The Superintendent/designee shall prepare and provide the schools a monthly statement of the current financial status or funds allocated for purchasing instructional materials, supplies and equipment. This statement shall include the beginning unencumbered balance for each category of authorized expenditure, an itemized listing of purchase orders paid, an itemized listing of purchase orders authorized but not paid, and the end of the month unencumbered balance of funds allocated.

SCHOOL RESPONSIBILITY

The school shall comply with all state and Board budgeting, purchasing and reporting laws, regulations, policies and procedures. District purchasing procedures shall be followed in the expenditure of these funds. Expenditure of these funds shall be accomplished by completing a central office purchase order.

No District funds may be spent on a political or other campaign to promote a political candidate or party, or to promote the passage of a political referendum including school tax referendums.

School Budget and Purchasing

SCHOOL RESPONSIBILITY (CONTINUED)

The allocation for instructional materials, supplies, and equipment is the total financial resource available to that school in those categories of purchase for the fiscal year. The school shall not expend or commit to expend any funds in excess of funds allocated. Should this occur, the employee(s) responsible shall be subject to appropriate disciplinary action, and the Superintendent may require the school/council to present, for Board approval, a plan to reimburse the District for the amount spent in excess of the allocation.

In case of a clear emergency which would require the expenditure of funds resulting in a deficit, the Superintendent's prior approval must be obtained. Any deficit incurred will be deducted from the next year's allocation.

SCHOOL RESPONSIBILITY (CONTINUED)

All state allocated funds managed by the school, but not expended by the end of the fiscal year, shall accumulate in the account of the school and be available to the school for future expenditure. Councils shall budget for a minimum carry over balance of two percent (2%).

BALANCED BUDGET

By October 1 each year, the school council shall develop and submit to the Superintendent a balanced school budget for Superintendent and Board approval. A monthly report shall be made to the Superintendent on the status of the budget including income and disbursements. The council shall operate within a balanced budget.

EXPENDITURE OF FUNDS

In schools where schoolbased decision making has been implemented, the school council shall determine the expenditure of funds allocated for purchasing instructional materials, supplies, and equipment. In schools not operating under SBDM, the Principal of the school shall determine the expenditure of these funds.

COVID-19 PANDEMIC MANAGEMENT/HEALTHY AT WORK GUIDELINES

The Commonwealth of Kentucky, by and through various agencies, has issued various Healthy at Work guidelines and other rules and guidelines to allow for the safe and orderly reopening of various parts of society during and in the aftermath of the COVID-19 pandemic. COVID-19 PANDEMIC MANAGEMENT/HEALTHY AT WORK GUIDELINES (CONTINUED)

It is anticipated that guidance will quickly change, and that additional guidance will come from various federal and state agencies.

It is important that the District's schools and facilities operate in a way that ensures that students, employees, and visitors are not unnecessarily or unreasonably exposed to dangerous viruses such as the virus associated with COVID-19.

The Superintendent or his designee is authorized to issue such administrative procedures, rules, and guidelines as the Superintendent or his designee determines necessary during and following the COVID-19 pandemic for the safe and orderly operation of schools that will prevent the District's employees, student, and visitors from being unnecessarily or unreasonably exposed to dangerous viruses, including without limitation the virus associated with COVID-19, subject to applicable state and federal law. Such administrative procedures, rules, and guidelines may include, without limitation, administrative procedures, rules, and guidelines (which must comply with applicable state and federal law) pertaining to health screening, testing, sanitization, physical distancing, protective personal equipment, and other matters related to the mitigation of the risk of transmission of dangerous viruses, including the virus associated with COVID-19. 1. Conditions under which high school credit will be granted under the system that allow students to demonstrate proficiency and earn credit for learning acquired outside the normal classroom setting, outside of school, or in prior learning;

Performance-based credit may be earned while the student is still "in school," but the instructional setting will look different from a traditional "seat time" environment.

2. Performance descriptors and their linkages to Kentucky Academic Standards;
At the high school level, performance descriptors and evaluation procedures shall be established to determine if the content and performance standards have been met.
3. Assessments and the extent to which state-mandated assessments will be used;
4. An objective grading and reporting process; and
5. Criteria to promote and support school and community learning experiences, such as internships and cooperative learning, in support of a student's ILP. Such experiences shall be supervised by qualified instructors and aligned with State and District content and performance standards.

