Annual elections for the following year's terms should be held no later than the preceding May, but the specific date shall be set by the council.

Election of School Council Members (SBDM)**COUNCIL ELECTIONS FOR NEW OR CONSOLIDATED SCHOOLS**

When a new school is opened or schools are consolidated, these guidelines shall be followed:

Each school council, or Principal, in a school without a council, shall develop, review, and revise annually a Comprehensive School Improvement Plan (CSIP) by January 1 of each school year.

In an SBDM school, the school council shall organize a planning process, consistent with District's established planning process. The structure of the CSIP shall include completion of a narrative summary of the current state of the school between August 1 and October 1 of each school year and completion of the needs assessment between October 1 and November 1 of each school year. A process for development of the CSIP is to be completed between November 1 and January 1 of each school year, and other components required by state statutes or regulations. Unless otherwise noted, all additional components of the CSIP may be complete by May 1 of each school year.

The primary purposes of the CSIP shall be:

- To improve student achievement on state and federal mandated testing/accountability instruments; and
- To eliminate achievement gaps among groups of students.

FORM

Unless the school planning committee requests and is granted a waiver by the Board, the school committee shall use any improvement plan format that has been established and approved by the Board. The CSIP structure shall include the components set out in 703 KAR 5:225, Every Student Succeeds Act of 2015 (ESSA), and the elements required by KRS 158.649.

In addition, the school council, or school planning committee appointed by the Principal if there is no council, shall review annually the school's disaggregated student data and revise the school's improvement plan, as required by applicable statute and regulation, to address any achievement gaps between various groups of students.

The plan shall also address reduction of physical and mental health barriers to learning, student equity, District safety and student discipline assessments, and District goals established by the Board.

The school plan shall serve as a resource for school/council decision making and shall be posted to the school's web site.

PUBLIC REVIEW

The Principal shall convene a public meeting at the school to present and discuss the plan prior to submitting it to the Superintendent and Board.

SCHOOL REPORT CARDS

Each school shall post its school report card on its website as required by ESSA. School report cards shall be widely accessible to the public, in an understandable and uniform format, and when possible, written in a language that parents can understand.

Comprehensive School Improvement Plan**SCHOOL REPORT CARDS (CONTINUED)**

As outlined in KRS 160.463, a copy of the report card is to be publicized by one of the following methods:

- a. In the newspaper of the largest general circulation in the county;
- b. Electronically on a website of the District; or
- c. By printed copy at a prearranged site at the main branch of the public library within the District.

If b or c above is selected, the Superintendent shall be directed to publish notification in the newspaper with the largest circulation in the county. The notification shall include the electronic address of the website or the address of the library where the report card can be viewed by the public.

Each school shall send to parents a school report card containing information about school performance as outlined in KRS 158.6453 and 703 KAR 5:140, and information on electronic access to a summary of the results for the district shall be published in the newspaper with the largest circulation in the county.

BOARD REVIEW

The school's plan for eliminating achievement gaps among various groups of students shall be presented to the Board for its review and comment. The Board may share its comments, in writing, with the council.

In keeping with Board Policy 02.44, each School Council or School Planning Committee shall annually report to the Board regarding the progress toward achieving the goals and desired outcomes and meeting the needs identified in the improvement plan, including those for student groups from whom data indicate an achievement gap exists.

Except in cases of emergency, all "like" items purchased exceeding \$30,000 in a twelve (12)-month period beginning July 1 shall be purchased from an established price contract of the federal government (GSA), the State Division of Purchases, a cooperative agency bid approved by the Board or a District bid. The Superintendent/designee shall duly certify when an emergency exists that prevents the District from following this requirement and file a copy of the certificate with the Chief State School Officer.¹

EXCEPTIONS

The District may purchase supplies and/or equipment outside price contracts and/or District bids if:

The officers, employees, and agents of the District may neither solicit nor accept gratuities, favors, or anything of monetary value from contractors or parties to subcontracts. In determining whether an activity constitutes an impermissible acceptance of a gratuity or item of monetary value, the definition of "gratuity" (covering anything of more than fifty dollars [\$50] value) set forth in KRS 45A.445 shall apply. Violation of these standards may result in disciplinary action including, but not limited, to suspension, dismissal, or removal.

