

We currently have approximately five 6th grade cross country students who would like to be a part of the cross country team. KHSAA recognizes 7th grade and up to run as a high school team. The 6th grade students would need to run as a middle school team which we currently do not have. We are asking to change the name of the HS Cross Country Coach on the salary schedule to HS/MS Cross Country Coach with the same pay of \$1,422. The current coach is not seeking additional funds due to the high school and middle school meets typically being at the same time and both teams being transferred on the same bus. We would change the financial account also to be HS/MS Cross Country. Our goal is to ensure we are adhering to all liability and Redbook measures. The HS will continue to maintain the account with obtaining initials of the athletic directors and signature of the middle school principal on all financial documents.

Angela Lewis High School Principal
Linda Edmondson High School Athletic Director
Matthew Levell Middle School Principal
Aaron Jones Middle School Athletic Director