Inclusive of all settings, the student may earn no more than ten (10) academic credits for a seven-period day schedule for students entering school in 2021, or eleven (11) academic credits for an eight-period schedule for students entering 2022 and beyond. Students with extenuating circumstances may request a waiver of this limitation through a letter to the Principal that is submitted to the Superintendent/designee for approval prior to enrolling in the additional courses.

Students wishing to follow an early graduation pathway shall notify the Principal of their intent prior to the beginning of grade nine (9) or as soon thereafter as the intent is known, but within the first thirty (30) school days of the academic year in which they wish to graduate. A Letter of Intent to Apply shall be entered into the student information system by October 1 of the year the student declares intent to graduate early.⁴

Home/Hospital Instruction

PURPOSE

Home/hospital instruction provides educational services to students who cannot attend school for extended periods due to temporary or recurring conditions, including fractures, surgical recuperation, or other physical, health, or mental conditions. An "extended period" refers to an absence for more than five (5) consecutive school days.

For purposes of KRS 157.360, a student who receives home/hospital instruction for a minimum of two (2) instructional sessions per week, with a minimum of one (1) hour of instruction per session, by a certified teacher provided by the Board, shall equal the student attending five (5) days in school. An instructional session may be delivered in person, electronically, or through other means established in regulation. A parent/guardian or responsible adult must be present in the home/hospital room during the time the home/hospital teacher is present or is otherwise delivering instruction.

ELIGIBILITY

Determination of a student's eligibility and provision of services for home/hospital instruction shall be made in compliance with applicable statutes and regulations. In accordance with KRS 159.030(2), the Board shall require evidence for students exempted from school attendance more than six (6) months. An exemption shall be reviewed annually.

At any time based on changes in the student's condition, the home/hospital review committee may schedule a review of the student's continued eligibility for home/hospital instruction. Eligibility for home/hospital instruction shall cease for students placed by the review committee if the student works, plays sports, or participates in extracurricular activities. For students with a 504 plan, eligibility for home/hospital instruction shall not cease if the student works, plays sports, or participates in extracurricular activities if participation is consistent with the student's 504 plan.

The Admissions and Release Committee (ARC) shall determine placement in home/hospital instruction for a student with disabilities. The 504 Team for a student may facilitate submission of an application to the review committee.

SECONDARY STUDENTS

A high school student placed on home/hospital instruction for extended periods may carry all appropriate credits during the first semester of placement. Except for students with an Individual Education Plan (IEP) or a 504 plan, the number of credits to be carried during all subsequent semesters of placement shall be determined on a casebycase basis by the review committee, based on the following criteria:

1. The student's ability to work independently during extended periods without direct assistance.
2. The student's capacity to complete assignments within a reasonable time frame.

Home/Hospital Instruction

SECONDARY STUDENTS (CONTINUED)

3. The likelihood that the student will be able to complete course criteria required for graduation, as required by the Kentucky Academic Standards.
4. When considering the student's condition, should s/he take a full or reduced course load? (If a reduced course load is appropriate, the committee shall determine the number of courses the student may take.)

STUDENTS WITH DISABILITIES

Based on documentation of student need, including medical or mental health evaluation information, a student with disabilities may be placed in the home/hospital instructional program if his/her individual education plan (IEP) specifies such placement is the least restrictive environment for providing services. The ARC Chair shall provide written notice of eligibility and documentation to the District Director of Pupil Personnel for purposes of program enrollment.

The Admissions and Release Committee (ARC) or 504 Team shall determine on a case-by-case basis the type and extent of home/hospital services for a student, including the number of credits a student at the secondary level will be permitted to earn while on home/hospital instruction.

Guidance and Mental Health Service Providers

Guidance and counseling services shall be provided for all students. Counselors may perform mental health services and provide implementation and training on trauma-informed practices as addressed in law.¹

SERVICES

Services provided by the guidance program shall consist of educational counseling; career and personal counseling; testing, and other services requested by students, parents, or staff.

INDIVIDUAL LEARNING PLANS

The District shall implement an advising and guidance process, in keeping with Kentucky Administrative Regulation, to provide support for the development and implementation of an Individual Learning Plan (ILP) for each student that includes career development and awareness. The ILP shall specifically address the content as provided in the Kentucky Academic Standards for career studies.

The development of the ILP for each student shall begin by the end of the sixth grade year and shall be focused on career exploration and related postsecondary education and training needs.

Sixth- (6th), eight- (8th) and ninth-grade (9th) grade students will begin the ILP, and shall set learning goals based on academic and career interests and shall identify required academic courses, electives, and extra-curricular opportunities aligned to the student's postsecondary goals. All middle and high school students will be creating ILPs.