Home/Hospital Instruction

PURPOSE

Home/hospital instruction provides educational services to students who cannot attend school for extended periods due to temporary or recurring conditions, including fractures, surgical recuperation, or other physical, health, or mental conditions. An "extended period" refers to an absence for more than five (5) consecutive school days.

For purposes of KRS 157.360, a student who receives home/hospital instruction for a minimum of two (2) instructional sessions per week, with a minimum of one (1) hour of instruction per session, by a certified teacher provided by the Board, shall equal the student attending five (5) days in school. An instructional session may be delivered in person, electronically, or through other means established in regulation. A parent/guardian or responsible adult must be present in the home/hospital room during the time the home/hospital teacher is present or is otherwise delivering instruction.

ELIGIBILITY

Determination of a student's eligibility and provision of services for home/hospital instruction shall be made in compliance with applicable statutes and regulations. In accordance with KRS 159.030(2), the Board shall require evidence for students exempted from school attendance more than six (6) months. An exemption shall be reviewed annually.

At any time based on changes in the student's condition, the home/hospital review committee may schedule a review of the student's continued eligibility for home/hospital instruction. Eligibility for home/hospital instruction shall cease for students placed by the review committee if the student works, plays sports, or participates in extracurricular activities. For students with a 504 plan, eligibility for home/hospital instruction shall not cease if the student works, plays sports, or participates in extracurricular activities if participation is consistent with the student's 504 plan.

The Admissions and Release Committee (ARC) shall determine placement in home/hospital instruction for a student with disabilities. The 504 Team for a student may facilitate submission of an application to the review committee.

SECONDARY STUDENTS

A high school student placed on home/hospital instruction for extended periods may carry all appropriate credits during the first semester of placement. Except for students with an Individual Education Plan (IEP) or a 504 plan, the number of credits to be carried during all subsequent semesters of placement shall be determined on a case-by-case basis by the review committee, based on the following criteria:

1. The student's ability to work independently during extended periods without direct assistance.
2. The student's capacity to complete assignments within a reasonable time frame.

Home/Hospital Instruction**SECONDARY STUDENTS (CONTINUED)**

3. The likelihood that the student will be able to complete course criteria required for graduation, as required by the Kentucky Academic Standards.
4. When considering the student's condition, should s/he take a full or reduced course load? (If a reduced course load is appropriate, the committee shall determine the number of courses the student may take.)

STUDENTS WITH DISABILITIES

Based on documentation of student need, including medical or mental health evaluation information, a student with disabilities may be placed in the home/hospital instructional program if his/her individual education plan (IEP) specifies such placement is the least restrictive environment for providing services. The ARC Chair shall provide written notice of eligibility and documentation to the District Director of Pupil Personnel for purposes of program enrollment.

The Admissions and Release Committee (ARC) or 504 Team shall determine on a case-by-case basis the type and extent of home/hospital services for a student, including the number of credits a student at the secondary level will be permitted to earn while on home/hospital instruction.

Admissions and Attendance

RESIDENCE DEFINED

Pupils whose parent or guardian resides in the District and has custody of the student, or pupils who are legal residents of the school District, or as otherwise provided by state or federal law, shall be considered residents and entitled to the privileges of the District's schools.

All other pupils shall be classified as nonresidents for school purposes.¹

HOMELESS CHILDREN AND UNACCOMPANIED YOUTH

The District shall provide educational and related services to homeless children and youth, including preschool-aged homeless children, and homeless children or youth not in the physical custody of a parent or guardian (unaccompanied youth) in a manner that does not segregate or stigmatize students on the basis of their homeless status.

The District shall provide its schools with guidelines that detail the rights of homeless students and the responsibilities that schools have to meet their needs and eliminate barriers to school attendance. These guidelines shall emphasize the right of homeless students to:

1. Have equal access to all educational programs and services, including transportation, that non-homeless students enjoy;
2. Have access to preschool programs as provided to other children in the District;
3. Continue attending their school of origin, when deemed in the best interest of the child, for the duration of homelessness;
4. Attend regular public school with non-homeless students; and
5. Continue to receive all services for which they are eligible (i.e., special education, gifted and talented, English learner).

