Evaluation of the Superintendent

~~The Board may utilize locally developed superintendent evaluation procedures.~~

PROCESS

1. At the beginning of each contract year, the Board reviews the plan and expectations with the Superintendent prior to implementing the evaluation plan.
2. The Board and Superintendent collaboratively determine the evaluation process, timelines, and forms including the type of performance rating system to be used – numerical (4-1), descriptive (Exemplary, Accomplished, Developing, Improvement Required), or both. The Board will get more effective evaluation data through thoughtful discussions in determining a descriptive performance rating, but using and averaging numbers is an option.
3. Using the following Superintendent Evaluation instrument, the Superintendent conducts a self-assessment and reflects on his/her own performance levels in terms of the standards, indicators, and local District goals.
4. Each Board member uses the following Superintendent Evaluation instrument to reflect on Superintendent progress and performance levels on standards, indicators and District goals. Board members should also consider areas of emphasis on previous evaluations.
5. Each Board member should rate all the performance standards to create a comprehensive evaluation of the job, keeping in mind that factors such as experience and organizational structure may determine the level of focus on each standard. Performance indicators are listed below every standard. These performance indicators suggest objective measures to consider. Do not rate each performance indicator separately; only rate the overall performance standard.
6. Written comments in support of your rating are recommended as they provide clarity and are helpful during the Board discussions of the evaluation.
7. Each Board member's forms should be returned to the Board Chair or designee for compiling.
8. The entire Board and Superintendent meet to discuss individual and/or compiled reflection/assessment results. This conversation shall be held in a closed session and may include identifying commonalities and differences as well as developing and agreement on performance expectations.
9. The Board and Superintendent determine expectations relating to performance standards and District goals. Throughout the year the Superintendent collects and retains evidence of performance for areas of emphasis as well as standards and District goals. S/he shares evidence with the Board throughout the year to demonstrate efforts toward increased competencies in these areas.
10. The Board considers and incorporates Superintendent evidences into the Superintendent annual performance evaluation and collectively, with one voice, determines the Superintendent performance level for each standard and goal.
11. The final evaluation (summative) of the Superintendent shall be discussed and adopted in an open meeting of the Board and reflected in the meeting minutes.

Procurement

A. Conditions, including emergencies, and procedures under which purchases may be made by means other than competitive sealed bids.

Purchasing officers are authorized to acquire goods, services, or construction through noncompetitive negotiation under the following circumstances, providing a written determination is made that competitive bidding is not feasible. If available, quotes from three (3) suppliers shall be secured if for purchases exceeding \$2500. At least one (1) of the following conditions shall be met:

1. An emergency has been determined.

An emergency condition is a situation that creates a threat to public health, welfare, or safety such as may arise by reason of floods, epidemics, riots, and equipment failures. The existence of such a condition creates an immediate and serious need to supplies, services, or construction that cannot be met through normal procurement procedures and the lack of which would seriously threaten (a) the functioning of the District; (b) the preservative or protection of property; (c) the health or safety of any person. When such conditions exist, the Superintendent and designated purchasing agents are authorized to purchase through noncompetitive negotiation. The determination of an emergency and the details of the procurement shall be stated in writing and reported to the Board at its next regular meeting.

2. The product or service to be procured is available from a single source.

3. A necessity is temporarily unavailable from the contracted supplier.

When a particular necessity is temporarily unavailable from the contract supplier and the purchasing officer makes a written determination to that effect, the purchasing officer has the authority to treat such items as a single source of services or products and has authority to proceed to procure the same by noncompetitive negotiation.

4. Contracts for services.

The District may contract for the services of licensed professionals such as attorney, physician, psychiatrist, psychologist, certified public accountant, registered nurse, or educational specialist; technicians such as plumber, electrician, carpenter, or mechanic; or an artist such as a sculptor, aesthetic painter, or musician; printers for special projects. This provision shall not apply to architects or engineers providing construction management services rather than professional architect or engineer services.

Noncompetitive negotiations for services of licensed professionals shall occur only when specialized training is required of the contractor, when a specific program or service can be delivered by only one or a few individuals, or when travel costs and time dictate constraints on the bidding process.

