

***Whole Latte Love/Garrard County Teacher of the Month
October 2022***

Mrs. Edgington is an amazingly talented teacher. She works hard to model for her peers the GCHS teacher core values. She has shown her heart as a servant leader by becoming Social Studies department chair. She has been instrumental in building a team culture in the department. She has empowered our students by sponsoring the Student Council. She loves our students and pours into them the love of Government, Civics, Economics, Geography, and Public Service. Her leadership has allowed GCHS students to have a voice in improving school culture by allowing students to participate in school positive activities. GHCS is very honored to have Mrs. Edgington on staff. Thank you for all you do.