Each school will design an Advisor/Advisee system. At a minimum, middle school students will review quarterly their Individual Learning Plan with their advisor and high school students will review monthly their ILP with their advisor. These plans are not static; they change as student's progress and as student goals change.

Each student and parent shall receive information and advising regarding the relationship between education and career opportunities. Advising and guidance shall include information about financial planning for postsecondary education.

The school shall maintain each student's ILP. The plan shall be readily available to the student and parent for annual review and approval.

The Superintendent/designee shall develop a method to evaluate the effectiveness and results of the ILP process that provides for input from students, parent and school staff. As part of the evaluation criteria, the District shall include indicators related to the status of the student in the twelve (12) months following the date of graduation and quarterly reports to the school board.

Instruction and Instructional Materials

A new section of KRS 158.196 requires each school to provide instruction and instructional materials that are aligned with the social studies academic standards and consistent with the following concepts:

1. All individuals are created equal;
2. Americans are entitled to equal protection under the law;
3. An individual deserves to be treated on the basis of the individual's character;
4. An individual, by virtue of the individual's race or sex, does not bear responsibility for actions committed by other members of the same race or sex;
5. The understanding that the institution of slavery and post-Civil War laws enforcing racial segregation and discrimination were contrary to the fundamental American promise of life, liberty, and the pursuit of happiness, as expressed in the Declaration of Independence, but that defining racial disparities solely on the legacy of this institution is destructive to the unification of our nation;
6. The future of America's success is dependent upon cooperation among all its citizens;
7. Personal agency and the understanding that, regardless of one's circumstances, an American has the ability to succeed when he or she is given sufficient opportunity and is committed to seizing that opportunity through hard work, pursuit of education, and good citizenship; and
8. The significant value of the American principles of equality, freedom, inalienable rights, respect for individual rights, liberty, and the consent of the governed.

Schools are not restricted from providing instruction or using instructional materials that include:

1. The history of an ethnic group, as described in textbooks and instructional materials adopted by the District;
2. The discussion of controversial aspects of history; or
3. The instruction and instructional materials on the historical oppression of a particular group of people.

SBDM COUNCIL REGULATION OF OTHER GRADING ISSUES

The individual SBDM councils shall have discretion to establish policies on grading, as long as those policies are consistent with Board Policy and are approved by the Board.

Any SBDM council policy on grading and Board Policy on grading that is inconsistent with the terms of this policy is superseded by this Board Policy to the extent of any inconsistency.

VALEDICTORIAN/SALUTATORIAN/TOP TEN RECOGNITION

Each high school will honor and recognize at graduation a Valedictorian, Salutatorian, and Top Ten Graduates. In order to be eligible to be recognized at graduation with any of these honors, a student must have qualified to receive an honors diploma in accordance with Board Policy 08.113. The honor of Valedictorian will be bestowed upon the eligible student(s) with the highest grade point average as determined in accordance with this Board Policy. The honor of Salutatorian will be bestowed upon the eligible student(s) with the next highest grade point average as determined in accordance with this Board Policy. Top Ten recognition will be bestowed upon the ten (10) eligible students with the highest grade point average as determined in accordance with this Board Policy. Top Ten recognition may be bestowed upon more than ten (10) students in the event of a tie.

Grading**VALEDICTORIAN/SALUTATORIAN/TOP TEN RECOGNITION (CONTINUED)**

A student may be recognized by either high school as a Valedictorian, Salutatorian, or Top Ten Graduate even though the student's grade point average would not otherwise merit such a distinction if the Principal in his or her discretion, after consultation with the school's Guidance Department, determines that the student's opportunity to achieve a grade point average sufficient to merit such distinction was prejudiced by the student not having the opportunity to take the same number of high school courses in middle school, because of where the student attended middle school, as other graduating students. The awarding of Valedictorian, Salutatorian, or Top Ten Graduate distinction under this paragraph will not prejudice other students, but will increase the number of students receiving such distinctions.

In the event that a Gatton Academy and/or Craft Academy student(s) qualifies as a Valedictorian under this rule, the honor of Valedictorian shall also be bestowed upon the non-Gatton or Craft Academy student(s) who would otherwise qualify as Valedictorian if Gatton or Craft Academy students were not eligible to be Valedictorian.

