification of all FERPA rights are contained in District policy 09.14AP.111. Schools provide military recruiters and institutions of higher education with students' names, addresses, and telephone listings. Students and parents have the opportunity to

opt out of the school's disclosure of that information. Forms requesting that students' information not be released to the military or institutions of higher learning are available in the office of each school.

### **Notification of Protection of Pupil Rights Amendment**

Under the Protection of Pupil Rights Amendment (PPRA), parents and eligible students are afforded the right to provide consent before minor students are required to complete a protected information survey, have information used for marketing purposes, or conducting certain physical examinations. They can choose to opt out their child and can inspect any such survey before administration. Complete information regarding the PPRA is contained in Board Policy 09.14 AP.112.

### **The Right to Confidentiality of Access to Student Records**

In accordance with the Family Education Rights and Privacy Act, written policies and procedures have been developed which describe the Gallatin County School District's requirements regarding confidentiality of personally identifiable information. Stated in this notice is a summary of your rights under the Act. These rights are passed on to the student at age eighteen (18). For the purpose of this notice, the student 18 years or older, and the students who are married, will be referred to as the "emancipated" or "eligible" student. Parents, guardians, and eligible students may review and inspect all education records relating to that student by making a request to the Principal of the school where that student attends.

The Gallatin County Public Schools (GCPS) will presume that the parent has the authority to review and inspect records relating to their children unless the district has been advised in writing that the parent does not have the legal authority under applicable state law governing such matters as guardianship, separation, and divorce.

Personally identifiable information is not released to another party unless there is written authorization from the parent or eligible student, or there is a "Legitimate Educational Interest" as defined in the policies and procedures for confidentiality. A current list of employees' names and positions who have access to personally identifiable information is on file in each school. The GCPS has described in its policies and procedures the conditions under which personally identifiable information is released to another person without written parental consent.

"Directory Information" is information contained in an educational record which would not generally be considered harmful or an invasion of privacy if disclosed. This information may be released to the news media, athletic organizations, scholarship or college entrance committees, or official organizations whose need for data is connected with student help activities. "Directory Information" includes, but is not limited to the student's name, address, telephone listing, date and place of birth, major field of study, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, degrees and awards received, and the most recent previous educational agency or institution attended. The parent, guardian, or eligible student currently enrolled may request all or part of the directory information be withheld. The request must be in writing to the Principal of your child's school, within 30 calendar days after this notification has been distributed. The written request must specifically state what information may not be classified as directory information.

In accordance with federal regulations concerning the release or transfer of educational records, it is the policy of this school district to forward education records on request to a school in which a student seeks or intends to enroll. Parents may obtain upon request a copy of the records transferred. The Gallatin County Schools keeps child and youth records in a secure computer system and in locked files in each school and central office.

Any parent or guardian of a student, or any eligible student, may challenge the content or accuracy of any material or entries in the student's educational records on the grounds that it is inaccurate, misleading, or otherwise in violation of the privacy or other rights of the student. Requests to amend the records are submitted to the Principal of your child's school.

For students who have been determined eligible for programs for children and youth with disabilities, educational records will be destroyed at the request of the parent when they are no longer needed to provide educational programs and services. The GCPS will destroy the educational records of a child or youth without a parent's request after the records have been maintained for a minimum period of seven years and are no longer needed to provide educational programs and services. Parents are advised that data contained in the records may be later needed for Social Security purposes. The GCPS retains for an indefinite period of time, a record of the student's name, address, telephone number, grades, attendance record, classes attended, grades completed, and year completed.

Children and youth determined eligible for special education include those children and youth with disabilities who have hearing impairments, vision impairments, emotional and behavior disorders, both deafness and blindness, health impairments, specific learning disabilities, mental disabilities, multiple disabilities, speech and language impairments, physical disabilities, autism, or traumatic brain injuries, and who because of these impairments need specifically designed instruction and related services.

The software license will specify whether the rights purchased are for a single user on a single workstation, for multiple users, or for multiple workstations. Software may not be copied or shared outside the provisions of the agreement with the software publisher. Violations of software licensing agreements may constitute serious infractions of federal law and the violator may be subject to civil and/or criminal penalties.

Do not:

- Copy software without authorization from the publisher or copyright holder;
- Use software for which you do not have proof of legal right;

- Assume that you can load the older version of software on another workstation when you install a software upgrade

Distributors of software and the Software Publishers Association have the right to audit the District at any time to ensure compliance with licensing agreements. For software loaded on file servers, the network administrator for that server has the responsibility for ensuring compliance with copyright laws. For application software loaded on an individual computer, the individual and the Technical Point of Contact (TPOC) are responsible for ensuring that all resident software has been legally acquired. The user or TPOC must be prepared to show a software license certificate or copy of the purchase order for each piece of software loaded on that system. ### **Misuse of Information Technology, Electronic Communications and the Law**

Kentucky statutes identify criminal penalties for:

Criminal damage to Property Law Class D Felony KRS 512.020: A person is guilty of criminal mischief when, having no right to do so or any reasonable ground to believe that they have such a right, they intentionally or unintentionally deface, destroy, or damage any public agency data or technology property (data, computer programs, computer systems, computer networks, computers, etc.).

