Re: ARC Chairpersons (CCSD Representatives)

According to our special education procedures, “the Superintendent, in consultation with the Director of Special Education, will recommend to the Board of Education for approval a list of Estill County School Representatives”. The Estill County School District representative is also defined in our procedures as an individual “who is qualified to provide, or supervise, the provision of, specially designed instruction to meet the unique needs of children with disabilities, and is knowledgeable about the general education curriculum and the availability of the resources of the Estill County School District”.

Attached is a list by job titles of the Estill County School District representatives that I would like to recommend to the Board of Education for approval for the 2022-23 school year. By approving these individuals to serve as the Estill County School District representative, the board is granting them authority to obligate resources for the implementation of Individual Education Plans for students with disabilities.

A list of all personnel by job titles who are qualified (pending completion of ARC Chairperson training) to chair ARC meetings as of August 1, 2022:

Amanda Bryant, Director of Special Education