In the event that a Gatton Academy or Craft Academy student(s) qualifies under this policy as a Salutatorian, the honor of Salutatorian will also be bestowed upon the non-Gatton or Craft Academy student(s) who would otherwise qualify as Salutatorian if Gatton or Craft Academy students were not eligible to be Salutatorian.

In the event that a Gatton Academy or Craft Academy student(s) qualifies as a Top Ten Graduate, Top Ten recognition will also be bestowed upon those non-Gatton or Craft Academy students who would otherwise qualify as Top Ten Graduate students if the Gatton or Craft Academy students were not eligible for such honor.

Any Board policy or SBDM policy relating to Valedictorians, Salutatorians, and Top Ten Graduates inconsistent with this policy is superseded by this Board policy to the extent of any inconsistency.

RESIDENCE DEFINED

Pupils whose parent or guardian resides in the District and has custody of the student, or pupils who are legal residents of the school district as necessitated by change of legal guardianship or as otherwise provided by state or federal law, shall be considered residents and entitled to the privileges of the District's schools.

All other pupils shall be classified as nonresidents for school purposes.¹

HOMELESS CHILDREN AND UNACCOMPANIED YOUTH

The District shall provide educational and related services to homeless children and youth, including preschool-aged homeless children, and homeless children or youth not in the physical custody of a parent or guardian (unaccompanied youth) in a manner that does not segregate or stigmatize students on the basis of their homeless status.

The District shall provide its schools with guidelines that detail the rights of homeless students and the responsibilities that schools have to meet their needs and eliminate barriers to school attendance. These guidelines shall emphasize the right of homeless students to:

1. Have equal access to all educational programs and services, including transportation, that non-homeless children enjoy;
2. Have access to preschool programs as provided to other children in the District;
3. Continue attending their school of origin, when deemed in the best interest of the child, for the duration of homelessness;
4. Attend regular public school with non-homeless students; and
5. Continue to receive all services for which they are eligible (i.e., special education, gifted and talented, English learner).

The District shall provide transportation to the school of origin for homeless children at the request of the parent or guardian (or in the case of an unaccompanied youth, the liaison) if the child continues to live within the area served by the District in which the school of origin is located. If the child locates to a District other than that of his/her school of origin, the districts shall work together to apportion transportation to and from the school of origin and associated costs. If the districts are unable to reach agreement, responsibility and costs for transportation shall be shared equally.

The District shall designate an appropriate staff person to serve as liaison to homeless children and unaccompanied youth. In addition to coordination of McKinney-Vento implementation in the District, the liaison is responsible for:

- “Outreach” to other entities and agencies so that homeless students are identified;

- Ensuring that unaccompanied youths are enrolled in school and receive support to accrue credits and access to higher education.

The District shall inform school personnel, service providers, advocates working with homeless families, parents, guardians and homeless children and unaccompanied youths of the duties of the liaison.

All concerns regarding the education of homeless children and unaccompanied youth shall be referred to the District liaison. If a complaint arises regarding services or placement of homeless children and unaccompanied youth, the dispute resolution procedures as set forth in 704 KAR 7:090 shall apply.

Disputes over eligibility, school selection, or enrollment are to be appealed to the Kentucky Department of Education using the Dispute Resolution for Homeless form located at the link below:

<https://education.ky.gov/federal/progs/txc/Documents/Homeless%20Dispute%20Resolution%20Form.pdf>

The liaison shall provide a copy of the referenced form to the complainant.

The District shall provide services for homeless children and unaccompanied youths with disabilities as required by law.

CHILDREN IN FOSTER CARE

Students in foster care shall have equal access to all educational programs and services, including transportation, which all other students enjoy.

Foster children are to be immediately enrolled in a new school. The District shall collaborate with the Cabinet to ensure immediate and appropriate enrollment of the child and immediately contact the student's previous school for relevant records. The previous school shall provide the new school records within the student information system maintained by the Kentucky Department of Education by the end of the working day on the day of receipt of a request. If a record provided to the new school is incomplete, the previous school shall provide the completed record within three (3) working days of the original request. Remaining records shall be provided within ten (10) working days of the request.

The Superintendent shall appoint a Foster Care Liaison to coordinate activities relating to the District's provision of services to children placed in foster care, including transportation services, when the District is notified by the Cabinet for Health and Family Services in writing that the Cabinet has designated its foster care point of contact for the District. The Superintendent may appoint the District Foster Care Liaison prior to such notice from the Cabinet.

