#### **5.01.05-Indirect Cost**

The Contractor (sub-recipient) shall be reimbursed for indirect costs only where the Contractor incurs indirect costs in addition to costs that are reimbursed as direct program costs. Indirect cost rates shall be recognized in the following order:

1. The Contractor's federally approved negotiated rate, if one exists, shall be recognized for the purposes of charging indirect cost to the federal programs administered through this sub-recipient agreement, except where limited by federal statute. The Contractor shall submit the federally approved indirect cost rate document to the Contract Specialist identified on page 1 of the Contract. A federally approved negotiated rate may exist in cases where the Contractor conducts business directly with the federal government other than as related to this Agreement. 2. If no federally approved negotiated rate exists, the Contractor may request to utilize an indirect cost rate or cost allocation plan developed in accordance with 2 CFR, Part 200, Subpart E, by submitting a request and detailed indirect cost plan description to the Contract Specialist identified on page 1 of the Contract. Plan or rate approval must be evidenced by formal written acknowledgement by the Contractor as acceptable for purposes of billing, to be applied to federal programs except where limited by federal statute. If this option is approved, CHFS will issue a separate letter of acceptance which shall be valid for the term of this Agreement.

If options 1 or 2 above are not utilized, the Contractor may elect to utilize the de minimis rate (10% of Modified Total Direct Costs) as outlined in 2 CFR, §200.414(f), for purposes of requesting reimbursement for indirect costs as a sub-recipient, to be applied to federal programs except where limited by federal statute.

#### **5.01.06-Cost Share or Matching**
