Applicable Board Policy 03.23251

Applicable Board Policy 03.13251

**Background and Rationale:** Floyd County Board of Education has been in a contractual agreement with renewable contractual agreement with Premier Integrity Solutions/Envivo Diagnostics operating as Cornerstone Diagnostics to provide and coordinate drug testing for the district employees and students on 06/12/2017. To continue services for the 2022-2023 school year a bid process implemented completed. Cornerstone met the requirements of the bid process and submitted a bid complete with drug testing outline and pricing. Cornerstone was the sole respondent in the advertised bid process. In this day and time, alcohol and other forms of drug abuse have grown to major proportions in our society. The middle and high school settings and employees are not exempt from this phenomenon. Therefore it is critical that we continually look for ways to institute programs that encourage a drug-free lifestyle. The drug testing program facilitates mandatory compliance with the District's established standards of conduct, including those that prohibit use of alcohol/drug abuse in our school system

**Budget/Financial Issues:** (District Drug Testing All Categories) Cost Proposal-RFP 2022 Attached

**Recommended Action:** Approval of Contractual Agreement between Floyd County Board of Education and Cornerstone Diagnostics for the 2022-2023 school year.

The cost (price each) of the panels below are all-inclusive and cover all services prior to, during, and after the drug test, as described in the Sample/Draft Testing Protocols procedures (or as described in the Final Testing Protocols as agreed upon by the District and the Vendor after Contract award).

	Worth up to 200 points	Worth up to 100 points	Worth up to 100 points
	DRUG PANEL1	DRUG PANEL2	DRUG PANEL3
	Price for the <b>drug panel included in the attached Sample/Draft Testing Protocols</b> procedures, including screen cutoff and GC/MS cutoff.	Price for a standard <b>10-drug panel</b> and the drugs included in the panel, including screen cutoff and GC/MS cutoff.	Price for a standard <b>12-drug panel</b> and the drugs included in the panel, including screen cutoff and GC/MS cutoff.
Price Each	\$ 74.35	\$ 20.00	\$ 23.00
(to be completed by the District) <b>Points</b>			

Price Points Calculations

Example using Drug Panel 1:

The Vendor with the lowest Drug Panel 1 price is awarded 200 points. (The other rates are calculated using this formula, except they are worth up to 100 points each.)

The remaining Vendors' points are calculated as the following example:

3 Vendors submit proposals.

Vendor A's price is \$25

Vendor B's price is \$24

Vendor C's price is \$23

Vendor B is awarded 200 points because it's the lowest price.

Divide Vendor B's price of \$24 by Vendor A's price of \$25 = 0.96

Multiply 0.96 x 200 (max points available) 192

Vendor A is awarded 192

Divide Vendor B's price of \$24 by Vendor C's price of \$23 = 1.04

Multiply 1.04 x 200 (max points available) = 208

Vendor C is awarded 208

*Example*

	Price	Points Awarded
Vendor A	\$25	192
Vendor B	\$24	191
Vendor C	\$23	208

All three categories will be scored and added together.  
Maximum points available for Cost is 400.