The District shall provide transportation to the school of origin for homeless children at the request of the parent or guardian (or in the case of an unaccompanied youth, the liaison) if the child continues to live within the area served by the District in which the school of origin is located. If the child locates to a District other than that of his/her school of origin, the districts shall work together to apportion transportation to and from the school of origin and associated costs. If the districts are unable to reach agreement, responsibility and costs for transportation shall be shared equally.

The District shall designate an appropriate staff person to serve as liaison to homeless children and unaccompanied youth. In addition to coordination of McKinney-Vento implementation in the District, the liaison is responsible for:

Admissions and Attendance**HOMELESS CHILDREN AND UNACCOMPANIED YOUTH (CONTINUED)**

- “Outreach” to other entities and agencies so that homeless students are identified;
- Providing public notice of the educational rights of homeless children in locations frequented by parents/guardians and unaccompanied youths. This notice is to be in a manner and form that is understandable;²
- Seeing that school personnel who provide McKinney-Vento Services receive professional development and other support; and
- Ensuring that unaccompanied youths are enrolled in school and receive support to accrue credits and access to higher education.

The District shall inform school personnel, service providers, advocates working with homeless families, parents, guardians and homeless children and unaccompanied youths of the duties of the liaison.

All concerns regarding the education of homeless children and unaccompanied youth shall be referred to the District liaison. If a complaint arises regarding services or placement of homeless children and unaccompanied youth, the dispute resolution procedures as set forth in 704 KAR 7:090 shall apply.

Disputes over eligibility, school selection, or enrollment are to be appealed to the Kentucky Department of Education using the Dispute Resolution for Homeless form located at the link below:

<https://education.ky.gov/federal/progs/txc/Documents/Homeless%20Dispute%20Resolution%20Form.pdf>

The liaison shall provide a copy of the referenced form to the complainant.

The District shall provide services for homeless children and unaccompanied youths with disabilities as required by law.

CHILDREN IN FOSTER CARE

Students in foster care shall have equal access to all educational programs and services, including transportation, which all other students enjoy.

Foster children are to be immediately enrolled in a new school. The District shall collaborate with the Cabinet to ensure immediate and appropriate enrollment of the child and immediately contact the student’s previous school for relevant records. The previous school shall provide the new school records within the student information system maintained by the Kentucky Department of Education by the end of the working day on the day of receipt of a request. If a record provided to the new school is incomplete, the previous school shall provide the completed record within three (3) working days of the original request. Remaining records shall be provided within ten (10) working days of the request.

The Superintendent shall appoint a Foster Care Liaison to coordinate activities relating to the District’s provision of services to children placed in foster care, including transportation services, when the District is notified by the Cabinet for Health and Family Services in writing that the Cabinet has designated its foster care point of contact for the District. The Superintendent may appoint the District Foster Care Liaison prior to such notice from the Cabinet.

Admissions and Attendance**CHILDREN IN FOSTER CARE (CONTINUED)**

Children in foster care, including preschool aged children if the District offers a preschool program, shall be eligible to attend their “school of origin” unless a determination is made that it is not in the child’s best interest. Such determination will be made in collaboration with the child welfare agency. Dispute resolutions shall be handled by all agencies involved in the determination of the foster child’s placement.

When possible, a child exiting the foster care program during the school year shall be allowed to complete the school year in the school of origin.

BEST INTEREST OF THE CHILD

Determining the best interest of the child takes into consideration the following factors, including but not limited to:

- The benefits to the child of maintaining educational stability;
- The appropriateness of the current educational setting;
- The child’s attachment and meaningful relationships with staff and peers at the current educational setting;
- The influence of the school’s climate on the child;
- The safety of the child; and
- The proximity of the placement to the school of origin, and how the length of a commute would impact the child.

