

MERCER COUNTY SCHOOLS

"Great Kids Achieving Great Things"

According to our special education procedures, "the Superintendent, in consultation with the Director of Special Education, will recommend to the Board of Education for approval a list of ARC Representatives". (Admission and Release Committee)

The Mercer County School District representative is also defined in our procedures as an individual *"who is qualified to provide, or supervise, the provision of, specially designed instruction to meet the unique needs of children with disabilities, and is knowledgeable about the general education curriculum and the availability of the resources of the Mercer County School District and is not a teacher of the student."*

Attached is a list by job titles of the Mercer County School District representatives that I would like to recommend to the Board of Education for approval for the 2022-2022 school year. By approving these individuals to serve as the Mercer County School District representatives, the board is granting them authority to obligate resources for the implementation of Individual Education Plans for students with disabilities.

All personnel must complete ARC Chairperson training as defined by the Director of Special Education and agree to follow all district policy and procedures as well as all Special Education law.

Director of Special Education

Preschool Coordinator/Consultant

Principal

Assistant Principal

School Counselor
