

Name	Associate Commissioner Butch Cope
Topic	Sports Report
Sports Report	
Sport	Spring Tennis
Positive Developments and Highlights	Use of UTR throughout the year gave the sport additional exposure as well assisting with postseason seeding.
Issues of Concern (legal, playing Rules, fiscal management, etc.)	Review the coaching rule with regard to the number of coaches permitted and the number permitted to coach while on the bench.
Championship Update/Review	UTR was a great asset to help not only give exposure to postseason rounds, but for postseason seeding. Admission charged for the first time at both first day sites and minimal issues. Top Seed Tennis Club continues to be a great venue hosting all three days and allows us to continue the tournament days two and three, regardless of weather issues (heat/rain).
Officials Update/Review	Kentucky Tennis Umpires Association assisted with postseason at region and state.
Fiscal and Budget Issues and Review (attendance, etc.)	Great attendance the first two days, but the final day was down a little. Overall increase in attendance and revenue.
Noteworthy Changes / Anticipates Changes	Continue to review and work with UTR as well as venue with regard to the postseason execution of the event.
