Dear Ms. Booth,

Please accept this as formal notice of my resignation as Varsity Cheerleading Coach at Gallatin County High School.

After much consideration and many prayers, I have decided to focus on being a mother, teacher and graduate student.

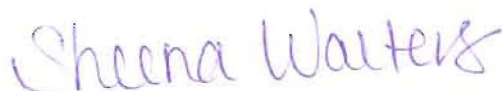

Being the Varsity Cheerleading Coach has been a wonderful experience. I feel privileged to have been given the opportunity to work with the girls, their parents and the staff of Gallatin County High School.

Please understand my reasoning for making this difficult decision. I had to give up something. There are simply not enough hours in the day to complete my teaching responsibilities, be a graduate student, take care of my family and fulfill my duty as cheerleading coach. My teaching career and family must be my first priority at this time.

I feel I am leaving the cheerleading program in good standing. There will be nine returning seniors that I have worked with for the past four years. These seniors are very knowledgeable about cheerleading and can help maintain the success they have achieved.

Again, I thank you so very much for the wonderful opportunity and pray that you, the girls, their parents and the district will understand my need to resign.

Sincerely,

Sheena Walters
