MESSAGE FROM SUPERINTENDENT

Henderson County School District strives to provide a safe and orderly environment for its students. We understand that discipline is a key component to a positive, successful learning environment. Accordingly, we hold high expectations for student behavior and we encourage and expect students to demonstrate responsibility and appropriate behavior at all times.

Our school district promotes the use of Positive Behavioral Interventions and Supports (PBIS) which recognizes the need to educate students on behavioral as well as academic expectations. PBIS focuses on a systems approach for establishing the social culture and individualized behavioral supports needed for schools to achieve.

The Student Code of Conduct describes standards of conduct important to safety of both learning and community life in our schools. When students come together, their individual rights become limited because of the need for the mutual safety of everyone. This includes the responsibilities for following rules and respecting authority of school staff members whose jobs are to ensure a successful education for all students.

We encourage each student and parent/guardian to take time to read and understand the contents of our policy. We feel confident that by working together, the learning environment in each school will be maximized for student achievement. We look forward to the coming school year.

Bob Lawson

ABSENCES AND EXCUSES

Pupils are required to attend regularly and punctually the school in which they are enrolled. Recording of absences and tardies shall be made in compliance with the requirements of 702 KAR 7:125.¹

Tardiness is not just being late for school as traditionally interpreted; it is defined by law. A tardy shall be recorded for a pupil who is absent thirty-five percent (35%) or less of the regularly-scheduled school day for the pupil's grade level.

Teachers are required to keep an accurate attendance record for each of their classroom assignments.

Truancy Defined

Any student who has attained the age of six (6), but has not reached his/her eighteenth (18th) birthday, who has been absent from school without valid excuse for three (3) days or more, or tardy without valid excuse on three (3) days or more, is a truant.

Any student enrolled in a public school who has attained the age of eighteen (18) years, but has not reached his/her twenty-first (21st) birthday, who has been absent from school without valid excuse for three (3) or more days, or tardy without valid excuse on three (3) or more days, is a truant.

Any student who has been reported as a truant two (2) or more times is an habitual truant.

The Director of Student Services may hold a parental conference and/or attendance hearing with the student and parent(s) after a student is truant.

For the purposes of establishing a student's status as a truant, a student's attendance record is cumulative for an entire school year. When students transfer from one Kentucky district to another, attendance information from the previous district shall become part of their official attendance record for that school year.

Excused Absences

Reasons for an excused absence or tardiness include:

1. Death, funeral, or severe illness in the pupil's immediate family;

Access is a privilege—not a right. Users are responsible for good behavior on school computer networks. Independent access to network service is given to individuals who agree to act in a responsible manner. Users are required to comply with District standards and to honor the access/usage agreements.

The network is provided for users to conduct research and to communicate with others. During school hours, teachers of younger children will guide their students to appropriate materials. Outside of school, families bear the same responsibility for such guidance as they exercise with information sources such as television, telephones, movies, radio, and other media that may carry/broadcast information.

Safety Procedures and Guidelines

The Superintendent/designee shall develop and implement appropriate procedures to provide guidance for access to electronic media. Guidelines shall address teacher supervision of student computer use, ethical use of electronic media (including, but not limited to, the Internet, e-mail, and other District technology resources), and issues of privacy versus administrative review of electronic files and communications. In addition, guidelines shall prohibit utilization of networks for prohibited or illegal activities or the use of other programs with the potential of damaging or destroying programs or data.

Students shall be provided instruction about appropriate online behavior, including interacting with other individuals on social networking sites and in chat rooms and cyberbullying awareness and response. Students who bring personal devices to school must use the school network to access the Internet. Use of mobile hotspots or personal data plans to access the Internet while at school is considered misuse.

Internet safety measures, which shall apply to all District-owned devices with Internet access or personal devices that are permitted to access the District's network shall be implemented that effectively address the following:

- Controlling access by minors to inappropriate material on the Internet;
- Safety and security of minors when they are using electronic mail, chat rooms, and other forms of direct electronic communications;
- Education of minors about appropriate online behavior including interacting with other individuals on social networking websites and in chat rooms and cyberbullying awareness and response.
- Preventing unauthorized access, including "hacking" and other unlawful activities by minors online;

(Continued)

ACCESS TO ELECTRONIC MEDIA (RESPONSIBLE USE POLICY)**Safety Procedures and Guidelines (continued)**

- Unauthorized disclosure, use and dissemination of personal information regarding minors; and
- Restricting minor's access to materials that are deemed obscene, child pornography, or harmful to minors.

A technology protection measure may be disabled by the Board's designee during use by an adult to enable access for bona fide research or other lawful purpose.

The District shall provide reasonable public notice of, and at least one (1) public hearing or meeting to address and communicate its initial Internet safety measures.

Specific expectations for appropriate Internet use shall be reflected in the District's code of acceptable behavior and discipline including appropriate orientation for staff and students.

Responsible Use Agreement

Because access to the Internet may expose users to items that are illegal, defamatory, inaccurate, or offensive, we require all students under the age of eighteen (18) to receive a Responsible Use Agreement prior to access/use of District technology resources. All other users will also be required to honor a Responsible Use Agreement.

The required student agreement form (08.2323 AP.21), shall specify responsible uses of on-line behavior, access privileges, and penalties for policy/procedural violations and must be signed by the student and the parent/legal guardian of minor students (those under 18 years of age). This document shall be kept on file as a legal, binding document. In order to modify or rescind the agreement, the student's parent/guardian (or the student who is at least 18 years old) (or in case of an employee, the employee) must provide the Superintendent with a written request.

Employee Use

Employees shall use electronic mail, technology resources, and network access only for purposes directly associated with work-related activities.

Employees shall not use a code, access a file, or retrieve any stored communication unless they have been given authorization to do so. (Authorization is not required each time the electronic media is accessed in performance of one's duties.) Each employee is responsible for the security of his/her own password.

Employees are encouraged to use electronic mail and other District technology resources to promote student learning and communication with the home and education-related entities. If those resources are used, they shall be used for purposes directly related to work-related activities.

Technology-based materials, activities and communication tools shall be appropriate for and within the range of the knowledge, understanding, age and maturity of students with whom they are used.

Networking, communication and other options offering instructional benefits may be used for the purpose of supplementing classroom instruction and to promote communications with students and parents concerning school-related activities.

(Continued)

ACCESS TO ELECTRONIC MEDIA (RESPONSIBLE USE POLICY)**Employee Use (continued)**

District employees and activity sponsors may establish digital communication tools using District resources in accordance with District guidelines to promote communications with students, parents, and the community concerning school-related activities for the purpose of supplementing classroom instruction or when specific authorization is given by the Superintendent/designee for social networking accounts.

Staff members are discouraged from creating personal social networking sites to which they invite students to be friends. Employees taking such action do so at their own risk.

All employees shall be subject to disciplinary action if their conduct relating to use of technology or online resources violates this policy or other applicable policy, statutory or regulatory provisions governing employee conduct. The Professional Code of Ethics for Kentucky School Certified Personnel requires certified staff to protect the health, safety, and emotional well-being of students and confidentiality of student information. Conduct in violation of this Code, including, but not limited to, such conduct relating to the use of technology or online resources, must be reported to the Education Professional Standards Board (EPSB) as required by law and may form the basis for disciplinary action up to and including termination.

Community Use

Upon request to the Principal/designee, community members may have access to the Internet and other electronic information sources and programs available through the District's technology system, provided they abide by the rules of usage established by this Policy and the responsibilities set forth in the Responsible Use Agreement Form.

No Privacy Guarantee

The Superintendent/designee has the right to access information stored in any user directory, on a user's screen, or in District supported electronic communications. S/he may review files and communications to maintain system integrity and insure that individuals are using the system responsibly. Users should have no expectation of privacy regarding the use of District property, technology-based devices, network, Internet access, files, and email.

Responsible Use Violations

Failure to sign or uphold the responsibilities listed in the Student and/or Employee Responsible Use Agreement Form will be considered misuse. Misuse of District devices and/or networks may result in restricted access. Such misuse may also lead to disciplinary and/or legal action including suspension, expulsion, termination, or criminal prosecution by government authorities as appropriate.

(Continued)

ACCESS TO ELECTRONIC MEDIA (RESPONSIBLE USE POLICY)**Responsibility for Damages**

The District makes no guarantees about the quality of the services provided and is not liable for any claims, losses, damages, costs, or other obligations arising from use of the network, District accounts, or equipment. Users are responsible for any charges incurred while using District devices and/or network including repair or replacement for District resources lost, stolen, damaged, or vandalized while under their care. The District also denies any liability for the accuracy or quality of the information

Responsibility for Damages (continued)

obtained through user access. Any statement accessible online is understood to be the author's individual point of view and not that of the District, its affiliates, or employees. Students under the age of 18 should only access District network accounts outside of school if a parent or legal guardian supervises their usage at all times. The student's parent or guardian is responsible for monitoring the minor's use outside of school.

Students or staff members who deface a District web site or otherwise make unauthorized changes to a web site shall be subject to disciplinary action, up to and including expulsion and termination, as appropriate.

