

DATE:

August 30, 2022

AGENDA ITEM (ACTION ITEM):

Receive the 22-23 KCSD Curriculum Maps and instructional resources.

APPLICABLE BOARD POLICY:

01.1 Legal Status of the Board

HISTORY/BACKGROUND:

In the spring of 2022 Kentucky Legislators amended KRS 160.345 to require the superintendent instead of the School Based Decision Making (SBDM) Council to determine curriculum, instructional resources, and textbooks after consulting with the local board of education, the school principal, and the school council and after a reasonable review period for stakeholders in accordance with the local board of education policy. The procedures to policy 08.1 were received by the board in July 2022 and outlined the approach to this work in the district. The comprehensive list of the instructional resources being used throughout the district represent large scale programs and/or textbook series. Teachers continue to have the professional autonomy to determine necessary resources/materials such as articles, video clips, websites, etc. that align to grade level standards. It is the expectation that KCSD Instructional Statement and Board Policies/Procedures guide the professional decision making for each individual teacher.

FISCAL/BUDGETARY IMPACT:

None

RECOMMENDATION:

Receive the 22-23 KCSD Curriculum Maps and instructional resources.