5. The contract is for the purchase of perishable items, as indicated in applicable federal and state law, purchased with funds other than school nutrition service funds on a weekly or more frequent basis. ~~“Perishables” are those items that are subject to natural decay and deterioration if not put to their intended use within a reasonable time and include such items as fresh fruits and vegetables, meats and fish. Perishables do not include dried, canned, or frozen food products that are normally purchased less frequently than by the week. Items that may be classed as perishables, but which readily lend themselves to competitive bidding, shall be obtained only by competitive bidding. Such items include milk and bread.~~

Procurement

Purchase of such items with school nutrition service funds shall be done consistent with methods authorized by federal regulation (7 C.F.R. §3016.36).

6. The contract or purchase is for replacement parts where the need cannot be reasonably anticipated and stockpiling is not feasible.
7. The contract is for proprietary items for resale.
8. Items for resale include printed documents; stocks and inventories for school bookstores; candies; soft drinks, and, all other items that are sold to students and to the general public. Supplies that must be processed prior to resale such as food purchases for the lunchroom are not included as items for resale.
9. The contract or purchase relates to an enterprise in which the buying or selling by students is a part of the educational experience.
10. The contract or purchase is for expenditures made on authorized trips outside the boundaries of the service area of the agency.
11. The contract or purchase is for purchase of supplies that are sold at public auction or by receiving sealed bids.
12. The contract is for group life insurance, group health and accident insurance, group professional liability insurance, worker's compensation insurance, or unemployment insurance.
13. The contract or purchase is for a sale of supplies at reduced prices that will afford a purchase at savings to the school district.
14. The contract or purchase is from a state, U.S. Government, or other public agency.
15. The contract or purchase is from a state, U.S. Government, or other public agency price contract.
16. Specifications cannot be made sufficiently specific to permit an award on the basis of either the lowest bid price or the lowest evaluated bid price.
17. Sealed bidding is inappropriate because the available sources of supply are limited.
18. The bid prices received through sealed bidding are unresponsive or unreasonable.

B. Reverse Auction

Competitive bidding or competitive negotiation for goods and leases may include use of a reverse auction, which is to be conducted as provided in KRS 45A.365 (competitive sealed bidding) or KRS 45A.370 (competitive negotiation).

C. Rejection of bids, consideration of alternate bids, and waiver of informalities in offers.

The conditions for bidding shall be applicable to and incorporated in all invitations for bids. Failure to comply with such conditions shall be cause for rejection of the bid. The Board or its designee retains the right to waive any informalities in offer.

D. Confidentiality of technical data and trade secrets information submitted by actual and prospective bidders or offerors.

Technical data and trade secrets information submitted by actual and prospective bidders are exceptions to the open records requirements and shall be rated confidentially.

Procurement

E. Partial, progressive and multiple awards.

The District purchasing officer is authorized, when feasible, to advertise for bids as a discount from a price list or catalog. The conditions shall state that multiple awards may be made. When such multiple awards are made, purchases at the contract discount may be made from such price lists or catalogs without further negotiation. However, any changes in the price list exceeding ten percent (10%) during the period of the contract shall disqualify such items from purchase.

F. Supervision of store rooms and inventories, including determination of appropriate stock levels, and the management, transfer, sale or other disposal of government-owned property shall be the responsibility of the purchasing officer of the district.

G. Definitions and classes of contractual services and procedures for acquiring them.

The District may obtain the services of various classes of professionals, technicians, and artists by noncompetitive negotiation when specialized training is required of the contractor, when a specific program or service can be delivered by only one or a few individuals, or when travel costs and time dictate constraints on the bidding process.

H. Procedures for the verification and auditing of local public agency procurement records.

The Superintendent shall maintain sufficient records for the Board to verify all purchasing agreements and purchases made through such agreements. Financial records of all transactions related to the purchase of goods and services for the District or individual schools are subject to an annual financial audit.

I. Annual reports from those vested with purchasing authority as may be deemed advisable in order to insure that the requirements of this policy are complied with.

1. Each staff member authorized to approve purchase orders shall:

- a. Keep a copy of all purchase orders issued.
- b. Maintain a log to include the name of the vendor from which products or services were obtained.
- c. Record the purpose of the product or service.
- d. Record how the decision was made to purchase from the vendor (bid, negotiation, single source, state price contract, etc.)
- e. List other vendors contacted and their cost for the product or service.

2. All Board policies and District procedures pertaining to procurement, whether promulgated under KRS 45A.345 to 45A.460 or otherwise, shall be maintained in the District Central Office and shall be available to the public upon request at a cost not to exceed the cost of reproduction.

J. Except as permitted by law, every invitation for bid or request for proposals shall provide that an item equal to that named or described in the specifications may be furnished.
