III. KCSD JROTC PROGRAM OVERVIEW

The KCSD JROTC Program is designed for 9th through 12th grade scholars. As JROTC scholars (Cadets) progress through the program where they experience opportunities to lead other Cadets. The JROTC curriculum provides equitable and challenging academic content and authentic learning experiences for all Cadets. All lessons are designed using a four part model to motivate the Cadet, allow the Cadet to learn new information, practice competency, and apply the competency to a real-life situation. Moreover, the four part model requires Cadets to collaborate, reflect, develop critical thinking skills, and integrate content with other disciplines. JROTC curriculum includes lessons in leadership, health and wellness, physical fitness, first-aid, geography, American history and government, communications, and emotional intelligence.

Cadets participate in a myriad of co-curricular activities to demonstrate their attainment of lesson outcomes. Some of these activities include precision and exhibition military drill competitions, Raider Challenge competitions, JROTC Leadership and Academic Bowl (JLAB), Science, Technology, Engineering, and Mathematics