Responding to Concerns

School officials shall apply the same criterion of educational suitability used to review other educational resources when questions arise concerning access to specific databases or other electronic media (08.2322).

Audit of Use

Users with network access shall not utilize District resources to establish electronic mail accounts through third-party providers or any other nonstandard electronic mail system.

The District shall establish a process to prevent and monitor the District's educational technology from being used for purposes prohibited by law or for accessing sexually explicit materials. The process shall include, but not be limited to:

1. Utilizing technology that meets requirements of Kentucky Administrative Regulations and that blocks or filters internet access for both minors and adults to certain visual depictions that are obscene, child pornography, or, with respect to computers with Internet access by minors, harmful to minors;
2. Maintaining and securing a usage log; and
3. Monitoring online activities of minors.
4. The District will take all necessary measures to secure the network against potential cyber security threats. This may include blocking access to District applications, including but not limited to email, data management and reporting tools, and other web applications.

ACCESS TO ELECTRONIC MEDIA (RESPONSIBLE USE POLICY)**Retention of Records for E-Rate Participants**

Following initial adoption, this policy and documentation of implementation shall be retained for at least ten (10) years after the last day of service in a particular funding year.

ADMISSIONS AND ATTENDANCE

Residence Defined

Pupils whose parent or guardian resides in the District and has custody of the student, or pupils who are legal residents of the school District, or as otherwise provided by state or federal law, shall be considered residents and entitled to the privileges of the District's schools.

All other pupils shall be classified as nonresidents for school purposes.¹

Homeless Children and Unaccompanied Youth

The District shall provide educational and related services to homeless children and youth, including preschool-aged homeless children, and homeless children or youth not in the physical custody of a parent or guardian (unaccompanied youth) in a manner that does not segregate or stigmatize students on the basis of their homeless status.

The District shall provide its schools with guidelines that detail the rights of homeless students and the responsibilities that schools have to meet their needs and eliminate barriers to school enrollment and attendance. These guidelines shall emphasize the right of homeless students to:

1. Have equal access to all educational programs and services, including transportation, that non-homeless students enjoy;
2. Have access to preschool programs as provided to other children in the District;
3. Continue attending their school of origin, when deemed in the best interest of the child, for the duration of homelessness;
4. Attend regular public school with non-homeless students; and
5. Continue to receive all services for which they are eligible (i.e., special education, gifted and talented, English learner).

The District shall provide transportation to the school of origin for homeless children at the request of the parent or guardian (or in the case of an unaccompanied youth, the liaison) if the child continues to live within the area served by the District in which the school of origin is located. If the child locates to a District other than that of his/her school of origin, the districts shall work together to apportion transportation to and from the school of origin and associated costs. If the districts are unable to reach agreement, responsibility and costs for transportation shall be shared equally.

The District shall designate an appropriate staff person to serve as liaison to homeless children and unaccompanied youth. In addition to coordination of McKinney-Vento implementation in the District, the liaison is responsible for:

- “Outreach” to other entities and agencies so that homeless students are identified;
- Providing public notice of the educational rights of homeless children in locations frequented by parents/guardians and unaccompanied youths. This notice is to be in a manner and form that is understandable;²

(Continued)

ADMISSIONS AND ATTENDANCE**Homeless Children and Unaccompanied Youth (continued)**

- Seeing that school personnel who provide McKinney-Vento Services receive professional development and other support; and
- Ensuring that unaccompanied youths are enrolled in school and receive support to accrue credits and access to higher education.

The District shall inform school personnel, service providers, advocates working with homeless families, parents, guardians and homeless children and unaccompanied youths of the duties of the liaison.

All concerns regarding the education of homeless children and unaccompanied youth shall be referred to the District liaison. If a complaint arises regarding services or placement of homeless children and unaccompanied youth, the dispute resolution procedures as set forth in 704 KAR 7:090 shall apply.

Disputes over eligibility, school selection, or enrollment are to be appealed to the Kentucky Department of Education using the Dispute Resolution for Homeless form located at the link below:

<https://education.ky.gov/federal/progs/txc/Documents/Homeless%20Dispute%20Resolution%20Form.pdf>

The liaison shall provide a copy of the referenced form to the complainant.

The District shall provide services for homeless children and unaccompanied youths with disabilities as required by law.

Children in Foster Care

Students in foster care shall have equal access to all educational programs and services, including transportation, which all other students enjoy.

Foster children are to be immediately enrolled in a new school. The District shall collaborate with the Cabinet to ensure immediate and appropriate enrollment of the child and immediately contact the student's previous school for relevant records. The previous school shall provide the new school records within the student information system maintained by the Kentucky Department of Education by the end of the working day on the day of receipt of a request. If a record provided to the new school is incomplete, the previous school shall provide the completed record within three (3) working days of the original request. Remaining records shall be provided within ten (10) working days of the request.

The Superintendent shall appoint a Foster Care Liaison to coordinate activities relating to the District's provision of services to children placed in foster care, including transportation services, when the District is notified by the Cabinet for Health and Family Services in writing that the Cabinet has designated its foster care point of contact for the District. The Superintendent may appoint the District Foster Care Liaison prior to such notice from the Cabinet.

(Continued)

ADMISSIONS AND ATTENDANCE**Children in Foster Care (continued)**

Children in foster care, including preschool aged children if the District offers a preschool program, shall be eligible to attend their "school of origin" unless a determination is made that it is not in the child's best interest. Such determination will be made in collaboration with the child welfare agency. Dispute resolutions shall be handled by all agencies involved in the determination of the foster child's placement.

When possible, a child exiting the foster care program during the school year shall be allowed to complete the school year in the school of origin.

Best Interest of the Child

Determining the best interest of the child takes into consideration the following factors, including but not limited to:

- The benefits to the child of maintaining educational stability;
- The appropriateness of the current educational setting;
- The child's attachment and meaningful relationships with staff and peers at the current educational setting;
- The influence of the school's climate on the child;
- The safety of the child; and
- The proximity of the placement to the school of origin, and how the length of a commute would impact the child.

Upon the determination that changing a child's school of enrollment is in the best interest of the child, the Cabinet, any applicable child-caring facility, child-placing agency, school, districts, and the child's state agency caseworker shall collaborate to ensure the immediate and appropriate enrollment of the child;

1. The child's state agency caseworker shall immediately contact the receiving district to inform the district of the pending enrollment changes.
2. The child's state agency caseworker or child-caring facility or child placing agency case manager shall either accompany the child and the foster parent to the new school to enroll the child or contact applicable staff at the new school via telephone during the day of enrollment, to assist with the enrollment, to share information relating to the child's unique needs and prior experiences that may impact their education, and to identify and prevent disruptions in any instructional or support services that the child may have been receiving prior to that time, including but not limited to medical and behavioral health history and individual service plans.

Immigrants

No student shall be denied enrollment based on his/her immigration status, and documentation of immigration status shall not be required as a condition of enrollment.

(Continued)

ADMISSIONS AND ATTENDANCE**Nonresidents**

Nonresident pupils may be enrolled in the District's schools in accordance with Board policies 09.1222, 09.124, and upon approval of the Superintendent. Once a nonresident student is enrolled for the academic year, the student may not be dismissed during that academic year without applicable due process.³

Nonresident students designated as homeless or foster children may be required to be enrolled consistent with the "best interest of the child" or "school of origin" requirements under the Every Student Succeeds Act (ESSA) and the McKinney-Vento Act as amended by ESSA.

Non-Immigrant Foreign Students

Non-immigrant foreign students qualifying for F-1 immigration status or who obtain an F-1 student visa may be admitted to the District based on the following guidelines:

1. These students shall not be permitted to attend any publicly funded adult education program.
2. These students may be permitted to attend in grades nine through twelve (9-12), but not at earlier grade levels.
3. As required by law, these students shall pay a tuition fee equal to the full, unsubsidized per capita cost to the District for providing education to the student for the period of attendance.
4. The period of attendance shall not exceed twelve (12) months.
5. A foreign exchange student living with a host family residing within the District may be admitted as a resident student. A foreign exchange student living with a host family residing outside of the District will not be admitted.
6. The District shall regulate the admission and participation of foreign exchange students in the District's educational programs. No more than five (5) foreign exchange students shall be placed in a single school.

These requirements do not apply to immigrant students residing in the District or foreign students in any other immigration status.

Expelled/Convicted Students

The parent, guardian, Principal, or other person or agency responsible for the student shall provide to the school prior to admission, a sworn statement or affirmation concerning any of the following that have occurred in or outside Kentucky:

1. If a student has been expelled from school; or
2. If a student has been adjudicated guilty/convicted of homicide, assault, or an offense in violation of state law or school regulations relating to weapons, alcohol, or drugs.

Assault shall mean any physical assault, including sexual assault.

