Positive Developments and Highlights	<p>Collins and Shelby County jointly hosted a June Scholastic event in collaboration with KABC. This event was larger than ever, with nearly 96 teams competing from around the state and other states.</p> <p>This event is necessary for KHSAA involvement due to prevailing NCAA rules that require state sanction of the events. These were create as fallout from the Adidas scandal a few years ago. Such sanction is not necessary for girls events or events in other sports and therefore we have to be involved for our students to have the opportunities.</p>
Championship Update/Review	<p>Central Bank Center is very happy with the extension of both tournaments through 2028 and looks forward to continued involvement and improvement.</p> <p>Staff is working their way through district and regional site selection plans and seeding patterns to ensure all are recorded correctly.</p>
Fiscal and Budget Issues and Review (attendance, etc.)	<p>Attendance was very good for 2022 but the Board should be mindful that part of the revenue (\$2 per ticket) is a facility fee that while it is shown as a revenue line, was also an expense line back to the arena.</p> <p>Ticket order processing will begin in early fall to attempt to aggressively market the 2023 events.</p> <p>Detailed financial information has been provided to the Board members.</p>
Noteworthy Changes / Anticipates Changes	<p>Mr. Cope will be moving into more duties during the regular season for basketball while Mr. Tackett will continue managing the Regional and State Tournaments for 2022-23</p>
