We understand that RTI/MTSS is a system-level practice intended to support *all* students in fluid and evolving ways, therefore BRM works with schools and districts at a systems-level. Below please find an overview of a way to get started with Branching Minds.

Partnerships with BRM includes the following:

- **Infrastructure support:** RTI/MTSS Handbook Template Wizard, RTI/MTSS audits (Roots Reports), and teacher Mindset Surveys.
- **Platform:** Licenses for all teachers, support staff, and administrators to support all students included in school/district enrollment (tiers 1, 2, 3 + students with IEPs, 504 Plans and enrichment needs).
- **SEL Assessments:** access to the SECA for students in grades 5-12, the DESSA and DESSA-mini for students in grades K-8, and the DESSA High School Edition and DESSA High School Edition-mini for students in grades 9-12.
- **Integrations:** Data and technology implementation to streamline practice, including Student Information System (SIS) and assessment providers.
- **Ongoing customer support:** On-boarding process designed to identify and address needs and develop a successful implementation plan, periodic check-in calls to review effective implementation and intervention practice, live chat, and FAQs.
- **PD and Coaching:** A minimum amount of professional development is required for successful BRM implementation. Additional PD and coaching are available for RTI/MTSS infrastructure work and any related RTI/MTSS needs.
