# HEALTH SCIENCES PATHWAY

## STARTING WITH WHY

CLICK THIS LINK

### CPE HEALTHCARE REPORT

**"Healthcare workers grow on average around 14% each year."**

**"All regions are projected to add more healthcare jobs over the next decade, but the Central WPR leads the state in terms of job growth."**

**"Employers post the most for Direct Care Workers & Nurses due to the number of postings for registered nurses, an occupation that typically requires a bachelor's degree level of education."**

**"At 282,000 square feet, roughly 75% of the size of the existing hospital, the new outpatient medical pavilion will house a new comprehensive cancer care center, twelve new surgical suites including a hybrid operating room, three new cardiac cath labs, a multidisciplinary outpatient medical office building, and patient-centered spaces designed to promote emotional and spiritual wellness."**

**Clinics for multiple specialties are designed so that patients can manage multiple healthcare needs in one convenient location. The new pavilion will be home to cardiology, pulmonary care, urology, vascular care, wound care, hyperbaric therapy and more."**

## BAPTIST HEALTH EXPANSION

# HEALTH SCIENCES PATHWAY

## WHAT IS THE PLAN?

AUGUST	SEPTEMBER	OCTOBER	NOVEMBER	DECEMBER	JANUARY -
<ol style="list-style-type: none"><li>1. Initial Collaboration with KDE</li><li>2. Initial Collaboration with Baptist Health (CHASE)</li><li>3. Prepare Initial Implementation Schedule and Cost Analysis</li><li>4. Complete LAVEC Funding Budget to determine CTE Cost for Year</li><li>5. Determine pathway and add to TEDS</li></ol>	<ol style="list-style-type: none"><li>1. Presentation to Board for Health Sciences Pathway and Teacher</li><li>2. Finalize Classroom Location and complete a needs assessment on the space</li></ol>	<ol style="list-style-type: none"><li>1. Approval by board for a Health Sciences teacher - post by 10/19</li><li>2. Purchase Equipment for Classroom in collaboration with Baptist Health</li><li>3. Move Existing Teachers (if necessary) and begin preparing Health Sciences classroom space</li></ol>	<ol style="list-style-type: none"><li>1. Hire New Teacher by 11/18 with a 12/5 start date</li><li>2. New Teacher Support and Training</li><li>3. Initial meeting with interested students</li><li>4. Initial collaboration with Health Sciences teacher and Baptist Health</li><li>5. Preparation of supply orders with SOS</li></ol>	<ol style="list-style-type: none"><li>1. Finalize schedule and roster for students to start quarter 3</li><li>2. Set-Up Classroom</li><li>3. Classroom Tour (and potential dedication) with Baptist Health</li><li>4. Curriculum Mapping and Lesson Planning</li></ol>	<ol style="list-style-type: none"><li>1. Cohort 1 students begin in the health sciences pathway  <b>(2 groups of 15-20 students in back-to-back periods to earn initial credit in Principles of Health Science - Targeting Freshmen &amp; Sophomores)</b></li></ol>