(Continued)

ADMISSIONS AND ATTENDANCE**Expelled/Convicted Students (continued)**

The sworn statement or affirmation shall be on a form provided by the appropriate state agency and shall be sent to the receiving school within five (5) working days of official notification that a student has requested enrollment in the new school.⁴

If a student is suspended or expelled for any reason, or faces charges that may lead to suspension or expulsion, but withdraws prior to a hearing from any public or private school in Kentucky or any other state and then moves into the District and seeks to enroll, the District shall review the details of the charges, suspension, or expulsion and determine if the student will be admitted, and if so, what conditions may be imposed upon the admission. Prior to a decision to deny admission, the District shall offer the student, parent/guardian, or other persons having legal custody or control of the student a hearing before the Board.

No pupil shall purchase, possess, attempt to possess, deposit, use, be under the influence of, sell, or transfer any of the following on or about school property, at any location of a school-sponsored activity, or en route to or from school or a school-sponsored activity:

1. Alcoholic beverages;
2. Controlled substances, prohibited drugs and substances and drug paraphernalia; and
3. Substances that "look like" a controlled substance. In instances involving look-alike substances, there must be evidence of the student's intent to pass off the item as a controlled substance.

In addition, students shall not possess prescription drugs for the purpose of sale or distribution.

Definitions

Controlled substance means any substance or immediate precursor listed in Chapter 218A of the Kentucky Revised Statutes or any other substance added by regulation under [KRS 218A.010](#).

Prohibited drugs include, but are not limited to, any substance that an individual may not sell, possess, use, distribute or purchase under Federal or Kentucky law.

Prohibited substances include:

1. All prescription drugs obtained without authorization, and
2. All prohibited substances however taken or used, including but not limited to, inhaling, ingesting, and/or injecting. These include, but are not limited to, prescribed and over-the-counter drugs, prohibited volatile substances as defined in [KRS 217.900](#) or synthetic compounds/substances that are used or intended for use for an abusive and/or intoxicating purpose.

Authorized Medication

Use of a drug authorized by and administered in accordance with a prescription from an authorized medical provider or dentist shall not be considered in violation of this policy. Please refer to Policy 09.2241 for information on prescribed medication for students.

Penalty

Violation of this policy shall constitute reason for disciplinary action including suspension or expulsion from school and suspension or dismissal from athletic teams and/or other school-sponsored activities.

(Continued)

USE OF ALCOHOL, DRUGS AND OTHER PROHIBITED SUBSTANCES**Reporting**

Employees of the District shall promptly make a report to the local police department, sheriff, or Kentucky State Police, by telephone or otherwise, if they know or have reasonable cause to believe that conduct has occurred which constitutes the use, possession, or sale of controlled substances on the school premises or within one thousand (1,000) feet of school premises, on a school bus, or at a school sponsored or sanctioned event. In addition, when they have reasonable belief that a violation has taken place, Principals shall immediately report to law enforcement officials when an act has occurred on school property or at a school-sponsored function that involves student possession of a controlled substance on school property in violation of the law.

Prevention Program

The Superintendent shall establish a comprehensive and on-going drug-free/alcohol-free prevention program for all students which shall include notice to students and parents of the following:

1. The dangers of drug/alcohol/substance abuse in the schools;
2. The District's policies and related procedures on drug-free/alcohol-free schools;
3. The requirement for mandatory compliance with the District's established standards of conduct, including those that prohibit use of alcohol, drugs and other controlled and prohibited substances;
4. Information about available drug/alcohol counseling programs and available rehabilitation/student assistance programs; and
5. Penalties that may be imposed upon students for violations of this policy.

Random Drug-Testing Program

The random student drug-testing program is based on a health and safety rationale with the purpose of prevention. Drug use encourages truancy, disruptive class behavior, bullying, violence, and interferes with learning, making it a threat to not only the drug users, but to all students and teachers. We recognize that the unlawful or unauthorized use of drugs seriously impairs the health, safety, education, and future success of all students and adults in the school environment.

This student drug-testing policy shall apply to all individuals in grades six through twelve (6-12) choosing to participate in the designated extracurricular activities identified in this policy, students who apply for a permit to park on school property and students that "opt-in" the program.

Students participating in the designated extracurricular activities, students that apply for a permit to park on school property, and students that opt-in to the program shall be subject to random drug testing, including an alcohol breathalyzer test, throughout the school year.

(Continued)

USE OF ALCOHOL, DRUGS AND OTHER PROHIBITED SUBSTANCES

Each student who plans to participate in any sport and/or extracurricular activity outlined in this policy and his/her parent or guardian shall be required to sign a written consent for drug testing as a prerequisite to the student's participation in the activity. Likewise, any student applying for a parking permit and his/her parent or guardian shall be required to sign a written consent for drug testing as a prerequisite to receiving parking privileges.

Students not participating in the activities outlined in this policy shall also have the option to "opt-in" the drug testing program and shall be placed in the pool of students that may be randomly selected. Once a student opts-in the program, his/her name shall remain in the pool until written notice is received from the student and signed by his/her parent or guardian requesting that the student be removed from the pool.

Statement of Purpose and Intent

1. It is the desire of the Board, administration, and staff that every student in the District refrains from using, possessing, or distributing illegal or unauthorized drugs and/or alcohol. The actions of the random drug testing policy relate solely to limiting the opportunity of any student violating the policy to participate in designated extracurricular activities and/or parking on school property. This policy is intended to supplement and complement all other policies, rules, and regulations of the District regarding possession and/or use of illegal drugs and/or alcohol.
2. Representing the District in athletics and/or school sponsored extracurricular activities and parking on school property are privileges. Accordingly, students participating in school sponsored athletic or extracurricular programs at the middle school or high school level carry a responsibility to themselves, their fellow students, their parents, and their school to set the highest possible examples of conduct, which includes avoiding the use or possession of illegal drugs and alcohol. Likewise, students who are granted the privilege to park on school property carry a responsibility to themselves, their fellow students, their parents, and their school to demonstrate personal responsibility and exercise the highest level of safety, which includes avoiding the use or possession of illegal drugs or alcohol.
3. The purpose of this policy is to prevent drug/alcohol use; educate students as to the serious physical, mental, and emotional harm caused by drug use; alert students with possible drug problems to the potential harms of use; prevent injury, illness, and harm as a result of drug use; and maintain in the school District an environment free of drug use and abuse. The Board has adopted this policy for all students participating in the designated extracurricular activities in grades six through twelve (6-12), students driving and/or parking on school property, and students that choose to opt-in to the program.

(Continued)

USE OF ALCOHOL, DRUGS AND OTHER PROHIBITED SUBSTANCES

4. The sanctions of this policy relate solely to limiting the opportunity of any student in violation of the random drug testing policy to participate in the designated activities and/or to park on school property. However, this policy shall not be deemed to insulate students from disciplinary action based on information acquired independently of the testing program that supports a student's violation of any other policy adopted by the, the student code of acceptable behavior and discipline, and/or school handbooks relating student's being in the possession of, using, providing, or under the influence of illegal substances or alcohol while on school property or at a school activity (home or away).

In the context of performance-enhancing drugs, reasonable suspicion could also include unusual increases in size, strength, weight, or other athletic abilities.

Implementation, Review, and Evaluation

1. All students wanting to participate in the designated extracurricular activities and/or to park on school property must sign a consent form. This form must be returned to the office within five (5) school days of receipt. Failure to turn in a properly signed consent form within the time limits set forth in this policy will keep a student from participating in the designated activity. Parking permits will not be issued until the signed consent form has been received.
2. A Substance Abuse Prevention Committee (Committee) shall be established and shall have the overall responsibility for implementing this policy. The Committee may consist of the school Principals, Head Coaches of the athletic teams, designated sponsors of extracurricular activities, Athletic Director, Title IV Coordinator, School Health Coordinator, Counselor, Superintendent, and/or Board Members.
3. The Committee shall establish procedures as needed to implement the policy fairly and efficiently. In addition, the Committee shall review and evaluate the effectiveness of the drug testing policy on an annual basis. The evaluation shall include, but not be limited to, the effectiveness of the comprehensive educational and counseling program, substance testing program, procedural safeguards, and the list of drug substances tested. The Committee shall not have access to any of the test results. The Committee's purpose is limited to procedures and evaluation of the policy.

1st Offense – For the first offense, the participant shall be suspended from participation in any and all contests and student drivers shall have their parking permit suspended for four (4) weeks from the date of the initial positive test. Students involved in designated extracurricular activities may attend practice sessions, continue to attend team-group functions and sit with fellow participants at events during the four (4) week suspension. Student drivers shall have their parking permit suspended for four (4) weeks from the date of the confirmation of the positive test. Any participant who tests positive will be required to provide a negative drug test, at his/her own expense, before regaining eligibility or reinstatement of parking privileges. Failure to provide a negative drug test within thirty (30) days of the initial positive test will be considered a second violation.

During the period of suspension, it is encouraged that the student receives drug counseling to assist in stopping the abusive behaviors that have occurred. The school will provide to the parent/guardian/custodian information on available counseling.

