RE: Prime Date Report – Girls Basketball

To finalize the report from the 2021-22 season, I am submitting a report of the thirty-eight (38) KHSAA member schools that were not in compliance with the Prime Date Policy at the beginning of the season, on January 15th (midseason) or at the end of the season. As a reminder, this requirement was waived by the Board of Control for the 2020-2021 school year. However, ALL KHSAA member schools were still notified on March 11, 2021, as to their status for the prior season and they were also reminded that this waiver was only for one season. This March notification reminded them to ensure they met the requirement for the 2021-2022 season.

All schools not in compliance at the beginning of the season were notified on December 15, 2021 and were reminded that failure to meet this requirement could result in a penalty in compliance with Bylaw 27.

In addition, to remind schools again of the requirement for the upcoming season, the KHSAA staff did mention this policy in every fall regional meeting. The KHSAA also made some changes to the school database so that member schools can monitor their own schedules throughout the season. It is our intention that this should make it easier for administrators and coaches to monitor their current status.

For reference, the thirty-eight (38) member schools that did not meet the Prime Date Policy for the 2020-2021 girls' basketball season were as follows:

Allen County-Scottsville
Apollo
Barbourville
Belfry
Bethlehem
Boone County
Central Hardin
Cordia
Edmonson County
Frankfort Christian
Fulton County
Hancock County
Hickman County
Jenkins
June Buchanan
Knox Central
Lafayette
Leslie County
Letcher County Central
Lincoln County
Louisville Collegiate

Madisonville-North Hopkins
McCreary Central
Mercer County
Murray
Newport Central Catholic
North Bullitt
Phelps
Presentation
Raceland
Red Bird
Shawnee
South Laurel
Southwestern
St. Patrick
Thomas Nelson
Trimble County
Waggener