Admissions and Attendance

CHILDREN IN FOSTER CARE (CONTINUED)

Children in foster care, including preschool aged children if the District offers a preschool program, shall be eligible to attend their “school of origin” unless a determination is made that it is not in the child’s best interest. Such determination will be made in collaboration with the child welfare agency. Dispute resolutions shall be handled by all agencies involved in the determination of the foster child’s placement.

When possible, a child exiting the foster care program during the school year shall be allowed to complete the school year in the school of origin.

BEST INTEREST OF THE CHILD

Determining the best interest of the child takes into consideration the following factors, including but not limited to:

- The benefits to the child of maintaining educational stability;
- The appropriateness of the current educational setting;
- The child’s attachment and meaningful relationships with staff and peers at the current educational setting;
- The influence of the school’s climate on the child;
- The safety of the child; and
- The proximity of the placement to the school of origin, and how the length of a commute would impact the child.

Upon the determination that changing a child’s school of enrollment is in the best interest of the child, the Cabinet, any applicable child-caring facility, child-placing agency, school, districts, and the child’s state agency caseworker shall collaborate to ensure the immediate and appropriate enrollment of the child;

1. The child’s state agency caseworker shall immediately contact the receiving district to inform the district of the pending enrollment changes.
2. The child’s state agency caseworker or child-caring facility or child placing agency case manager shall either accompany the child and the foster parent to the new school to enroll the child or contact applicable staff at the new school via telephone during the day of enrollment, to assist with the enrollment, to share information relating to the child’s unique needs and prior experiences that may impact their education, and to identify and prevent disruptions in any instructional or support services that the child may have been receiving prior to that time, including but not limited to medical and behavioral health history and individual service plans.⁶

IMMIGRANTS

No student shall be denied enrollment based on his/her immigration status, and documentation of immigration status shall not be required as a condition of enrollment.

The District may provide an approved high school program to a student who is a refugee or legal alien until the student graduates or until the end of the school year in which the student reaches the age of twenty-one (21), whichever comes first.

Admissions and Attendance

NONRESIDENTS

Nonresident pupils may be ~~enrolled inadmitted to~~ the District's schools in accordance with Board ~~policies~~policy 09.1222, 09.124, and upon approval of the Superintendent /designee. Once a nonresident student is enrolled for the academic year, the student may not be dismissed during that academic year without applicable due process.³

~~Written nonresident pupil contract information shall be kept on file at both the attending and resident districts.~~

Nonresident students designated as homeless or foster children may be required to be enrolled consistent with the "best interest of the child" or "school of origin" requirements under the Every Student Succeeds Act (ESSA) and the McKinney-Vento Act as amended by ESSA.

NON-IMMIGRANT FOREIGN STUDENTS

Non-immigrant foreign students qualifying for F-1 immigration status or who obtain an F-1 student visa may be admitted to the District based on the following guidelines:

1. These students shall not be permitted to attend any publicly funded adult education program.
2. These students may be permitted to attend in grades nine through twelve (9-12), but not at earlier grade levels.
3. As required by law, these students shall pay a tuition fee equal to the full, unsubsidized per capita cost to the District for providing education to the student for the period of attendance.
4. The period of attendance shall not exceed twelve (12) months.

These requirements do not apply to immigrant students residing in the District or foreign students in any other immigration status, including exchange students.

FOREIGN EXCHANGE STUDENTS

The District shall regulate the admission and participation of foreign exchange students in the District's educational programs.

EXPELLED/CONVICTED STUDENTS

The parent, guardian, Principal, or other person or agency responsible for the student shall provide to the school prior to admission, a sworn statement or affirmation concerning any of the following that have occurred in or outside Kentucky:

1. If a student has been expelled from school; or
2. If a student has been adjudicated guilty/convicted of, homicide, assault, or an offense in violation of state law or school regulations relating to weapons, alcohol, or drugs.

Assault shall mean any physical assault, including sexual assault.

- The student is assigned to an alternative school or program for other reasons as provided in the code of conduct, Board policy, or other program standards adopted by the Board.
- Other reasons related to safety concerns and educational needs of the student referenced in 704 KAR 19:002.

A student's parent/legal guardian or a student who is eighteen (18) years of age or older may request voluntary placement in the Alternative Education Program.

The Principal or other designated administrator shall notify the parents by letter of their child's assignment to the Alternative Education Program. The letter shall include length and reason for assignment, expected behavior of the student, and notification that assignment may be extended or shortened depending upon the attitude and cooperation of the student.