2nd Offense – For the second offense, the participant will be suspended from participation in any and all designated extracurricular activities and student drivers shall have their parking permit suspended for eighteen (18) weeks from the date of the confirmation of the positive test. The participant must provide a negative drug test, at his/her own expense, before regaining eligibility to participate in activities or reinstatement of parking privileges. If a participant does not comply, he/she will be suspended from any and all participation in any and all activities for the remainder of the season and/or parking privileges shall be revoked until such time as a negative test result is provided.

During the eighteen (18) week period, it is encouraged that the student receives drug counseling to assist in stopping the abusive behaviors that have occurred. The school will provide to the parent/guardian/custodian information on available counseling.

(Continued)

USE OF ALCOHOL, DRUGS AND OTHER PROHIBITED SUBSTANCES

3rd or Subsequent Offense – For all subsequent offenses, the participant will be suspended from participation in all in-season and/or off-season activities and student drivers shall have their parking permit suspended for three hundred sixty five (365) calendar days from the date of the confirmation of the positive test.

Any violation of this policy that occurs while a student is in the ninth (9th), tenth (10th), eleventh (11th), or twelfth (12th) grade shall be cumulative in considering the level of offense.

Provided all criteria outlined in this policy have been met, students shall enter high school with a clean slate. Any violation of this policy which occurs after completion of the 8th grade shall be considered as a first offense, regardless of whether the student had a previous violation of the policy in grades six through eight (6-8).

Students “Opting-In” – Parents with students in grades six through twelve (6-12) who participate in the drug-testing program voluntarily, but do not participate in any activities that are subject to this drug-testing policy and test positive, will be notified of such positive test, but the student will not be penalized through this policy.

Retest After Suspension

In the case of retesting a student suspended for marijuana, a lower level of the substance might continue to be evident for up to ninety (90) days because of the extended length of time the substance stays in the body. In this situation, the student will be allowed to participate in designated extracurricular activities once he/she completes the required suspension. If the marijuana level stays the same or increases on the additional tests it will be treated as a second positive test. It will also be considered a second positive if any level is detected after ninety (90) days.

Refusal to Submit to Drug Use Test

If a participant refuses to submit to a drug test authorized under this policy, the participant will be considered to have had a positive test and will receive the restrictions according to the offense. Any student who has a positive initial test and refuses to complete the required paperwork for a confirmation test will be treated as a refusal to submit to testing and be subject to the restrictions/suspension imposed for the next level offense.

Self-Reporting

(Continued)

USE OF ALCOHOL, DRUGS AND OTHER PROHIBITED SUBSTANCES

A student who has never tested positive under this policy shall have the option to voluntarily “self-report” the use of an illegal drug/alcohol. Under this self-reporting clause, the student must self-report to the Principal prior to being selected in a random draw. Any student who self-reports a 1st offense shall have a five (5) school day suspension from all contests and student drivers shall have their parking permit suspended for five (5) school days. The student must also produce a negative test at his/her own expense within thirty (30) days. Students cannot self-report if they have already tested positive as a 1st offense.

Disclaimer

This policy shall not supersede any state and/or federal law or KHSAA policy on this topic.

Upon the request of a victim, school personnel shall report an act of domestic violence and abuse or dating violence and abuse to a law enforcement officer. School personnel shall discuss the report with the victim prior to contacting a law enforcement officer.

School personnel shall report to a law enforcement officer when s/he has a belief that the death of a victim with whom s/he has had a professional interaction is related to domestic violence and abuse or dating violence and abuse.

These reporting requirements covering domestic violence and abuse or dating violence and abuse do not relieve school personnel of the duty to report any known or suspected abuse, neglect, or dependency of a child pursuant to KRS 620.030. This separate reporting requirement covers abuse, neglect or dependency of a child committed or caused by a parent, guardian, other person exercising control or supervision, or a person in a position of authority or special trust.

If individual school personnel has reasonable cause to believe that a victim with whom s/he has had a professional interaction has experienced domestic violence and abuse or dating violence and abuse, s/he shall provide educational materials to the victim relating to such form(s) of abuse and including information on access to regional domestic violence programs or rape crisis centers and how to access protective orders. Such notification shall observe and comply with confidentiality requirements of applicable law including, but not limited to, state and federal Family Educational Rights and Privacy Act (FERPA) laws.

Any District employee assigned to work directly with, or who comes in contact with, a student with a documented history of physical abuse of a school employee or of carrying a concealed weapon on school property or at a school function, shall be notified in writing of the student's history by the Principal or designee, guidance counselor or other official who has knowledge of the student's behavior prior to the assignment or contact.

SCHOOL ATTENDANCE AREAS

Assigned Zones

All pupils shall be assigned by geographic attendance zones and will attend the school designated to serve their area of residence. Specific areas served by each attendance zone will be marked on a map in the central administration office. In cases of joint custody, the student will be assigned to the area serving the residence of the parent with whom the child primarily resides. If pursuant to court order the child's time is split exactly in half between parents, the parents may choose which of the two (2) assigned schools the child will attend. Specific areas served by each attendance zone will be marked on a map in the central administration office. The Board may revise attendance zones from time to time to attain maximum utilization of school facilities.¹

No student may be assigned to or required to attend a charter school by the District.

Proof of Residence

Upon request, parents/guardians shall submit written documentation verifying the primary residence of the child. For school purposes, a child's residence is not necessarily the residence of the child's parent(s), and if the child has assumed a permanent home with some other person standing in loco parentis to the child, then the residence of the child for school purposes is the same as that person.

If Families Move

If a family moves from one attendance zone to another within the school system, the pupil may be permitted to finish the semester in the school in which s/he was last enrolled based on the following criteria:

1. The Principal gives approval;
2. Class size limits are not exceeded;
3. The student maintains a "C" grade (cumulative through the student's previous semester);
4. The student/parent provides transportation;
5. The student is not an excessive discipline problem (Excessive is defined as any alternative school placement, policy violation, out of school suspension or in school suspension.);
6. School attendance is not an issue (Issue is defined as three [3] unexcused attendance events or more. KRS 159.150 defines a student with three [3] unexcused attendance events as a truant.); and
7. There is no service provided or cost incurred by the Board.

Approval shall be granted with the understanding the student may be required to enroll at the school serving his/her attendance zone if, during the remainder of the semester, cap size limits are exceeded. The pupil must enroll the following semester in the school in the attendance zone of his/her legal residence.

SCHOOL ATTENDANCE AREAS**Requests for Transfer**

Requests for transfer to another District school must be based on physical, psychological, or educational reasons. Family hardship may also be considered in changing school assignment.

In compliance with and as set forth by federal requirements, the District shall allow students to transfer to another District school if:

1. The assigned school is designated by the state as being “persistently dangerous”: or
2. The student becomes a victim of a violent criminal offense, as determined by state law, while attending school.³

The Board shall exempt the following from compulsory attendance:

1. A graduate from an accredited or approved 4-year high school;

Exceptions to Presence at School

Students must be physically present in school to be counted in attendance, except under the following conditions:

1. Students shall be counted in attendance when they are receiving home/hospital, institutional,² or court-ordered instruction in another setting.

Students shall not be penalized for any school work missed during the specified moral instruction time.⁵
7. Students participating as part of a school-sponsored interscholastic athletic team, who compete in a regional or state tournament sanctioned by the Kentucky Board of Education or KHSAA, that occurs on a regularly scheduled student attendance day shall be counted and recorded present at school on the date or dates of the competition, for a maximum of two (2) days per student per school year. BULLYING/HAZING

In order to effectively participate in the democratic process as adults, students must learn to respect the rights of others and to interact with them in a civil manner. Therefore, students are required to speak and behave in a civil manner toward students, staff and visitors to the schools.

Actions Not Tolerated

The use of lewd, profane or vulgar language is prohibited. In addition, students shall not engage in behaviors such as hazing, bullying, menacing, taunting, intimidating, verbal or physical abuse of others, or other threatening behavior.¹ This policy extends to any/all student language or behavior including, but not limited to, the use of electronic or online methods and recording and posting of incidents with any type of device. Such behavior is disruptive of the educational process and interferes with the ability of other students to take advantage of the educational opportunities offered.

These provisions shall not be interpreted to prohibit civil exchange of opinions or debate protected under the state or federal constitutions where the opinion expressed does not otherwise materially or substantially disrupt the education process or intrude upon the rights of others.

Students who violate this policy shall be subject to appropriate disciplinary action.

Bullying Defined

Bullying means any unwanted verbal, physical, or social behavior among students that involves a real or perceived power imbalance and is repeated or has the potential to be repeated:

1. That occurs on school premises, on school-sponsored transportation, or at a school-sponsored event: or
2. That disrupts the education process.

This definition shall not be interpreted to prohibit civil exchange of opinions or debate or cultural practices protected under the state or federal Constitution where the opinion expressed does not otherwise materially or substantially disrupt the education process.²

Reports

As provided in the District Code of Acceptable Behavior and Discipline, students that believe they are victims of bullying/hazing shall be provided with a process to enable them to report such incidents to District personnel for appropriate action.

