

**BMS/BHS Monthly Board Report**  
**September 2022**  
**Tiffany Hicks**

**THANK YOU, BOE MEMBERS!**

- Thank you for your continued support!

**INSTRUCTION**

- We are focusing on student engagement and building relationships with all of our students.
- Teachers are currently working on their professional growth plans with two goals: one centered around engaging students in learning and another of their choosing. Ms. Young and I will be meeting with all certified teachers next week to discuss these plans.

**STUDENTS**

- Next week, all students will be giving a student voice survey. This survey is going to be given four times throughout the year. We will use this data to set goals and monitor our progress as we continue to make BMHS the best place to learn and work!
- Student of the Week celebrations have been a huge success! It's a great way to end the week and students love to hear their name called over the intercom on Friday afternoons.

**UPCOMING DATES OF IMPORTANCE**
