

**Curriculum, Instruction, and Assessment
Board Agenda
Wednesday, August 24, 2023**

PROFESSIONAL DEVELOPMENT

- LES and DHS completed two PD Days on August 12 and August 13.
- The third PD day is in November.
- The fourth PD day in March is a Flex PD Day in which teachers will have to get 6 PD hours on their own. However, most teachers have completed those 6 hours by coming in over the summer.

ASSESSMENT

- KDE has shared the KPREP spreadsheets with districts, however, we do not have student scores. KDE has not set scale scores yet, so students have not been assigned scores.
- We are taking two different ACT assessments this Fall. KDE is offering a Senior Makeup day on October 4 and we are offering the District ACT for sophomores and juniors on October 18. Both of these assessments will be online.
- We are preparing to administer the STAR Reading and Math assessments. DHS is this week and LES is next week.
- Seniors will be taking the KYOTE assessment in an attempt to become college ready.

CURRICULUM/INSTRUCTION

- Teachers completed professional learning this summer on curriculum alignment. HS Teachers worked in content area PLC's to review the six step process for teaching vocabulary and they also worked on creating grade level/content area vocabulary lists. LES teachers reviewed and revised curriculum timelines, unit organizers, and unit pacing guides.