Employees are expected to take reasonable and prudent action in situations involving student welfare and safety, including following District policy requirements for intervening and reporting to the Principal or to their immediate supervisor those situations that threaten, harass, or endanger the safety of students, other staff members, or visitors to the school or District. Such instances shall include, but are

(Continued)

BULLYING/HAZING**Reports (continued)**

not limited to, bullying or hazing of students and harassment/discrimination of staff, students or visitors by any party.

Students who believe they have been a victim of bullying or who have observed other students being bullied shall, as soon as reasonably practicable, report it.

The District Code shall specify to whom reports of alleged instances of bullying or hazing shall be made. In serious instances of peer-to-peer bullying/hazing/harassment, employees must report to the alleged victim's Principal, as directed by Board policy 09.42811. The Principal/designee shall investigate and address alleged incidents of such misbehavior.

In certain cases, employees must do the following:

1. Report bullying and hazing to appropriate law enforcement authorities as required by policy 09.2211; and
2. Investigate and complete documentation as required by policy 09.42811 covering federally protected areas.

Other Claims

When a complaint is received that does not appear to be covered by this policy, administrators shall review other policies that may govern the allegations, including but not limited to, 09.426 and/or 09.42811. Harassment/discrimination allegations shall be governed by Policy 09.42811.

NOTIFICATION OF FERPA RIGHTS

Distribute this notice annually to parents and students.
--

The Family Educational Rights and Privacy Act (FERPA) affords parents and “eligible students” (students 18 years of age or older or students who are attending a postsecondary institution) certain rights with respect to the student’s education records. They are:

1. *The right to inspect and review the student’s education records within forty-five (45) days of the day the District receives a request for access.*

Parents or eligible students should submit to the school Principal/designee a written request that identifies the record(s) they wish to inspect. The Principal will make arrangements for access and notify the parent or eligible student of the time and place where the record(s) may be inspected.

2. *The right to inspect and review logs documenting disclosures of the student’s education records.*

Except for disclosure to school officials, disclosures related to some judicial orders or lawfully issued subpoenas, disclosures of directory information, and disclosure to the parent or eligible student, FERPA regulations require the District to record the disclosure.

3. *The right to request the amendment of the student’s education records that the parent or eligible student believes are inaccurate, misleading, or in violation of the student’s privacy or other rights.*

Parents or eligible students may ask the District to amend a record that they believe is inaccurate, misleading, or in violation of privacy or other rights. They should write to the school Principal, clearly identify the part of the record they want changed, and specify why it is inaccurate, misleading, or in violation of their privacy or other rights.

If the District decides not to amend the record as requested by the parent or eligible student, the District will notify the parent or eligible student of the decision and advise him/her of the right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

4. *The right to provide written consent prior to disclosure of personally identifiable information contained in the student’s education records, except to the extent that FERPA authorizes disclosure without consent.*

Exceptions that permit disclosure without consent include:

- a. Disclosure to school officials with legitimate educational interests. A “school official” is a person employed by the District as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the school Board; a volunteer, or an outside person or company with whom the District has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or a parent or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his/her tasks.

(Continued)
NOTIFICATION OF FERPA RIGHTS

A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his/her professional responsibility to the District.

This may include contractors, consultants, volunteers, and other parties to whom the District has outsourced services or functions.

b. HARASSMENT/DISCRIMINATION

DEFINITION

Harassment/Discrimination is unlawful behavior based on race, color, national origin, age, religion, sex (including sexual orientation or gender identity), or disability that is sufficiently severe, pervasive, or objectively offensive that it adversely affects a student's education or creates a hostile or abusive educational environment.

The provisions of this policy shall not be interpreted as applying to speech otherwise protected under the state or federal constitutions where the speech does not otherwise materially or substantially disrupt the educational process, as defined by policy 09.426, or where it does not violate provisions of policy 09.422.

PROHIBITION

Harassment/Discrimination is prohibited at all times on school property and off school grounds during school-sponsored activities. This prohibition also applies to visitors to the school who may come into contact with employees and students. (Acts of harassment/discrimination based on sex could be those committed by persons of the same or the opposite sex.)

District staff shall provide for a prompt and equitable resolution of complaints concerning harassment/discrimination.

DISCIPLINARY ACTION

Students who engage in harassment/discrimination of an employee or another student on the basis of any of the areas mentioned above shall be subject to disciplinary action, including but not limited to suspension and expulsion.

GUIDELINES

Students who believe they or any other student, employee, or visitor is being or has been subjected to harassment/discrimination shall, as soon as reasonably practicable, report it. In each school building, the Principal is the person responsible for receiving reports of harassment/discrimination at the building level. Otherwise, reports of harassment/discrimination may be made directly to the Superintendent. Additionally, if sexual discrimination or harassment is being alleged, reports may be made directly to the District Title IX Coordinator. Complaints of harassment/discrimination, whether verbal or written, shall lead to a documented investigation and a written report.

Employees who believe prohibited behavior is occurring or has occurred shall notify the victim's Principal, who shall immediately forward the information to the Superintendent.

The Superintendent shall provide for the following:

1. Investigation of allegations of harassment/discrimination to commence as soon as circumstances allow, but not later than three (3) school days of receipt of the original complaint, regardless of the manner in which the complaint is communicated to a District administrator. A written report of all findings of the investigation shall be completed within thirty (30) calendar days, unless additional time is necessary due to the matter being investigated by a law enforcement or governmental agency.

The Superintendent/designee may take interim measures to protect complainants during the investigation.

(Continued)
HARASSMENT/DISCRIMINATION

2. A process to identify and implement, within ten (10) school days of the submission of the written investigative report, methods to correct and prevent reoccurrence of the harassment/discrimination. If corrective action is not required, an explanation shall be included in the report.
3. A process to be developed and implemented to communicate requirements of this policy to all students, which may include, but not be limited to, the following:
 - written notice provided in publications such as handbooks, codes, and/or pamphlets; and/or
 - such other measures as determined by the Superintendent/designee.

Method(s) used shall provide a summary of this policy, along with information concerning how individuals can access the District's complete policy/procedures and obtain assistance in reporting and responding to alleged incidents. Students, parents or guardians, as appropriate, will be directed to sign an acknowledgement form verifying receipt of information concerning this policy as part of the Board-approved code of acceptable behavior and discipline.

4. Age-appropriate training during the first month of school to include an explanation of prohibited behavior and the necessity for prompt reporting of alleged harassment/discrimination; and
5. Development of alternate methods of filing complaints for individuals with disabilities and others who may need accommodation, including, but not limited to, interpreters for hearing impaired and visually impaired students and assistance in reading and filling out necessary papers.

When sexual harassment is alleged, the District's Title IX Coordinator, as designated in the student handbook/code, shall be notified.

NOTIFICATIONS

Within twenty-four (24) hours of receiving a serious allegation of harassment/discrimination, District personnel shall attempt to notify parents of both student victims and students who have been accused of harassment/discrimination.

In circumstances also involving suspected child abuse, additional notification shall be required by law. (See Policy 09.227.)

In applicable cases, employees must report harassment/discrimination to appropriate law enforcement authorities in accordance with law.¹

PROHIBITED CONDUCT

Depending on the circumstances and facts of the situation, and within the definition of harassment/discrimination contained in this policy, examples of conduct and/or actions that could be considered a violation of this policy include, but are not limited to:

1. Any nicknames, slurs, stories, jokes, written materials or pictures that are lewd, vulgar, or profane and relate to any of the protected categories listed in the definition of harassment/discrimination contained in this policy;

7. Destroying or damaging an individual's property based on any of the protected categories.

CONFIDENTIALITY

District employees involved in the investigation of complaints shall respect, as much as possible, the privacy and anonymity of both victims and persons accused of violations.

APPEAL

Upon the completion of the investigation and correction of the conditions leading to the harassment/discrimination, any party may appeal in writing any part of the findings and corrective actions to the Superintendent.

If a supervisor is an alleged party in the harassment/discrimination complaint, a written complaint shall be submitted to a higher level of authority.

Failure by employees to report, notify, and/or initiate an investigation of alleged harassment/discrimination as required by this policy, or to take corrective action shall be cause for disciplinary action.

RETALIATION PROHIBITED

No one shall retaliate against an employee or student because s/he submits a grievance, assists or participates in an investigation, proceeding, or hearing regarding the charge of harassment/discrimination of an individual or because s/he has opposed language or conduct that violates this policy.

Upon the resolution of allegations, the Superintendent shall take steps to protect employees and students against retaliation.

FALSE COMPLAINTS

Deliberately false or malicious complaints of harassment/discrimination may result in disciplinary action taken against the complainant.

PHYSICAL RESTRAINT AND SECLUSION

Use of physical restraint or seclusion by school personnel is subject to [704 KAR 007:160](#). However, nothing in this policy prohibits the exercise of law enforcement duties by sworn law enforcement officers.

