History/Background:

Green Dot is a nationally recognized program focused on Power-Based Personal Violence (Bullying, hazing, Partner violence, sexual harassment, and Stalking). The Green Dot Strategy is based around the belief that each one of us holds power as bystanders to actively prevent violence and to help shape our community norms. The program will train students to be active bystanders and help change the culture of the school and the community.

Recommended Action:

The administration at Betsy Layne High School request this program be implemented during the 2022-2023 school year with the option of growing more leaders as the years progress. While our school culture is overall positive, any potential to grow more leaders would be greatly appreciated.
