

**Panther Academy's
Student of the Month for October 2022**

Emerson Nevitt

Mrs. Shilts had this to say about why Emerson was chosen as Panther's Academy's October Student of the Month -

Emerson is the sweetest little girl. She is the definition of student of the month. She always works hard in the classroom and is a very smart student. She is such a kind person and makes sure each student is always included in play time. Emerson is a caring child who gives hugs and checks on other students to make sure they are having a good day. She is a wonderful student to have in class and I am so lucky to be her teacher.