DEFINITIONS

- *Physical Restraint* means a personal restriction that immobilizes or reduces the ability of a student to move the student's torso, arms, legs, or head freely.
- *Seclusion* means the involuntary confinement of a student alone in a room or area from which the student is prevented from leaving, but does not mean classroom timeouts, supervised in-school detentions, or out-of-school suspensions.

PHYSICAL RESTRAINT

All School Personnel

Use of physical restraint by all school personnel is permitted when a student's behavior poses an imminent danger of physical harm to self or others in clearly unavoidable emergency circumstances. In such situations, staff who have not had core team training may physically restrain students, but shall summon core trained school personnel as soon as possible.

In all situations involving use of physical restraint (including restraint by core trained personnel):

- The student shall be monitored for physical and psychological well-being for the duration of the restraint.
- Personnel shall use only the amount of force reasonably believed necessary to protect the student or others from imminent danger of physical harm.

Core Trained Personnel

School personnel who have undergone core team training may also use physical restraint after less restrictive behavioral interventions have been ineffective in stopping misbehavior as noted below:

1. In non emergency circumstances when a student's behavior poses an imminent danger of physical harm to self or others;
2. As provided in [KRS 503.050](#) (including when personnel believe physical restraint is necessary to protect themselves against the use or imminent use of unlawful physical force);

5. As provided in [KRS 503.110](#) (including when personnel believe physical restraint is necessary to maintain reasonable discipline in a school, class, or other group, and the force used is not designed to cause or known to create a substantial risk of causing death, serious physical injury, disfigurement, extreme pain, or extreme mental distress).

(Continued)

PHYSICAL RESTRAINT AND SECLUSION**SECLUSION**

Seclusion may be implemented only if: the student's behavior poses an imminent danger of physical harm to self or others; less restrictive interventions have been ineffective in stopping the imminent danger of physical harm; the student is monitored visually for the duration of the seclusion; and staff are appropriately trained to use seclusion.

PARAMETERS

The Board has established this policy and related procedures addressing use of physical restraint and seclusion that are designed to promote the safety of all students, school personnel, and visitors. As required by [704 KAR 007:160](#), school personnel and parents shall be made aware of how to access this policy and related procedures. Methods of notification may include, but are not limited to, publication in the District's local code of acceptable behavior and discipline and District employee handbooks.

The Principal of the school shall be notified as soon as possible when seclusion or physical restraint is used, but no later than the end of the school day on which it occurs.

Following each incident of physical restraint or seclusion of a student and if the student is not an emancipated youth, the parent of the student shall be notified of the incident either verbally or through electronic communication as soon as possible within twenty-four (24) hours of the incident. If the parent cannot be reached during that time frame, a written communication shall be mailed via U. S. mail.

If death, substantial risk of death, extreme physical pain, protracted and obvious disfigurement or protracted loss or impairment of the function of a bodily member, organ, or mental faculty results from use of physical restraint or seclusion, the Superintendent/designee shall notify the Kentucky Department of Education and local law enforcement within twenty-four (24) hours.

(Continued)

PHYSICAL RESTRAINT AND SECLUSION**DEBRIEFING SESSION**

If the parent or emancipated student requests a debriefing session following use or parental notification of the use of physical restraint or seclusion, individuals who are to participate shall be those specified by state regulation.

A requested debriefing session shall occur as soon as practicable, but no later than five (5) school days following receipt of the request from the parent or emancipated youth, unless a meeting is delayed by written mutual agreement of the parent/emancipated student and the school.

The debriefing session shall address elements specified by state regulation, and all documentation used during the session shall become part of the student's education record.

PARENT COMPLAINTS

Parents may submit a complaint regarding the physical restraint or seclusion of their child using the Board's grievance policy and procedures. On receipt of a complaint, the District and school shall investigate the circumstances surrounding the physical restraint or seclusion, make written findings, and, where appropriate, take corrective action.

STATEMENTS FROM PHYSICIAN

The Superintendent/designee shall review and respond to any statement received from a student's licensed physician that the student is not to be subjected to physical restraint.

DOCUMENTATION

All incidents involving physical restraint or seclusion shall be documented by a written record of each use by the end of the next school day, and the documentation shall be maintained in the student's education record. In addition, each entry shall be informed by an interview with the student and include information required by [704 KAR 007:160](#).

Specified data related to incidents of physical restraint and seclusion shall be reported in the state student information system.

At the end of each school year, the Superintendent/designee shall review data on District use of physical restraint and seclusion to identify any recommendations to be made to the Board for policy and procedure revisions.

 1. The student must sit in the front seating area of the bus.
 2. The student must sit next to an outside window on the bus.
 3. The student must be able to hold the band instrument in his/her lap or place the instrument on the floor between himself/herself and the outside wall of the bus.
- The following may NOT be transported on a regular bus route: tuba, baritone, cello, French horn, string bass, drums, guitar, flags, color guard rifles
- All students are subject to disciplinary action similar to that of like offenses committed on the school grounds. The administrator, however, has the option to suspend students off the bus in accordance with the following regulations:

Smoking, possession, use of tobacco, or electronic cigarettes, fighting with intent to harm, vandalism (damaging bus, such as cutting seats, breaking windows, etc., disrespect /defiance towards driver:

First offense: Riding privileges may be suspended for up to one week and/or suspension from school. Second offense: Suspension from the bus for up to two weeks and/or suspension from school. Third offense: Suspension from the bus for up to the remainder of the semester and/or suspension from school.

In addition to the above consequences, the school may require restitution for damages. Restitution must be made no later than the last day of the period of suspension or suspension will continue until payment has been made. Principal will notify the driver when the student is to be allowed back on the bus.

- Other bus violation consequences may range from written bus rules to riding privileges suspended for up to one week.
- Subsequent violations can result in a more severe consequence and/or riding privileges suspended for the remainder of the year.

Any conduct not listed will be left to the discretion of the principal or appropriate authority.

NOTE: Parents will be notified of each offense by the principal.

NOTE: When a student has had bus privileges revoked, he/she is barred from riding any Henderson County School bus until the privilege has been reinstated.

Misconduct on the bus is subject to the same disciplinary measures as misconduct at school. When necessary, the principal, or the Director of Transportation may cancel riding privileges, and the student may return only when evidence is shown by the student that his/her behavior will improve.

When an incident is reported in writing or in person to the principal of the school which the pupil attends, appropriate disciplinary action shall be taken by the principal after the complaint has been investigated and substantiated. In cases of repeated failure to cooperate or serious misbehavior, the pupil shall be excluded from riding any school bus for whatever period of time deemed necessary by the principal.

In accordance with state law, any student endangering the lives of others will immediately be removed from the bus by the driver.

SEARCH AND SEIZURE

Reasonable Suspicion

No pupil's outer clothing, pockets, or his or her personal effects (e.g., handbags, backpacks, etc.) shall be searched by authorized school personnel unless there are reasonable grounds to believe the search will reveal evidence that the pupil has violated or is violating either a school rule or the law.¹

Search of a pupil's person shall be conducted only with the express authority of the Principal/designee. However, nothing herein will preclude a student from being subjected to a fixed or handheld electronic screening detector. An affirmative signal or response from a detector will serve as reasonable suspicion for a more intrusive search.

Authorized Personnel

Searches of a pupil's person or his or her personal effects shall only be conducted by a certified person directly responsible for the conduct of the pupil, the Assistant Principal, or the Principal/designee of the school which the student attends. However, when an immediate threat to the health or safety of others occurs off site with no certified employee reasonably available, a non-certified person (i.e., bus driver or coach/sponsor) that is responsible for the students is authorized to conduct the search of a student or his/her personal effects. If possible, a witness shall be present during the search. Examples of immediate threats would include reasonable suspicion of the presence of illegal drugs or a weapon.

Witness/Personal Searches

When a pat-down search of a pupil's person is conducted, the person conducting the search shall be the same sex as the pupil; and a witness of the same sex as the pupil shall be present during the search. In addition, no search of a pupil shall be conducted in the presence of other students. These restrictions shall not apply to situations involving an imminent threat to the health and safety of students or staff where immediate action is required to prevent harm to health and safety.

Strip Searches

No strip searches of students shall be permitted. The phrase "strip search" means requiring a student to remove any article of clothing, or requiring a student to lift or lower an article of clothing, thereby causing the exposure of undergarments to allow for a visual inspection. The required removal of shoes, socks, or a hat or the removal or arrangement of outerwear does not constitute a strip search.

Failure to Cooperate

Students who fail to cooperate with school authorities when requested shall be subject to other disciplinary action.

Regular Inspection

School authorities have the right to conduct general inspection of all school property and resources on a regular basis, including but not limited to lockers and their contents, desks, and network systems, technology resources and accounts owned or supplied by the District. During these inspections, items which are school property, such as overdue library books, may be collected. Students should not expect privacy for items and information left in such locations. A single desk, locker or a technology resource/account may be searched if reasonable grounds exist to believe that evidence of a violation of the law or a school rule is contained therein.

(CONTINUED)
SEARCH AND SEIZURE

Illegal Items

Illegal items (e.g., weapons, drugs, etc.) or other possessions reasonably determined by proper school authorities to be a threat to the pupil's health or safety or to others' safety and security may be seized by school officials.

