To Whom It May Concern:

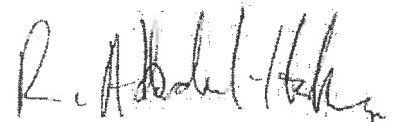

I am seeking under all Open Records laws to inspect copies of the following categories of Open Records:

- 1. Documentation of the position, building and salary of Hannah Jagers involving the sexual harassment lawsuit involving a former superintendent of the district who apparently has a bit of a foot fetish, according to the lawsuit.***
- 2. Documentation of the claim of the lawsuit from 2021 filed against the superintendent and the BOE.***
- 3. 3. Documentation of all Spencer County employees who categorized themselves as "black" or "African-American" since March 2012 or the time frame allowed by law.***

The records only serve to enlighten the public awareness of the well-known problem of sexual harassment within the schools. We ask since this is a public records request that enlightens the public, we ask that there is no fee for the inspecting of the records.

We also hope that the former superintendent and the BOE have an "amical separation".

Respectfully,