These laws do not prohibit systems administrators or others from examining files, transaction logs, or other information about an individual's use of technology if that examination is within the scope of their

assigned responsibilities. If an employee with such responsibilities misuses their authority or the information to which they have access, they are also subject to discipline or penalty.

Open Records Laws, KRS 61.870 through 61.884 and KRS 171.410 through 171.720: The Kentucky Revised Statutes specifically include information in electronic form, computer programs, and systems software within the definition of "public record." This means that records held in computers may be inspected and copied in the same manner that paper records may be. Similarly, if a paper record is not subject to inspection under the provisions of these laws, then the record will not be subject to inspection if it is in electronic form. Electronic records are also subject to the provisions of the law related to records scheduling, retention, and disposal.

There are numerous federal laws and regulations governing access to information managed by the Department of Education and the local school districts.

The Appropriate Use Policy also assumes knowledge of and adherence to federal requirements. Information about managing the security of student records in electronic form may be found in "Program Review 95-KETS-152, Security of Student Records in the Kentucky Education Technology System."

### **Consequences**

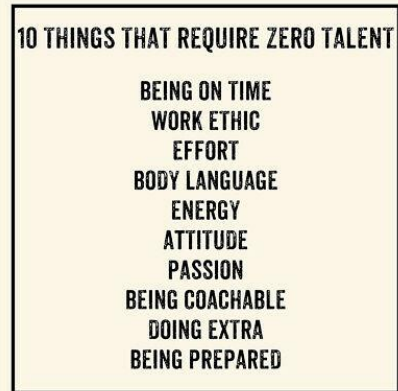

Violations may result in loss of access for anyone violating the Acceptable Use Policy for Gallatin County Schools. Loss may be short term to permanent.

Additional disciplinary action may be determined at the building level in line with existing practice regarding inappropriate language or behavior for students.

Additional disciplinary action may be determined at the building level and/or district level for any system violations and/or Acceptable Use violations by staff members, such as giving out passwords, trying to access closed areas, lack of supervision of students accessing the network and/or Internet, etc.

*\*\*\*When applicable, law enforcement agencies will be notified and individual violators will face possible criminal charges, as well as possible expulsion for students and possible termination of employment for staff members.\*\*\**

The Gallatin County School District makes no warranties of any kind, whether expressed or implied, for the service it is providing. Use of the information obtained via the Internet or E-Mail is at the user's own risk. The Gallatin County School District specifically denies any responsibility for the accuracy or quality of information obtained through its connections.

## **Procedures for Development/Review/Orientation of**

# Code of Acceptable Behavior and Discipline

**DEVELOPMENT**—A committee composed of school personnel developed this document which was then reviewed by legal counsel, presented in public meetings and adopted by the Local Board of Education.

**REVIEW**—This Code of Acceptable Behavior and Discipline shall be reviewed/revised on an annual basis within three weeks following the end of a school year by the Code of Acceptable Behavior and Discipline Committee. Individuals may send written comments to Roxann Booth, 75 Boardwalk, Warsaw, KY. who will share them with the Code Committee. Information should be submitted by April 15 of each year.

**ORIENTATION**—The Code of Conduct is available on the district website, [www.gallatin.kyschools.us](http://www.gallatin.kyschools.us) Each school will be responsible for presenting and discussing the entire Code of Conduct to every student.

In cases of conflict between the provisions of the Code and the Rights and Responsibilities and previously adopted policies of the Board of Education, this Code shall govern. Kentucky Law (KRS 160.290) provides, “Each Board of Education shall have general control and management of the Public Schools in its district...” And “each Board shall exercise generally all powers in the administration prescribed by law of its public school system. Each Board shall make and adopt and may amend or repeal rules, regulations, and by-laws for its meetings and proceedings for the government, regulation and management of the Public Schools and school property of the district, for the transaction of its business, and for the qualification and duties of employees and conduct of pupils...”

In this document students will be considered the same as pupils as those terms are used in the Kentucky Revised Statutes, and in Board of Education Policies.

This Code is part of the Board’s policy on student behavior and discipline. Caution: After this Code is distributed for the school year, changes to Board policy, including those affecting provisions of this Code, may be necessary due to new/revised statutes and regulations of law.

Parents and students must sign the “Acknowledgement of Receipt of Code of Acceptable Behavior and Discipline and Acceptable Use of Electronic Resources” form and return it to the child’s school. A parent may also fax or email the signed form to the student’s school. The form is found on page 44 of this document.

A complete copy of the policy manual is available for inspection at the Central Office, each school, and at [www.gallatin.kyschools.us](http://www.gallatin.kyschools.us)

This plan was reviewed by the members of the Gallatin County Board of Education and was approved at the regular monthly on \_\_\_\_\_. Parents/Guardians will verify that they have read the entire Code of Conduct document through online registration.