Trained Dogs

Subject to the following conditions, the Superintendent or designee may authorize the use of trained dogs to locate contraband (prohibited items) on school grounds:

1. The Principal or Principal's designee shall be present.
2. The dogs may be used for blanket sweeps of lockers and other areas identified by the Superintendent or Principal. The dogs may also be used for individualized sniffs of lockers when a school official has reasonable suspicion that the particular locker contains contraband.
3. Sweeps involving dogs shall be conducted only when students are not in the immediate area being searched (i.e. students shall be in classrooms or other designated safe areas) No student or other unauthorized individuals shall be in the vicinity of lockers or other sites being swept.
4. All dogs shall be on a leash or in the immediate control of the handler and shall not be allowed to come in close proximity to any student or unauthorized individual.
5. The alert of a trained dog to an item or area shall qualify as reasonable grounds on which to base a further search.
6. The results of all searches by a trained dog to locate contraband on school grounds shall be immediately reported to the Superintendent, Principal and other appropriate officials once the search has concluded.

Use of Metal Detectors

School administrators are authorized to use stationary or mobile metal detectors (i.e., electronic wands). Metal detectors may be used in the following circumstances:

1. To search an individual student or his/her personal belongings when there is reasonable suspicion to believe the specific student is concealing a weapon;
2. To search all students or their personal belongings upon entering the premises; or
3. To search students or their personal belongings on a random basis, provided adequate procedures are adopted and followed to ensure a random selection process.

Procedures setting guidelines for the use of metal detectors shall be developed and presented to the Board for review. All procedures for the use of metal detectors shall conform to applicable legal standards.² Parents/guardians and students shall be notified that metal detectors may be used and the circumstances for their use.

(CONTINUED)
SEARCH AND SEIZURE

Other Disruptive Items

Items which may be used to disrupt or interfere with the educational process may be temporarily removed from the pupil's possession by a staff member. Such items may be returned to the pupil by the staff member or through the Principal's office.

Disposition of Items

All items which have been seized shall be turned over to the proper authorities or returned to the true owner.

School Law Enforcement Officers

This policy has no application to searches by law enforcement officers since these persons are police officers with the power to investigate crime committed on school property and to arrest for the same. The law of search and seizure, applicable to police officers generally, governs the extent of their authority to conduct searches of pupils and to seize contraband which might be revealed by such searches.

STOP TIPLINE

Kentucky Center for School Safety is proud to provide an email tipline to all Kentucky schools.

The **S**afety **T**ipline, **O**nline **P**revention or **S.T.O.P** Tipline is designed for use as an "online" reporting/prevention tool. If students, parents or community members know of an unsafe situation in school (bullying, weapons, drugs or alcohol, etc.), they can anonymously pass on that information to school personnel by using this basic email format.

Brief Overview

What is it?

This tipline in no way replaces the face to face open communication and relationships built at our schools. The STOP tipline is just one more tool available for use by students or parents to communicate unsafe situations at school.

- One unique attribute of an "online" tipline is its availability. A student, parent or community member can submit information day or night.
- Also, many students may feel more comfortable emailing about a situation (instead of a face to face meeting with school officials).
- The main purpose of the tipline is to add another layer of accessibility between students and trusted school personnel.

This tipline is not for immediate response. If anyone needs immediate assistance, they should dial 911.

How does it work?

STUDENT RECORDS

Data and information about students shall be gathered to provide a sound basis for educational decisions and to enable preparation of necessary reports.

PROCEDURE TO BE ESTABLISHED

The Superintendent shall establish procedures to promote effective notification of parents and eligible students of their rights under the Family Educational Rights and Privacy Act (FERPA) and to ensure District compliance with applicable state and federal student record requirements.

DISCLOSURE OF RECORDS

Student records shall be made available for inspection and review to the parent(s) of a student or to an eligible student on request. Legal separation or divorce alone does not terminate a parent's record access rights. Eligible students are those 18 years of age or older or those duly enrolled in a post secondary school program. In general, FERPA rights pass to the eligible student upon either of those events. Parents may be provided access to the educational records of an eligible student 18 years old or older if the student is dependent under federal tax laws.¹

Upon written request, parents or eligible students may be provided copies of their educational records, including those maintained in electronic format, when necessary to reasonably permit inspection. Such copies shall be provided in a manner that protects the confidentiality of other students. A reasonable fee may be charged for copies.

District personnel must use reasonable methods to identify and authenticate the identity of parents, students, school officials, and any other parties to whom the District discloses personally identifiable information from education records.

In addition, considering the totality of the circumstances, the District may disclose information from education records to appropriate parties, including parents of eligible students, whose knowledge of the information is necessary to protect the health or safety of a student or another individual, if there is an actual, impending, or imminent articulable and significant threat to the health or safety of a student or other individual. In such instances, the basis for a decision that a health or safety emergency existed shall be recorded in the student's education records.

Authorized District personnel also may disclose personally identifiable information to the following without written parental consent:

- Officials of another school, school system, or institution of postsecondary education where the student seeks or intends to enroll or is already enrolled, so long as the disclosure is for purposes related to the student's enrollment or transfer;
- Authorized representatives of a Kentucky state child welfare agency if such agency presents to the District an official court order placing the student whose records are requested under the care and protection of said agency. The state welfare agency representative receiving such records must be authorized to access the child's case plan.

(CONTINUED)

STUDENT RECORDS**DISCLOSURE OF RECORDS (CONTINUED)**

- School officials (such as teachers, instructional aides, administrators, including health or medical staff and law enforcement unit personnel) and other service providers (such as contractors, consultants, and volunteers used by the District to perform institutional services and functions) having a legitimate educational interest in the information.

District and school officials/staff may only access student record information in which they have a legitimate educational interest.

Contractors, consultants, volunteers, and other parties to whom the District has outsourced services or functions may access student records provided they are:

- Under the District's direct control with respect to the use and maintenance of education records; and
- Prohibited from disclosing the information to any other party without the prior written consent of the parent/eligible student, or as otherwise authorized by law.

DISCLOSURE TO REPRESENTATIVES FOR FEDERAL OR STATE PROGRAM PURPOSES

Personally identifiable student information may be released to those other than employees who are designated by the Superintendent in connection with audit, evaluation, enforcement, or compliance activities regarding Federal or State programs. Such designation must be executed in writing with the authorized representative and specify information as required by 34 C.F.R. Part 99.35.

DUTY TO REPORT

If it is determined that the District cannot comply with any part of FERPA or its implementing regulations due to a conflict with state or local law, the District must notify the Family Policy Compliance Office (FPCO) within forty-five (45) days of the determination and provide the text and citation of the conflicting law.

DIRECTORY INFORMATION

The Superintendent/designee is authorized to release Board-approved student directory information. Approved "directory information" shall be: name, address, phone number, date and place of birth, student's school email address, major field of study, participation in officially recognized activities and sports, photograph/picture, grade level, weight and height of members of athletic teams, dates of attendance, degrees, honors and awards received, and most recent educational institution attended. Any eligible student or parent/guardian who does not wish to have directory information released shall notify the Superintendent/designee in writing within thirty (30) calendar days after receiving notification of FERPA rights.

(CONTINUED)

STUDENT RECORDS

Information about the living situation of a student designated as homeless is not to be treated as directory information and is not to be disclosed unless prior written consent is given or unless the information meets one of FERPA's exceptions to required consent. The living situation is not considered directory information.

The District allows for disclosure of directory information only to specific parties for specific purposes. Such limitations are specified in the student directory information notification.

Unless the parent/guardian or student who has reached age 18 requests in writing that the District not release such information, the student's name, address, and telephone number (if listed) shall be released to Armed Forces recruiters and institutions of higher education upon their request.

SURVEYS OF PROTECTED INFORMATION

The District shall provide direct notice to parents/guardian to obtain prior written consent for their minor child(ren) to participate in any protected information survey, analysis, or evaluation, if the survey is funded in whole or in part by a program of the U.S. Department of Education.

Parents/eligible students also shall be notified of and given opportunity to opt their child(ren) out of participation in the following activities:

1. Any other protected information survey, regardless of funding;
2. Any non-emergency, invasive physical exam or screening required as a condition of attendance, administered by the school or its agent, and not necessary to protect the immediate health and safety of a student, except for any physical exam or screening permitted or required under State law; and
3. Activities involving collection, disclosure, or use of personal information obtained from students for marketing or to sell or otherwise distribute the information to others.

Parents/eligible students may inspect, upon written request and prior to administration or use, materials or instruments used for the collection, disclosure, or use of protected information.

PPRA requirements do not apply to evaluations administered to students in accordance with the Individuals with Disabilities Education Act (IDEA).

STUDENTS WITH DISABILITIES

The District's special education policy and procedures manual shall include information concerning records of students with disabilities.