Upon the determination that changing a child's school of enrollment is in the best interest of the child, the Cabinet, any applicable child-caring facility, child-placing agency, school, districts, and the child's state agency caseworker shall collaborate to ensure the immediate and appropriate enrollment of the child;

1. The child's state agency caseworker shall immediately contact the receiving district to inform the district of the pending enrollment changes.
2. The child's state agency caseworker or child-caring facility or child placing agency case manager shall either accompany the child and the foster parent to the new school to enroll the child or contact applicable staff at the new school via telephone during the day of enrollment, to assist with the enrollment, to share information relating to the child's unique needs and prior experiences that may impact their education, and to identify and prevent disruptions in any instructional or support services that the child may have been receiving prior to that time, including but not limited to medical and behavioral health history and individual service plans.

IMMIGRANTS

No student shall be denied enrollment based on his/her immigration status, and documentation of immigration status shall not be required as a condition of enrollment.

The District may provide an approved high school program to a student who is a refugee or legal alien until the student graduates or until the end of the school year in which the student reaches the age of twenty-one (21), whichever comes first.

Admissions and Attendance**NONRESIDENTS**

Nonresident pupils may be enrolled in the District's schools in accordance with Board policies 09.1222, 09.124, and upon approval of the Superintendent. Once a nonresident student is enrolled **for the academic year, the student may not be dismissed** during that academic year without **applicable due process**.³

Nonresident students designated as homeless or foster children may be required to be enrolled consistent with the “best interest of the child” or “school of origin” requirements under the Every Student Succeeds Act (ESSA) and the McKinney-Vento Act as amended by ESSA.

Non-Immigrant Foreign Students

Non-immigrant foreign students qualifying for F-1 immigration status or who obtain an F-1 student visa may be admitted to the District based on the following guidelines:

1. These students shall not be permitted to attend any publicly funded adult education program.
2. These students may be permitted to attend in grades nine through twelve (9-12), but not at earlier grade levels.
3. As required by law, these students shall pay a tuition fee equal to the full, unsubsidized per capita cost to the District for providing education to the student for the period of attendance.
4. The period of attendance shall not exceed twelve (12) months.

These requirements do not apply to immigrant students residing in the District or foreign students in any other immigration status, including exchange students.

EXPELLED/CONVICTED STUDENTS

The parent, guardian, Principal, or other person or agency responsible for the student shall provide to the school prior to admission, a sworn statement or affirmation concerning any of the following that have occurred in or outside Kentucky:

1. If a student has been expelled from school; or
2. If a student has been adjudicated guilty/convicted of, homicide, assault, or an offense in violation of state law or school regulations relating to weapons, alcohol, or drugs.

Assault shall mean any physical assault, including sexual assault.

Admissions and Attendance**EXPELLED/CONVICTED STUDENTS (CONTINUED)**

The sworn statement or affirmation shall be on a form provided by the appropriate state agency and shall be sent to the receiving school within five (5) working days of official notification that a student has requested enrollment in the new school.⁴

If a student is suspended or expelled for any reason, or faces charges that may lead to suspension or expulsion, but withdraws prior to a hearing from any public or private school in Kentucky or any other state and then moves into the District and seeks to enroll, the District shall review the details of the charges, suspension, or expulsion and determine if the student will be admitted, and if so, what conditions may be imposed upon the admission. Prior to a decision to deny admission, the District shall offer the student, parent/guardian, or other persons having legal custody or control of the student a hearing before the Board.

Per 704 KAR 5:060, any five (5) year old child not otherwise subject to compulsory attendance laws, but who voluntarily enrolls in the primary school program at the beginning of the school year, may upon parental or guardian's written request be withdrawn from the program at any time within the first two (2) school calendar months. At the end of such trial period a child shall be considered irrevocably entered into the primary school program for purposes of KRS 159.010 and KRS 159.020.

EXEMPTIONS FROM COMPULSORY ATTENDANCE

The Board shall exempt the following from compulsory attendance:

1. A graduate from an accredited or approved 4-year high school;
2. A pupil who is enrolled in a private or parochial school;

EXCEPTIONS TO PRESENCE AT SCHOOL

Students must be physically present in school to be counted in attendance, except under the following conditions:

