

## Counselor's Corner

May 2022

Ms. Jennifer Weber

- **KSA Testing:** Students in grades 3-8 began the state assessment this week. Ms. Weber is serving as the BAC (building assessment coordinator) and assisting Mrs. Rubemeyer in proctoring and organizing the tests for each grade level. We have made good progress in our testing thus far, and we look forward to having all the students' assessments completed by next week.
- **Girls on the Run:** The Girls on the Run completed their season and celebrated their success with a pizza party and awards presentation. Congratulations to the following girls who also completed the 5K run at Sawyer Point on Saturday, May 7<sup>th</sup>: Desiray Eversole, Kamiya Hill, Niouma Diagana, Brianna Chadwell, Grace Fawley, Kayleigh Specht, Kaci Schulter, Mia Royal, Eva Perkins, Emma Graves, Sheila Weyer, and Trinity McManis. We were so proud of our team and their running buddies!
- **PASS Training:** Ms. Weber will be overseeing a new behavior intervention program next year for students who are struggling in the regular classroom. She will be attending two trainings this summer to learn about PASS (Positive Approach to Student Success) and how to implement this program with Southgate students. The program includes 4 phases of implementation (preplacement, orientation, inclusion and maintenance, and aftercare), and it is tailored to provide the students individualized support based on their specific level of behavioral need. We are excited to be able to offer our students this targeted intervention in the 22-23 school year.