(CONTINUED)

STUDENT RECORDS**RECORDS RELEASE TO JUVENILE JUSTICE SYSTEM**

Once a complaint is filed with a court-designated worker alleging that a child has committed a status offense or public offense, schools shall provide all records specifically requested in writing, and pertaining to that child to any agency that is listed as part of Kentucky's juvenile justice system in KRS 17.125 if the purpose of the release is to provide the juvenile justice system with the ability to effectively serve, prior to adjudication, the needs of the student whose records are sought. The authorities to which the data are released shall certify that any educational records obtained pursuant to this section shall only be released to persons authorized by statute and shall not be released to any other person without the written consent of the parent of the child. The request, certification, and a record of the release shall be maintained in the student's file.

JUVENILE COURT RECORDS

Records or information received on youthful or violent offenders shall not be disclosed except as permitted by law. When such information is received, the Superintendent shall notify the Principal of the school in which the child is enrolled. The Principal shall then release the information as permitted by law. Only the Superintendent and school administrative, transportation, and counseling personnel or teachers or other school employees with whom the student may come in contact, shall be privy to this information, which shall be kept in a locked file when not in use and opened only with permission of the administrator. Notification in writing of the nature of offenses committed by the student and any probation requirements shall not become a part of the child's student record.²

RECORDS OF MISSING CHILDREN

Upon notification by the Commissioner of Education of a child's disappearance, the District in which the child is currently or was previously enrolled shall flag the record of such child in a manner that whenever a copy of or information regarding the child's record is requested, the District shall be alerted to the fact that the record is that of a missing child. Instead of forwarding the records of a child who has been reported missing to the agency, institution, or individual making the request, the District shall notify the Justice Cabinet.

COURT ORDER/SUBPOENA

Prior to complying with a lawfully issued court order or subpoena requiring disclosure of personally identifiable student information, school authorities shall make a documented effort to notify the parent or eligible student. In compliance with FERPA, notice to the parent is not required when a court order directs that disclosure be made without notification of the student or parent, or when the order is issued in the context of a dependency, neglect, or abuse proceeding in which the parent is a party. If the District receives such orders, the matter(s) may be referred to local counsel for advice.

SUBSTANCE ABUSE

When a student possesses or has consumed an alcoholic beverage, controlled dangerous substance, counterfeit controlled dangerous substances, look alike, non-controlled substance, or other intoxicant the Principal/Assistant Principal/Head Teacher or designee shall:

1. Notify the student's parent/guardian as soon as practicable by some means reasonably designed to accomplish such notification.
2. Report the alleged violation or conduct to the appropriate law enforcement officials.
3. Confer with the student/parties involved as soon as practicable.
4. Suspend the student for five (5) school days and/or short term alternative placement and refer the student to the Superintendent with the recommendation that the student be presented to the Board for expulsion.
5. Request the student undergo, at the sole expense of the parent/guardian/custodian, an evaluation of the student's alcohol/drug use by a qualified chemical dependency counselor acceptable to the Henderson County School District.

The student's re-entry into the school environment shall be through placement at Central Academy program until the student's individual objectives have been met as determined by the Principal/Assistant Principal/Head Teacher.

As an alternative to the referral of a student to the Superintendent with a recommendation for expulsion, the Principal/ Assistant Principal/Head Teacher or designee may elect not to recommend the student for expulsion if the student and the student's parent(s)/guardian(s)/custodian(s) agree as follows:

1. That the student will undergo, at the sole expense of the parent/guardian/custodian, a urine test within twenty-four (24) hours of the policy violation in question; and
2. That the student undergo, at the sole expense of the parent/guardian/custodian, an evaluation within fourteen (14) days of the policy violation of the student's alcohol/drug use by a qualified chemical dependency counselor acceptable to the Henderson County School district; and
3. That the student successfully completes all treatment and/or counseling recommended by the evaluation and such successful completion is reported to the appropriate school personnel by the person or organization performing the treatment and/or evaluation.
4. The student and parent sign and comply with the Diversion Program Contract.

Failure to comply with the Diversion Program will result in placement at Central Academy and/or recommendation for expulsion.

If, following the evaluation, the qualified chemical dependency counselor reports that treatment and/or further counseling of the student is unnecessary, the Principal/Assistant Principal/Head Teacher or designee may, nonetheless, refer the student to the drug/alcohol education program. In such event, the student and the student's parent/guardian/custodian must agree to meet with an assigned school counselor, or other designated person as required by the appropriate personnel, and the student must successfully complete all counseling, and/or alcohol/drug educational programs required of the student by such school personnel.

(CONTINUED)
SUBSTANCE ABUSE

If the student fails or refuses to submit to the urine test; fails or refuses to complete the evaluation and treatment by the chemical dependency counsel; fails or refuses to complete the counseling program measures undertaken for and on behalf of the student, the Principal/Assistant Principal/Head Teacher or designee shall, at such time, refer the student to the Superintendent with the recommendation that the student be expelled by the Board of Education.

The alternative measures of counseling and treatment mentioned above shall not be available to the Principal/Assistant Principal/Head Teacher if:

1. The alcohol/drug violation is coupled with an offense which is unrelated to the alcohol/drug offense and for which the student is subject to expulsion.
2. The student has been found guilty of a prior suspendable offense relating to alcohol/drug within one (1) calendar year immediately preceding the date of the alcohol/drug offense in question.
3. It reasonably appears that the student is guilty of trafficking in drugs, controlled substances, and/or marijuana. "Traffic" or "trafficking" means to distribute, dispense, sell, transfer or possess with the intent to distribute, dispense, sell or transfer a drug, controlled substance, and/or marijuana; or the amount of drugs, controlled substances, and/or marijuana possessed by such student amounts to 1/2 ounce or more marijuana, or 1 gram or more cocaine or meth, or multiple quantities of pills; or an amount less than those previously stated, in which the student was also in possession of paraphernalia, such as, but not limited to, baggies, corner cuts, scales, twist ties.

SUSPENSION OR EXPULSION OF STUDENTS

All students admitted to Henderson County Schools shall comply with the regulations adopted by the Board of Education and/or the school based decision making councils. Generally speaking:

Willful disobedience or defiance of the authority of teachers or administrators, use of profanity or vulgarity, assault or battery or abuse of other students, the threat of force or violence, the use or possession of alcohol or drugs, stealing or destruction or defacing of school property or personal property of students or school personnel, the carrying or use of weapons or dangerous instruments, or other incorrigible bad conduct on school property as well as off of school property at school-sponsored activities, may constitute cause for suspension or expulsion from school; and
2. Assault or battery or abuse of school personnel; stealing or willfully or wantonly defacing, destroying, or damaging the personal property of school personnel on school property, off school property, or at school-sponsored activities constitutes cause for suspension or expulsion from school.

A student shall not be suspended from school until after the due process procedures have been provided:

1. The student has been given oral or written notice of the charge or charges against him/her which constitute cause for suspension;
2. The student has been given an explanation of the evidence of charge or charges; and
3. The pupil has been given an opportunity to present his own version of the facts relating to the charge or charges.

The Superintendent, Principal, Assistant Principal, Head Teacher, or designee, or any school will report the action in writing to the Superintendent and to the student's parent, guardian or other person having legal custody or control over the student.

The Board of Education may expel a student for misconduct in violation of school policy and the Student Code of Conduct. However, the action of the Board of Education in expelling a student shall not be taken until the parent, guardian or other person having legal custody or control of the student has had an opportunity to have a hearing before the Board of Education. The decision of the Board of Education shall be final.

Any student under suspension will not be on the school grounds without an appointment with the principal.

A student who is suspended may receive a zero for class work and examinations missed during the suspension and will not be allowed to make-up that class work or examination unless the class work and/or examination missed is a major test (meaning a test counting 1/5 or more of the student's nine week grade), a nine week exam, a semester exam, or term paper. Make up work shall be completed within the time limits specified in the Absences and Excuses section in the Code of Conduct.

Prior Due Process Required

A pupil shall not be suspended until due process procedures have been provided as described in [KRS 158.150](#) (09.431)¹, unless immediate suspension is essential to protect persons or property or to avoid disruption of the educational process. If the Superintendent lengthens the period of suspension imposed by the Principal, additional due process shall be provided.

In such cases, due process shall follow the suspension as soon as practicable, but no later than three (3) school days after the suspension.

Written Report Required

The Principal or assistant Principal shall report any suspension in writing¹ immediately to the Superintendent and to the parent of the pupil being suspended. The written report shall include the reason for suspension, the length of time of the suspension, and the conditions for reinstatement. One such condition shall be that one or both parents/guardians shall confer with school officials prior to the termination of the student's suspension.

Note: Telecommunication devices confiscated on a Friday may be picked up on Monday by a parent or guardian. Parents or guardians will need to contact the Principal to make arrangements if the telecommunication device is confiscated before holidays or breaks.

In addition to the consequences stated above, when students violate prohibitions of this policy, they shall be subject to disciplinary action, including losing the privilege of bringing the device onto school property and being reported to their parent/guardian. A violation also may result in a report being made to law enforcement. In addition, an administrator may confiscate the device, which shall only be returned to the student's parent/guardian.