Attendance Requirements**EXCEPTIONS TO PRESENCE AT SCHOOL (CONTINUED)**

1. Students shall be counted in attendance when they are receiving home/hospital, institutional,² or court-ordered instruction in another setting.
2. Participation of a pupil in 4-H activities that are regularly scheduled and under the supervision of a county extension agent or the designated 4-H club leader shall be considered school attendance.³
3. Students may participate in cocurricular activities and be counted as being in attendance during the instructional school day, provided the Principal/designee has given prior approval to the scheduling of the activities. Approval shall be granted only when cocurricular activities and trips are instructional in nature, directly related to the instructional program, and scheduled to minimize absences from classroom instruction.⁴
4. Students participating in an off-site virtual high school class or block may be counted in attendance in accordance with requirements set out in Kentucky Administration Regulation.⁴
5. Students having an individual education plan (IEP) that requires less than full-time instructional services shall not be required to be present for a full school day.⁴
6. Students who attend classes for moral instruction at the time specified and for the period fixed shall be credited with the time spent as if they had been in actual attendance in school, and the time shall be calculated as part of the actual school work required by law. Students shall not be penalized for any school work missed during the specified moral instruction time.⁵
7. Students participating as part of a school-sponsored interscholastic athletic team, who compete in a regional or state tournament sanctioned by the Kentucky Board of Education or KHSAA, that occurs on a regularly scheduled student attendance day shall be counted and recorded present at school on the date or dates of the competition, for a maximum of two (2) days per student per school year. Students shall be expected to complete any assignments missed on the date or dates of the competition.⁶
8. The pupil is participating in standards-based, performance-based credit that is awarded in accordance with 704 KAR 3:305, and that falls within one (1) or more of the categories of standards-based course work. A pupil may be counted in attendance for performance-based credit for a class or block for the year or semester in which the pupil initially enrolled in the class or block if the pupil demonstrates proficiency in accordance with local policies.⁴

Absences and Excuses

Pupils are required to attend regularly and punctually the school in which they are enrolled. Recording of absences and tardies shall be made in compliance with the requirements of 702 KAR 7:125.¹

TRUANCY DEFINED

Any student who has attained the age of six (6), but has not reached his/her eighteenth (18th) birthday, who has been absent from school without valid excuse for three (3) days or more, or tardy without valid excuse on three (3) days or more, is a truant.

Any student enrolled in a public school who has attained the age of eighteen (18) years, but has not reached his/her twenty-first (21st) birthday, who has been absent from school without valid excuse for three (3) or more days, or tardy without valid excuse on three (3) or more days, is a truant.

Any student who has been reported as a truant two (2) or more times is an habitual truant.

For the purposes of establishing a student's status as a truant, a student's attendance record is cumulative for an entire school year. When students transfer from one Kentucky district to another, attendance information from the previous district shall become part of their official attendance record for that school year.

EXCUSED ABSENCES

An excused absence or tardiness is one for which work may be made up, such as:

1. Death or severe illness in the pupil's immediate family - immediate family shall include the student's spouse, children (including stepchildren), parents, spouse's parents, grandparents, spouse's grandparents, brothers, sisters, and any other blood relative who resides in the student's home;
2. Illness of the pupil, including mental or behavioral health;
3. Religious holidays and practices;
4. One (1) day for attendance at the Kentucky State Fair;
5. Documented military leave;
6. One (1) day prior to departure of parent/guardian called to active military duty;
7. One (1) day upon the return of parent/guardian from active military duty;
8. Visitation for up to ten (10) days with the student's parent, de facto custodian, or person with legal custody who, while on active military duty stationed outside of the country, is granted rest and recuperation leave;
9. Ten (10) days for students attending basic training required by a branch of the United States Armed Forces;
10. Students participating in any of the page programs of the General Assembly;² or

Absences and Excuses**EXCUSED ABSENCES (CONTINUED)**

11. Other valid reasons as determined by the Principal, including trips qualifying as educational enhancement opportunities.

Students shall be granted an excused absence for up to ten (10) school days to pursue an educational enhancement opportunity determined by the Principal to be of significant educational value. This opportunity may include, but not be limited to, participation in an educational foreign exchange program or an intensive instructional, experiential, or performance program in one (1) of the core curriculum subjects of English, science, mathematics, social studies, foreign language, and the arts.

Unless the Principal determines that extenuating circumstances exist, requests for date(s) falling within State or District testing periods shall not be granted.

The Principal's determination may be appealed to the Superintendent/designee whose decision may then be appealed to the Board under its grievance policy and procedures.

Students receiving an excused absence under this section shall have the opportunity to make up school work missed and shall not have their class grades adversely affected for lack of class attendance or class participation due to the excused absence.

UNEXCUSED ABSENCES

All other absences including suspension shall be considered unexcused for the purpose of make-up for routine, daily work.

VERIFICATION OF ABSENCE

In order to receive an excused absence for the above reasons, a student must present upon his/her return to school written parental verification of the reason for the absence. The Principal may require a student having an excessive number of absences to submit written verification of illness from a health professional.

MAKE-UP WORK

Make-up work for credit shall be permitted for excused absences only. It is the student's responsibility to make arrangements with his/her teacher(s) to make-up all work missed during periods of absence. Students must complete and submit make-up work within the time specified by the teacher and/or the Principal.

A student who has been absent from school because of suspension is not entitled to make-up daily, routine work missed during the suspension, but shall be able to:

1. Turn in for credit any project and/or homework assigned prior to and due during the time of suspension,
2. Take upon his/her return from suspension any unit, semester, or final exam given during the time of suspension, and
3. Complete long-term projects assigned during but not due until after the suspension.

Eligibility (Athletics)

Determination of athletic eligibility shall be made in compliance with applicable policies, administrative procedures, and Kentucky High School Athletic Association requirements. Any student who transfers enrollment from a district of residence to a nonresident district shall be ineligible to participate in interscholastic athletics for one (1) calendar year from the date of transfer.²

District standards for playing up from middle school (grades seven and eight [7 & 8]) to high school in sports other than football and soccer may include, but are not limited to, considerations related to safety, physical readiness, use of school space after the school day, transportation, funding, the student's disciplinary status and record, any substance testing restrictions, equitable opportunities for participation, and harmonizing any conflicting school-based decision making ("SBDM") requirements. SBDM Council policies apply to the selection of sports activities, and student participation based on academic qualifications and attendance requirements, program evaluation, and supervision.²

To be eligible to try out and participate at the high school level, middle school students must meet all applicable KHSAA, District, and SBDM requirements. The Superintendent/Designee in cooperation with principals, SBDM councils, coaches, and athletic directors, as deemed appropriate, may develop guidelines for Board approval addressing playing up standards.

DRUG TESTING PROGRAM

The District has established a drug testing program for student athletes for the following reasons:

1. The District has reason to believe student athletes are using illegal drugs.
2. Student athletes often serve as role models for other students.
3. Through participation in athletics, students using illegal drugs pose a threat to their own health and safety, as well as to that of other students.

Each student who plans to participate in athletics at the high school level and his/her parent or guardian shall sign a written consent for drug testing as a prerequisite to the student's participation in an athletic program.

The Superintendent shall develop a drug testing program to reasonably ensure student privacy during the taking of samples, security of samples once obtained, and designation of laboratory services that are accurate and reliable. Appropriate measures shall be taken to protect student confidentiality throughout the testing process and in the handling of test results. Access to drug testing results shall be restricted on a need-to-know basis to those persons in positions designated by the Superintendent.

The District shall endeavor to locate free and low-cost counseling/assistance program options for the consideration of parents whose child tests positive.

Eligibility (Athletics)**DEFINITIONS**

Drug - Any illegal substance or substance controlled by federal regulation.

Student Athlete - Any student participating in athletic practices and/or contests under the control and jurisdiction of the District, including cheerleaders and student managers.

TESTING PROCESS

Student athletes who have been or who are taking prescription medication must provide verification prior to testing. Verification shall be in the form of a copy of the prescription or a physician's signed statement. Students who refuse to provide verification and subsequently test positive shall be subject to the consequences stated in the District's drug testing program.

Student athletes shall be subject to testing at the beginning of their first athletic season of the school year and random drug testing throughout the season for each sport in which they participate.

CONSEQUENCES/PENALTIES

If a student tests positive, a second test shall be administered as soon as possible to confirm the results. If the second test is negative, no further action shall be taken. A student's parent/legal guardian or a student who is eighteen (18) years of age or older may request voluntary placement in the Alternative Education Program.
